Students—a curious mixture of child and adult that can relax in a tense world and maturely seek to eliminate the causes of the tension—learn the importance of teamwork in athletics, harmony in music, and coordination of an academic program with the future. In a world where combined efforts can send a rocket to the moon and discover a new drug that can save thousands of lives, each student must learn to contribute according to his ability for the edification of all. When each person adds to his class and each class makes a contribution to the school, there are great advancements made by participation. Hopefully, the individuals go about their studying, unaware of the great lesson they are learning by sharing ideas. School is a communion of opinions, a time to learn by diligent application of the mind along with regulated activity. School is a group of students with different ideas and common interests. School, with its blending of academics, athletics, and activities, is a madras.

Conscientious study and educational activities blend to make school both profitable and interesting.

Students find many ways to express themselves; participating, working, or listening, they widen their fields of interest.

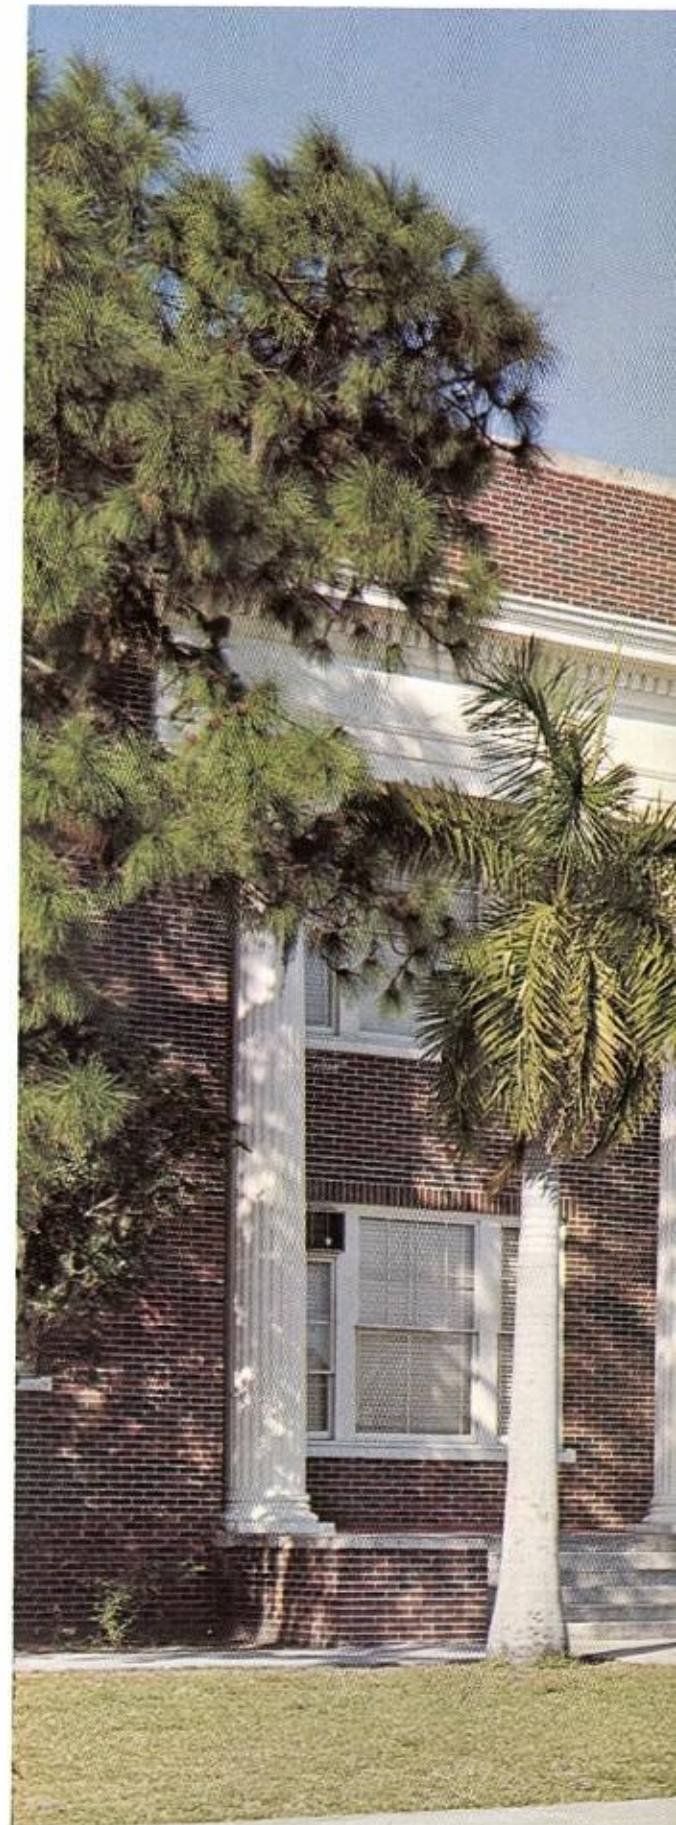

Characteristic of the reputation and honor of the school are its stately white columns. Its halls hold memories of the activities of years gone by. When students reminisce, their thoughts return to these familiar sights.

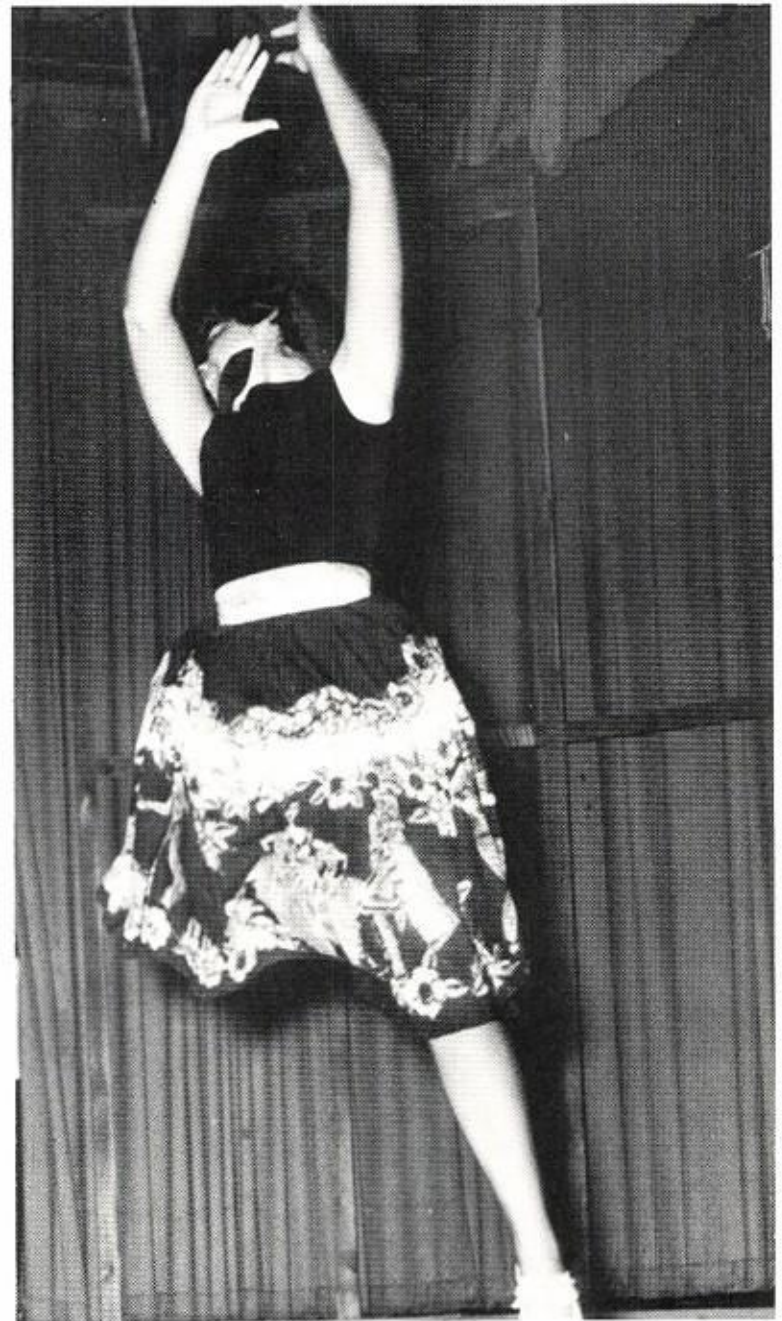

MANATEE HIGH SCHOOL
1000 32nd Street, West
Bradenton, Florida

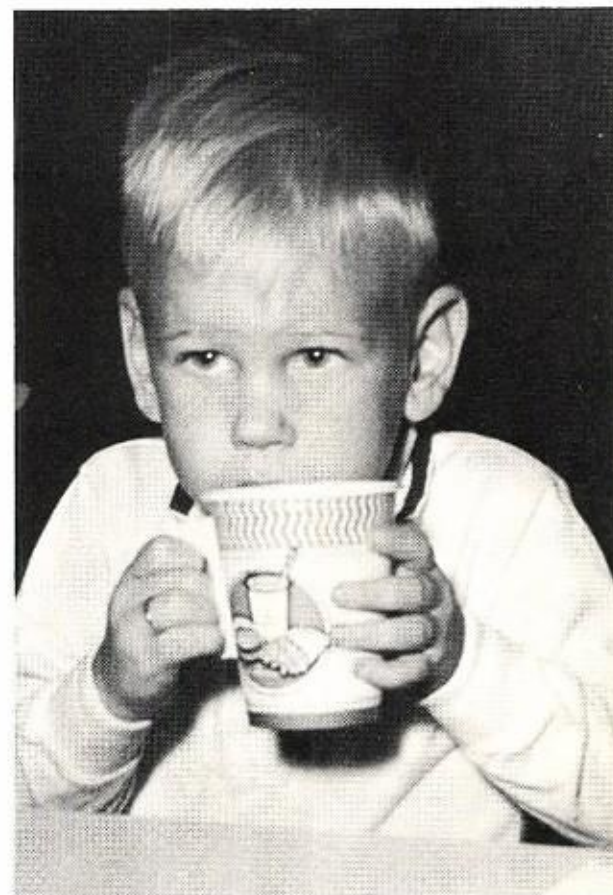

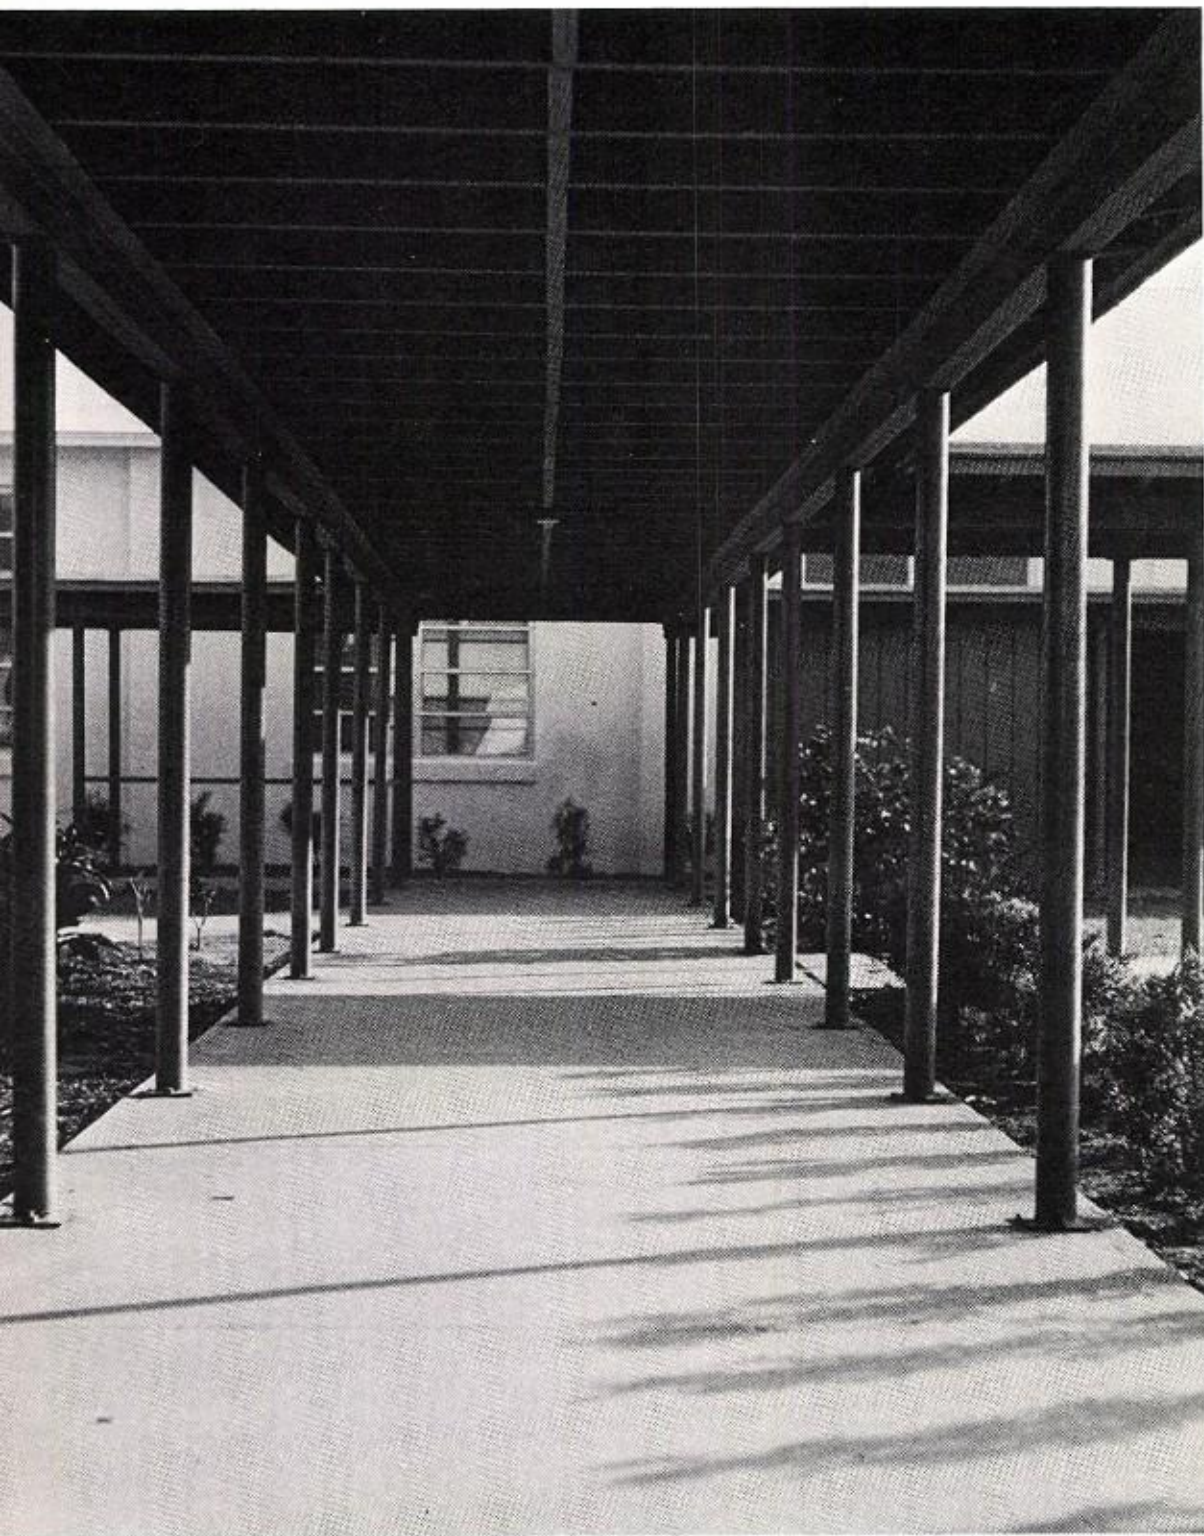

Learning by asking, by observing, and by doing are a part of every-day life.

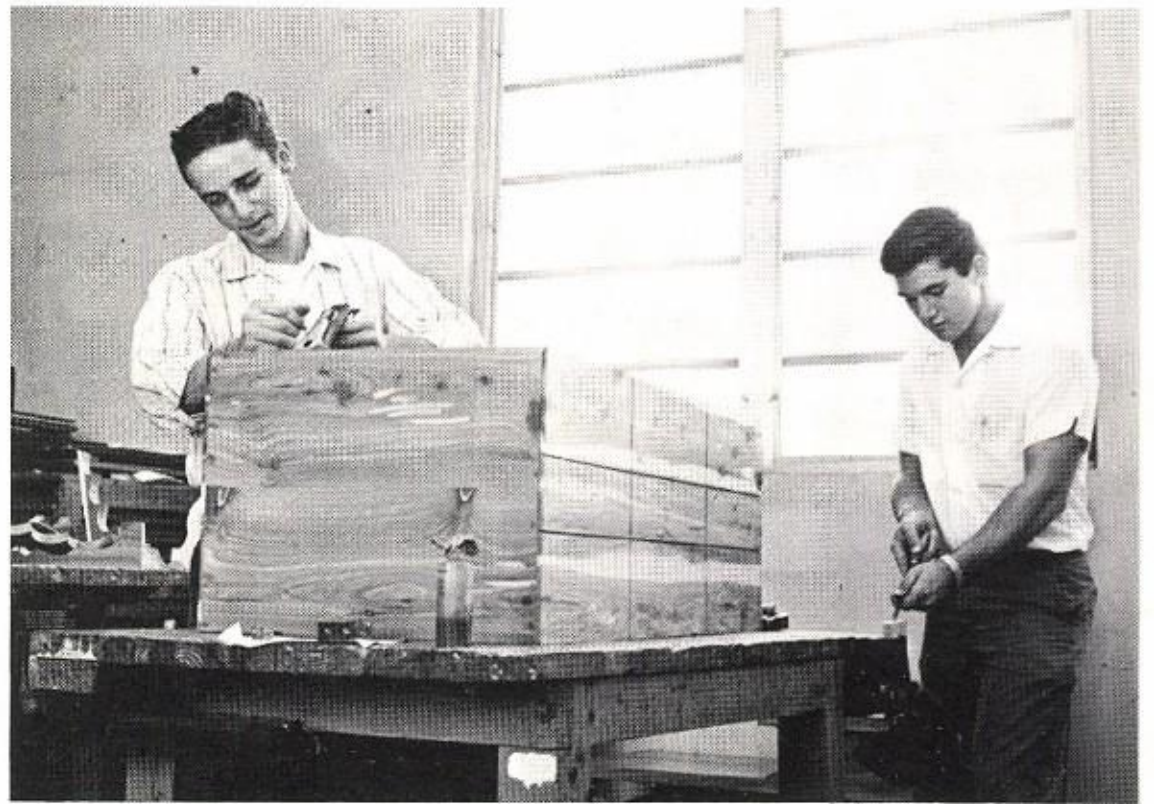

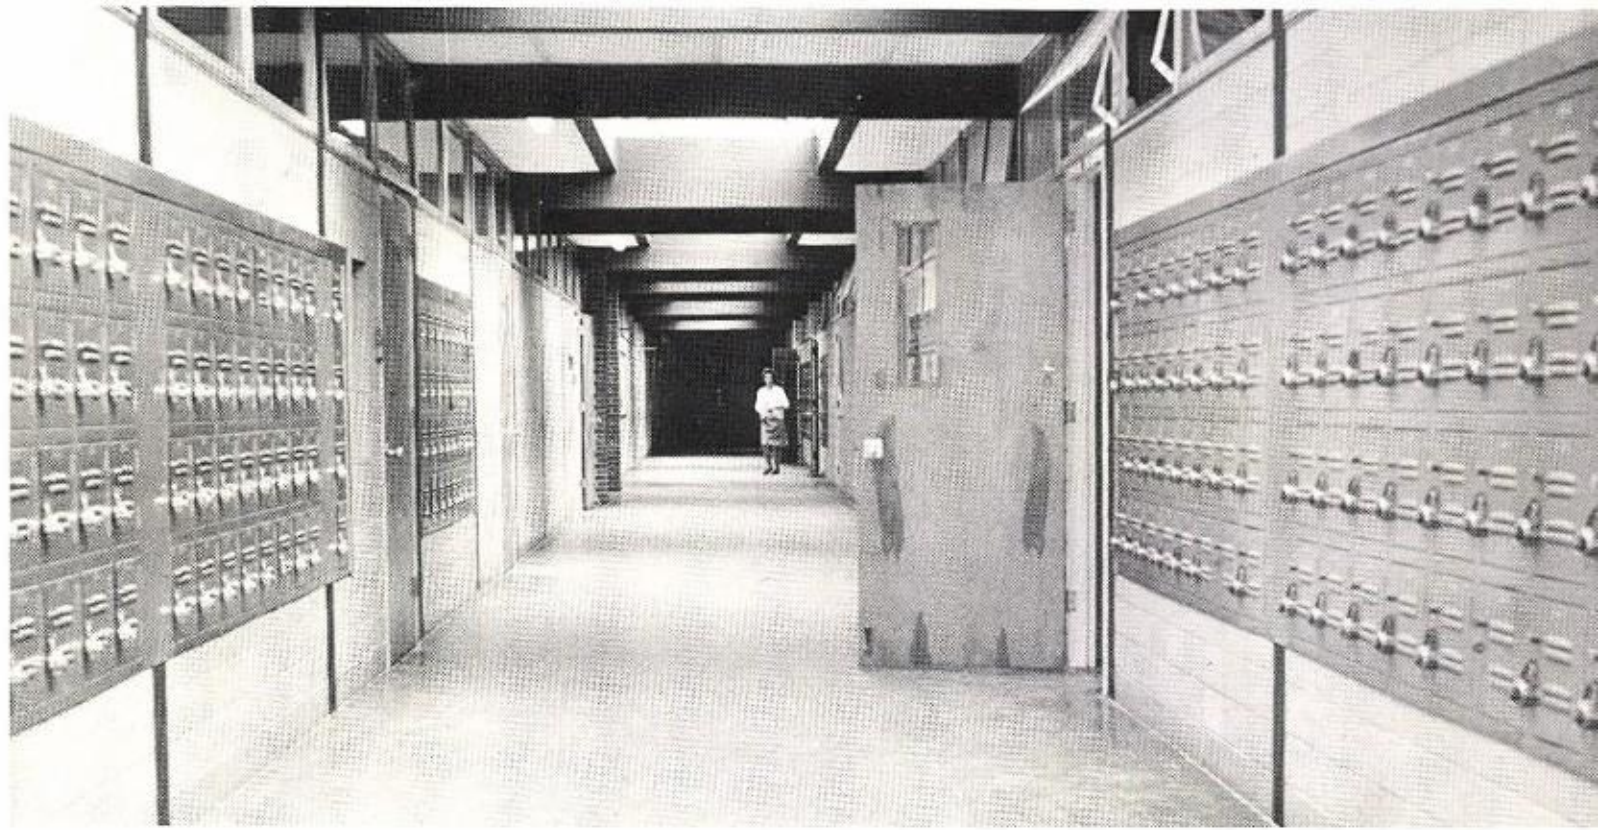

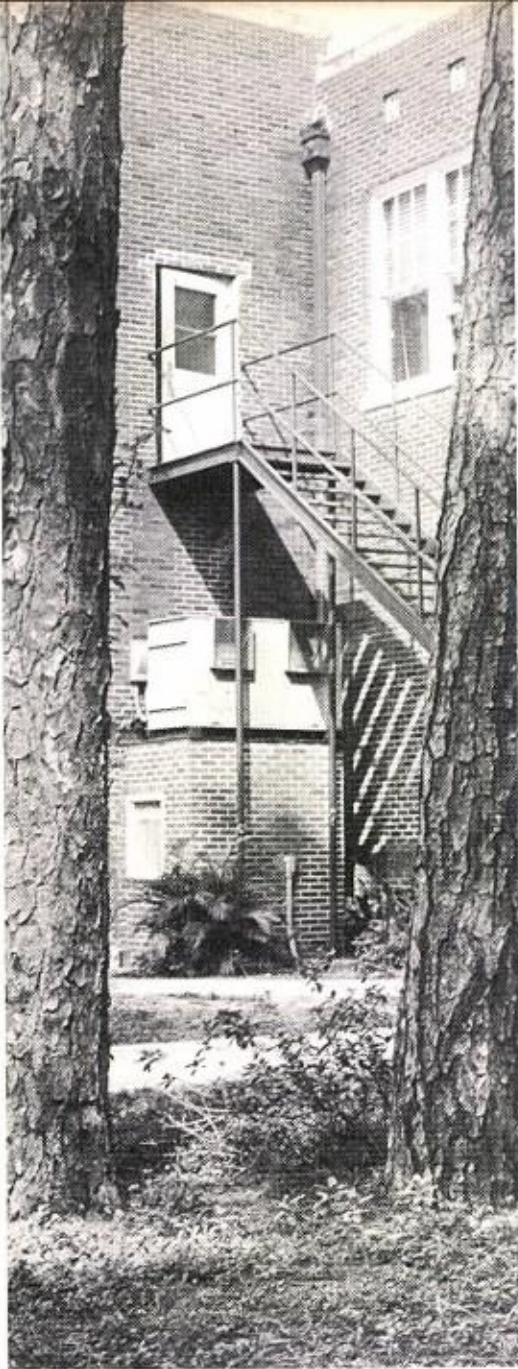

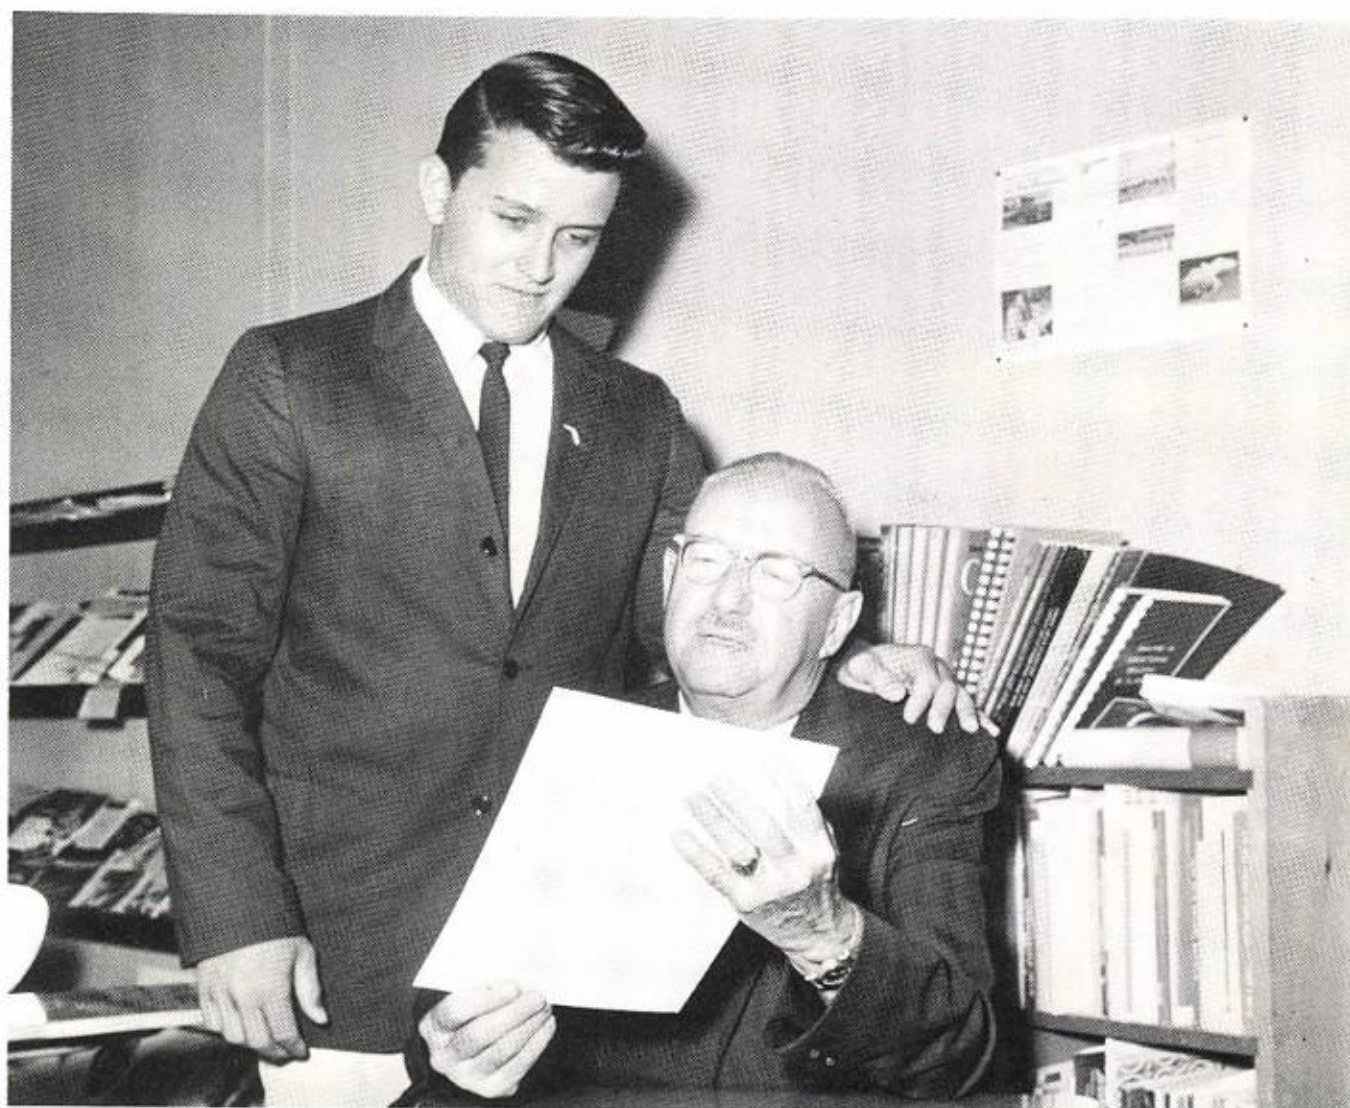

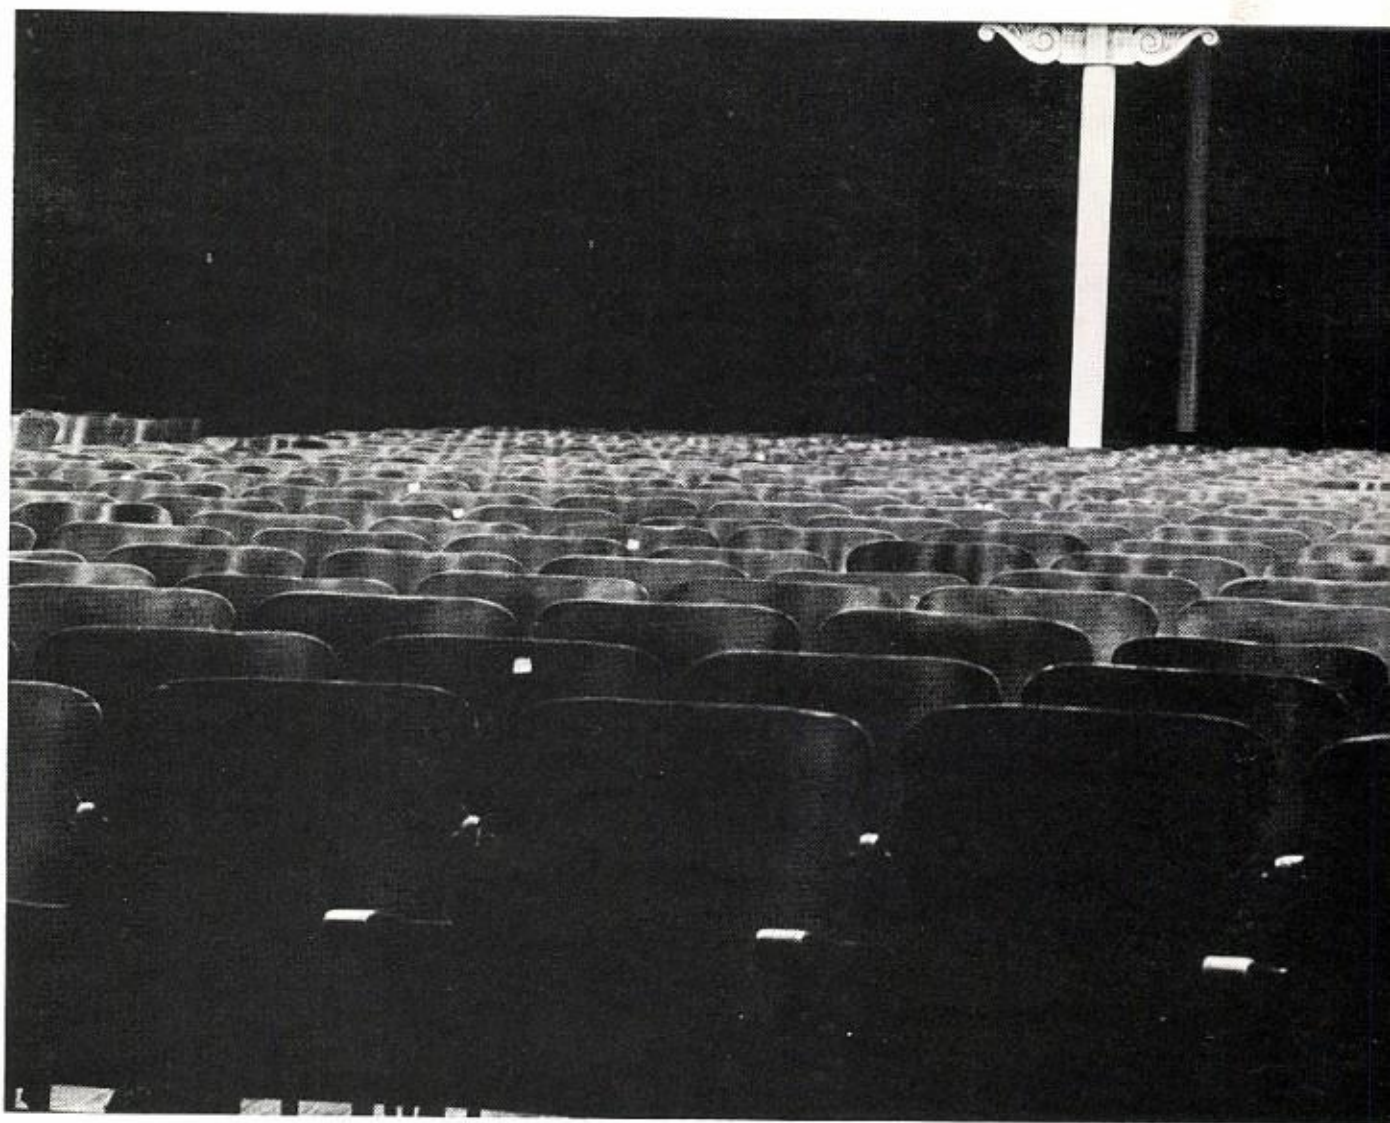

The lunchroom is the center of much of the activity of the school, whether it is for lunch, an exchange fish fry, or a dance after a ball game.

Every day scenes become a part of our memories.
Even the unusual sights will not be forgotten.

Friendly people do endless tasks to make the school more efficient and pleasant. During the entire school year, students are aided, often unknowingly, by adults from all aspects of school service.

Mrs. J. P. Harlee, Jr., Raymond Turner, Walter W. Council, Mrs. Mary E. Mulvee, William P. Henson, Board of Public Instruction.

Dr. William E. White, Vernon DeSear, Blake Whisenant, Board of Trustees.

A qualified administration makes the school complete.

Ace Cecka, Director of Information and Co-ordinator of ETV; Raymond Lee, Director of Vocational Education.

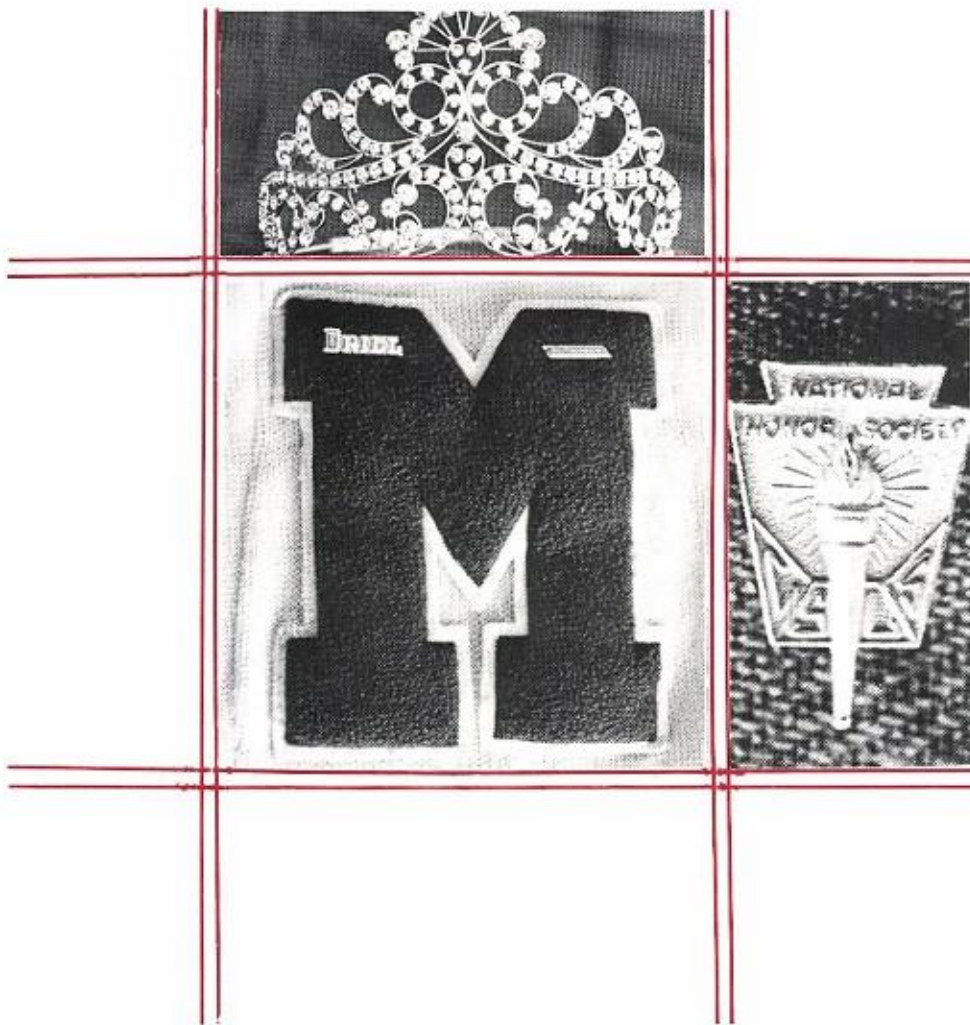

J. Hartley Blackburn, Superintendent of Public Instruction.

George A. Marshall, English and Social Studies Consultant; Col. Philip Doyle, Supervisor of Secondary Education; Howard Brumfiel, Supervisor of Music.

William Kittle, Assistant Superintendent in Charge of Business; Dr. Richard Stewart, Assistant Superintendent in charge of Instruction.

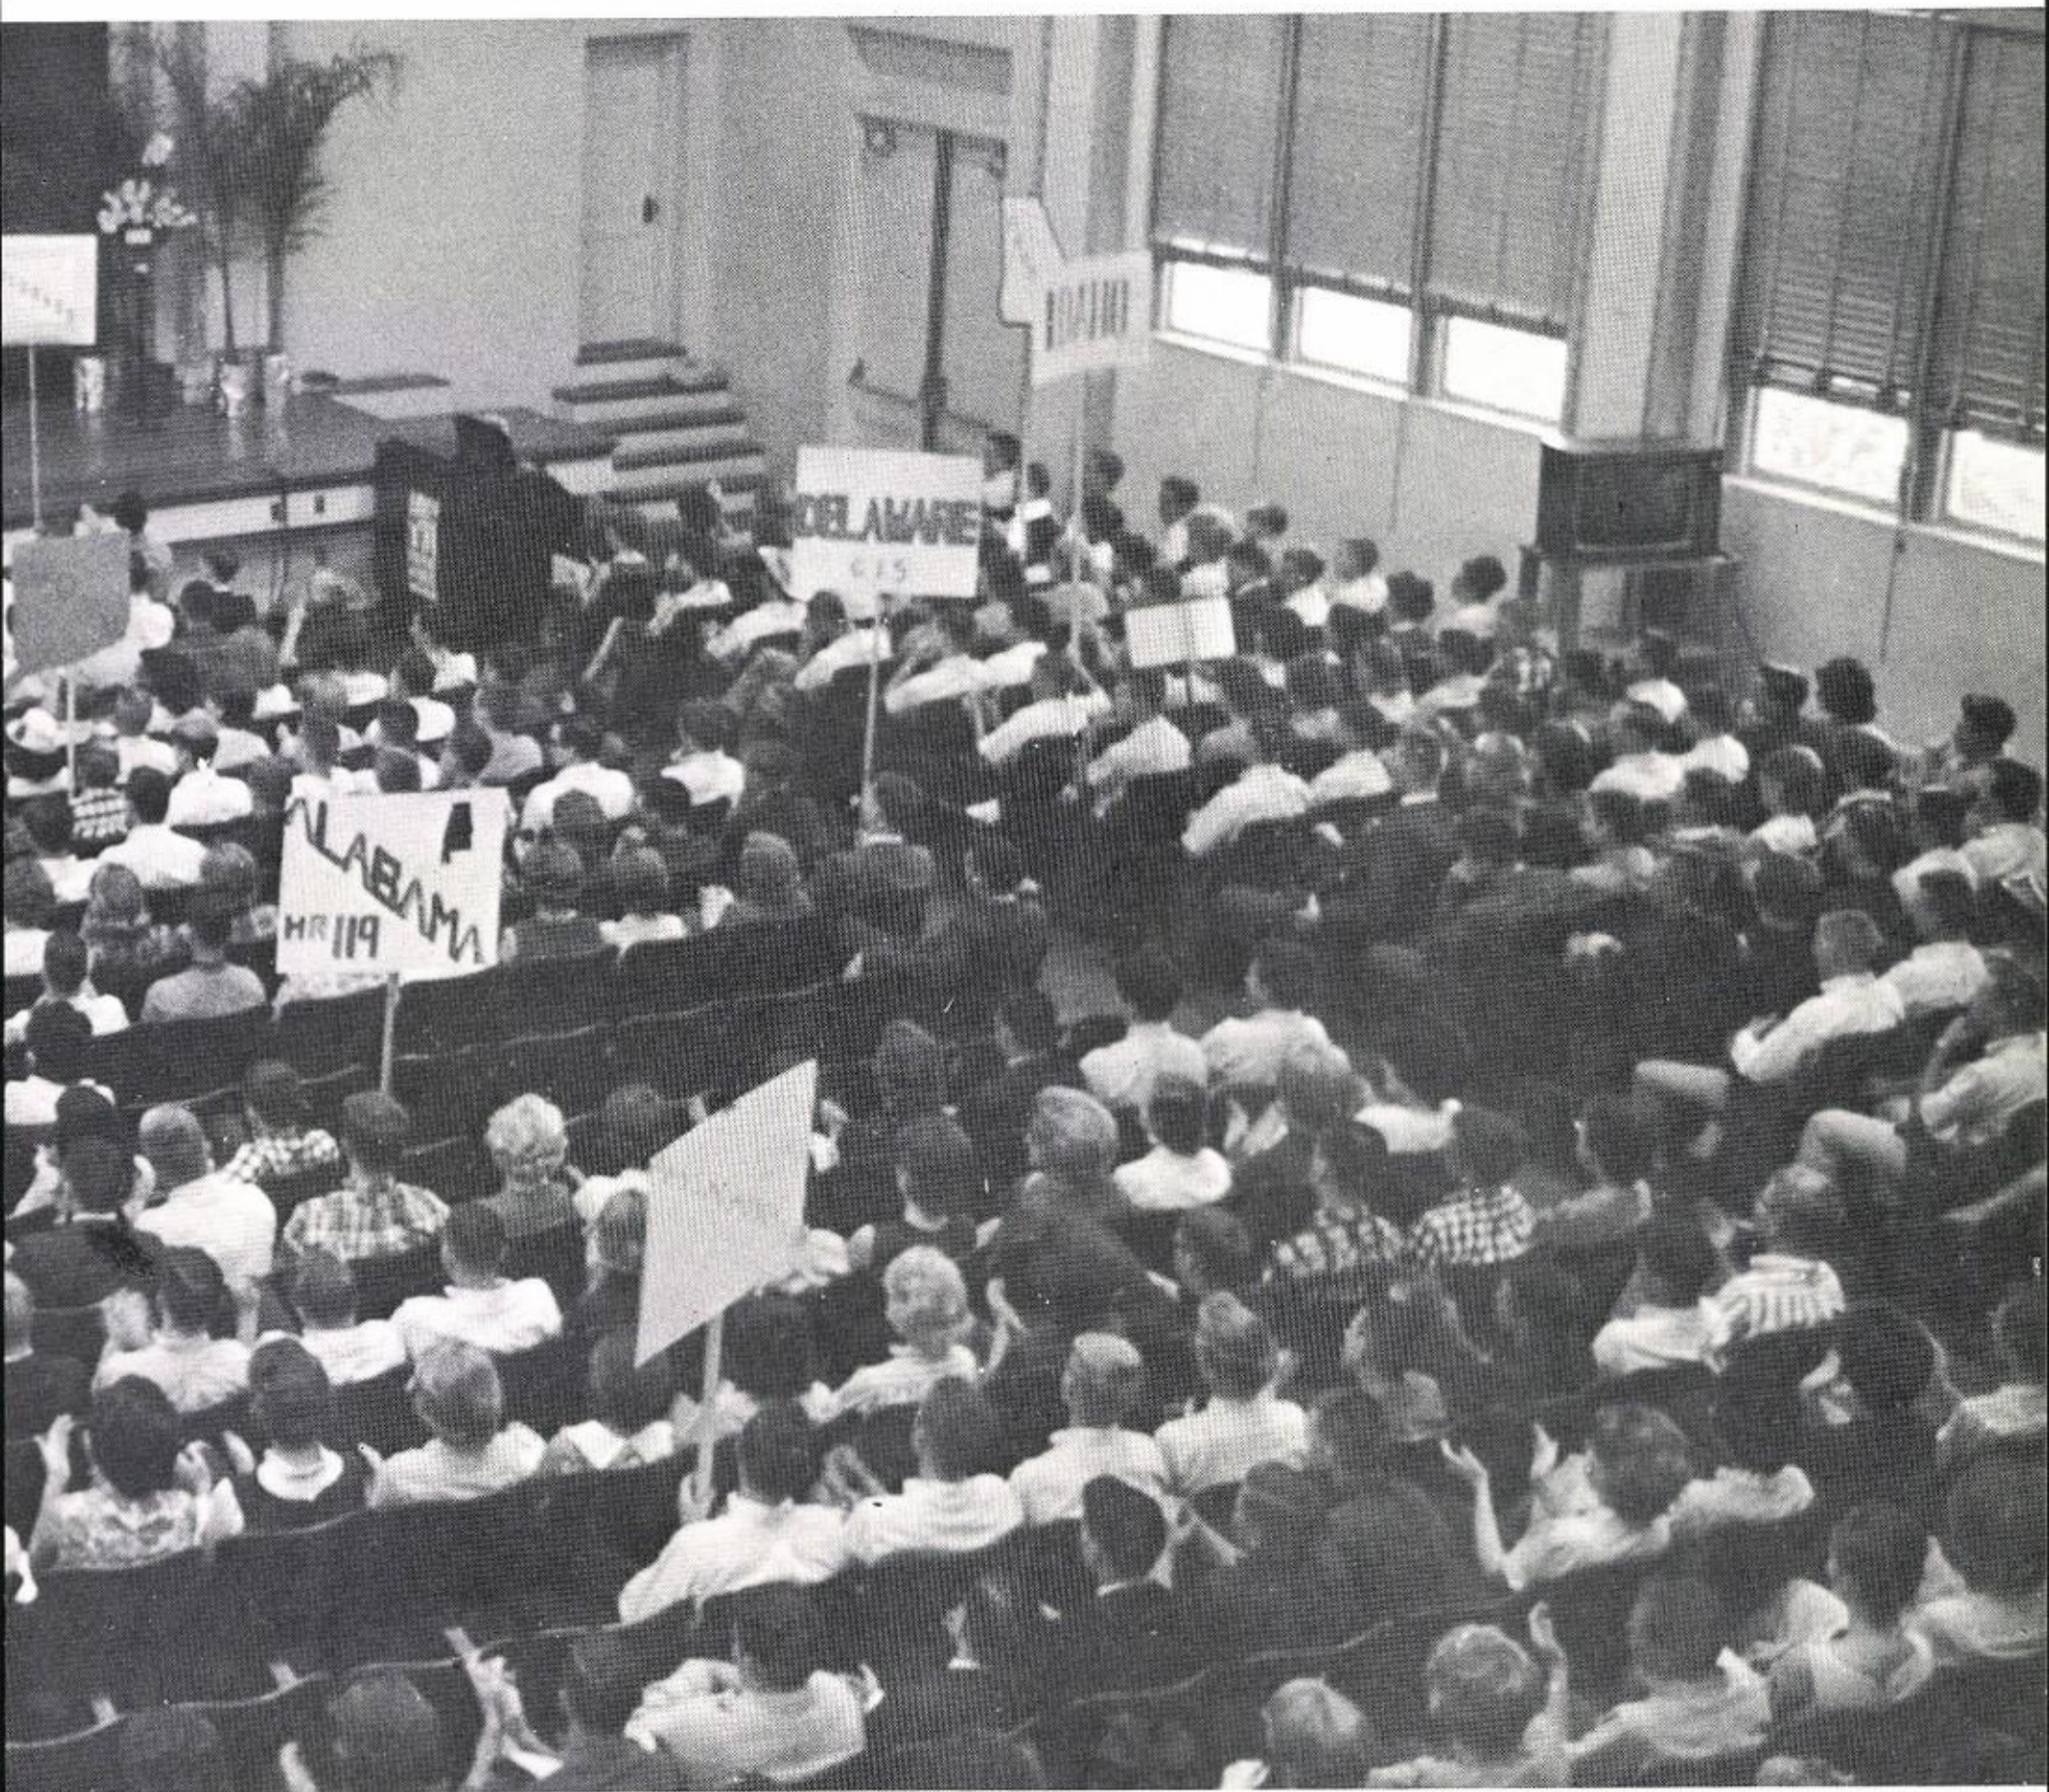

From registration to graduation, the school year was filled with exciting events. Some were familiar, some new, but each was awaited with enthusiasm that is characteristic of youth.

What students learned this year did not come entirely from printed pages. They learned to lead and to cooperate through club membership. They learned to take defeat with victory and to work together.

Every student will remember this school year in his own way; Homecoming, Jamboree, membership in a club, athletics, or graduation may stand out in his memory. Surely this was a colorful year.

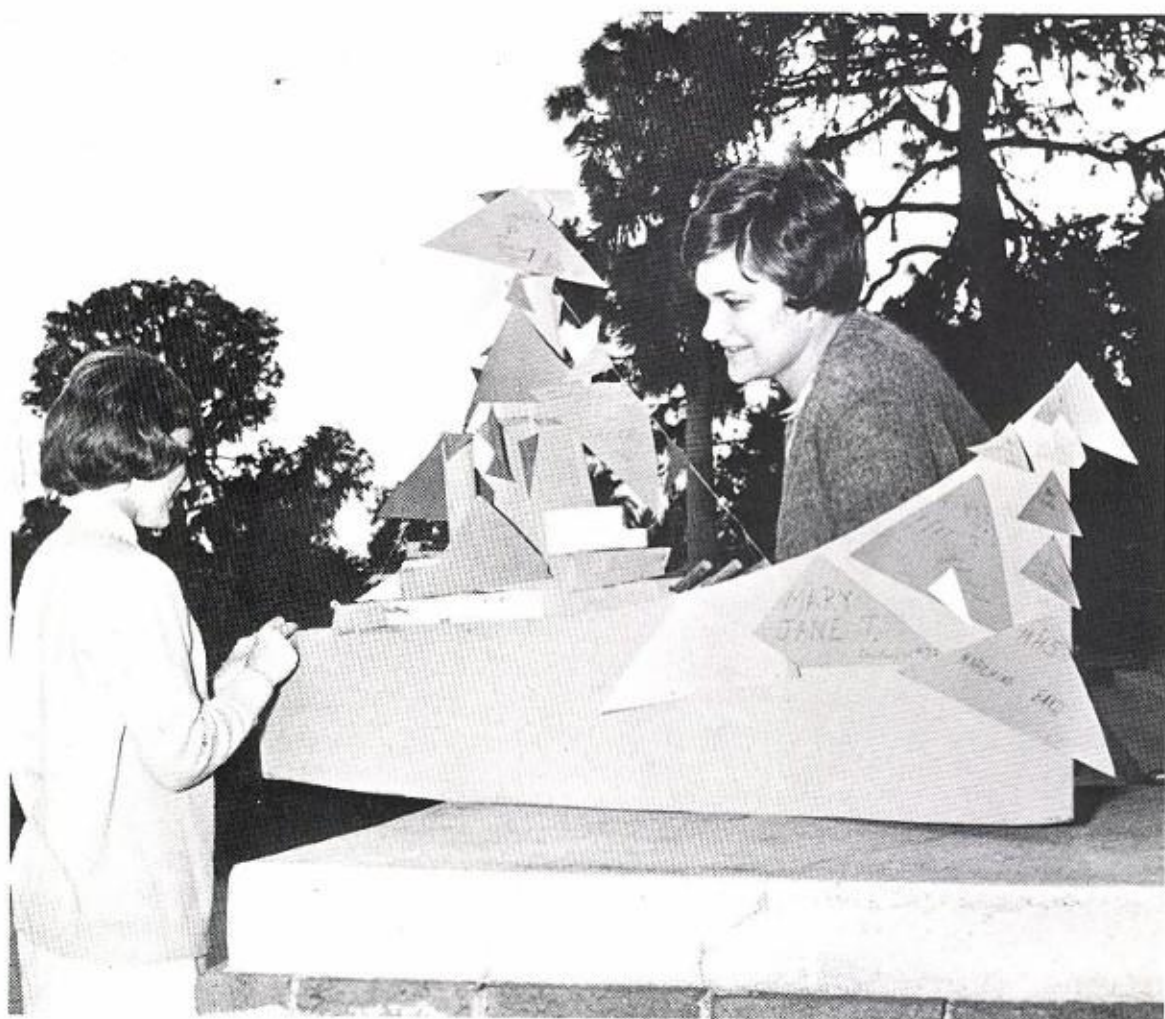

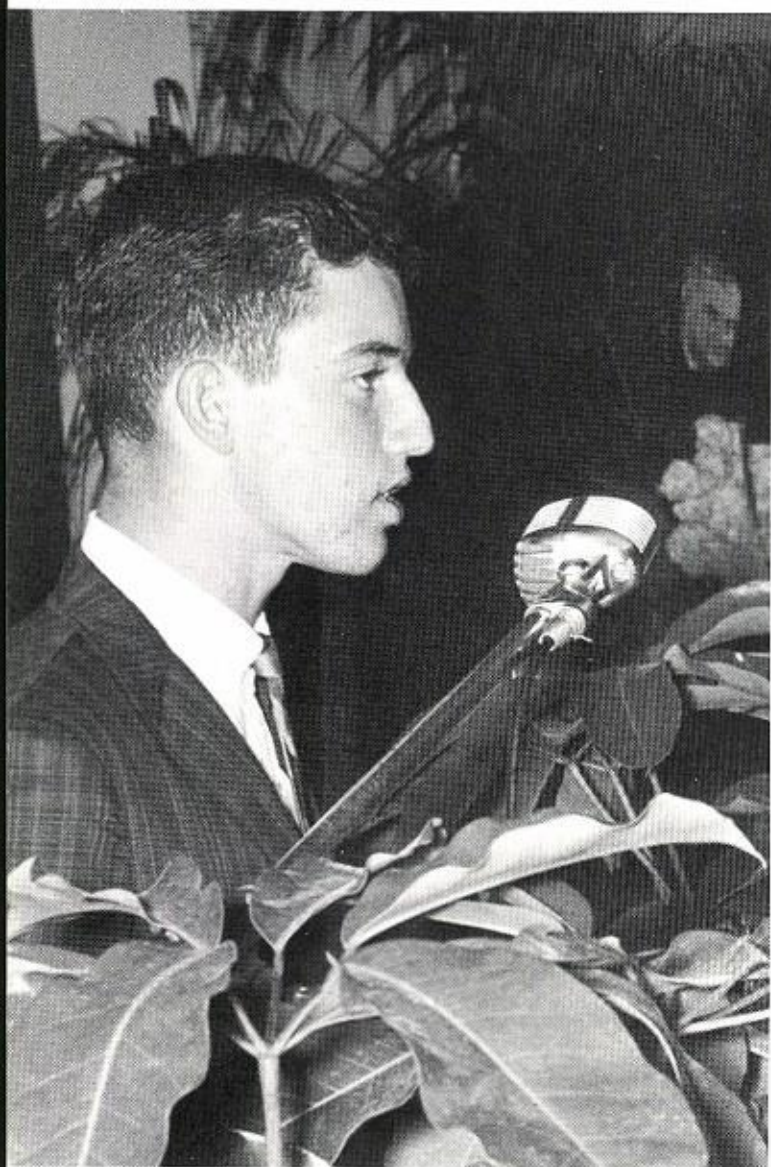

Student Life

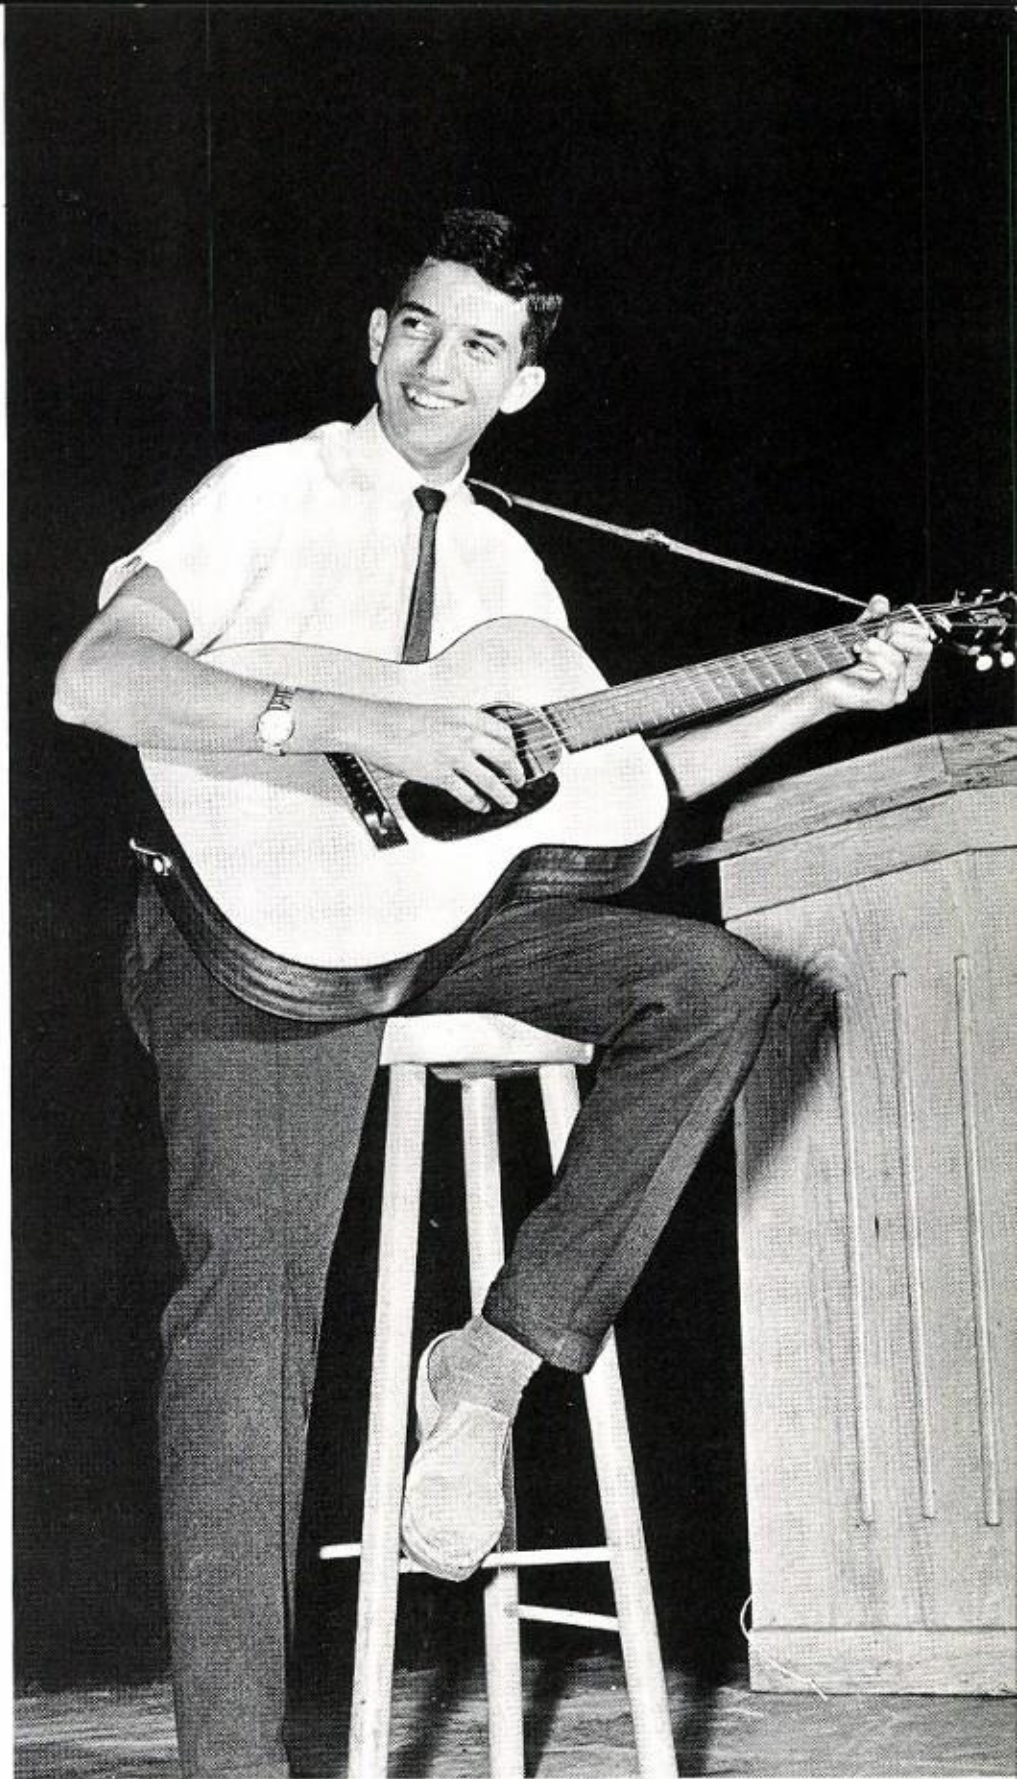

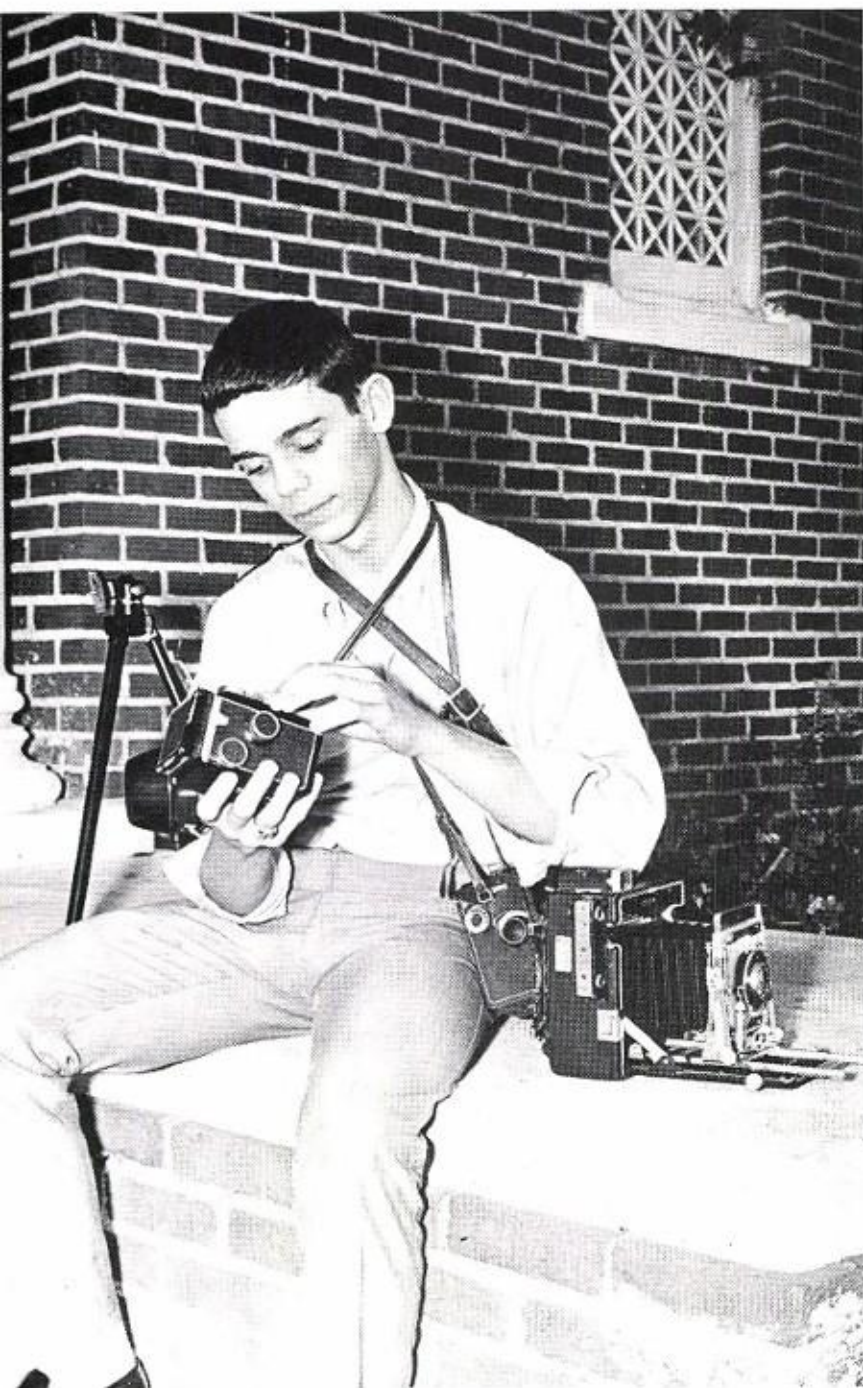

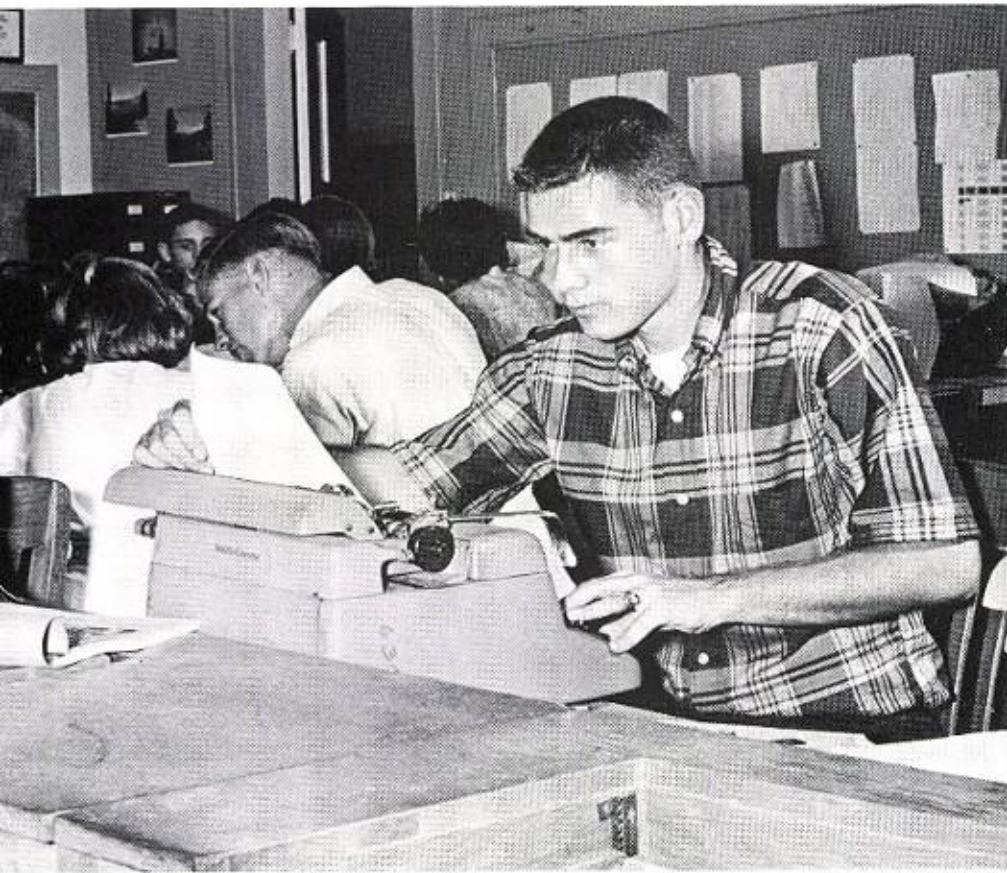

Students Work To Make The '64-'65 School

Stepping up before the entire student body, Bob Levenson, MHS Student Council President, has displayed all of the qualities of a student leader. From excelling in academics to joining with other students to form a combo, Bob has taken an active part in every aspect of school life. Through speaking (below), he has reflected his personality, revealing spirit in all school affairs and especially his desire to push the student body forward. In performing his many duties, ranging from keeping the student body informed by making morning announcements (right) to presiding over the Student Council, he has put all efforts forth to make the year and the school successful.

Assuming another important position, Pattie Lawton shared in many of the responsibilities of a student leader by holding the office of Student Council Vice-President. Sharing the duties of leading the student body and presiding over the Inter-Club Council has been a small part of her many duties. Pattie has served the school not only by holding an office in the Student Council, but also by taking an active part in a service club (lower right) and by supporting other school activities throughout the year.

Year Successful

Taking time out for social activities (upper right), Bob shares many responsibilities with still other officers who have helped to make the 1964-65 year at MHS memorable.

As Editor-In-Chief of the '65 'CANE ECHO, Curtis Tutterrow, (left), has held an office which required a great amount of work. Taking pictures of all phases of school life, he has helped to preserve memories by the publication of the school yearbook. Another publication's editor, Lanny Cecka (upper left), deserves recognition and thanks for his extra hours and efforts. Holding the position of editor of the MACOHI, Lanny served the school in a very important way.

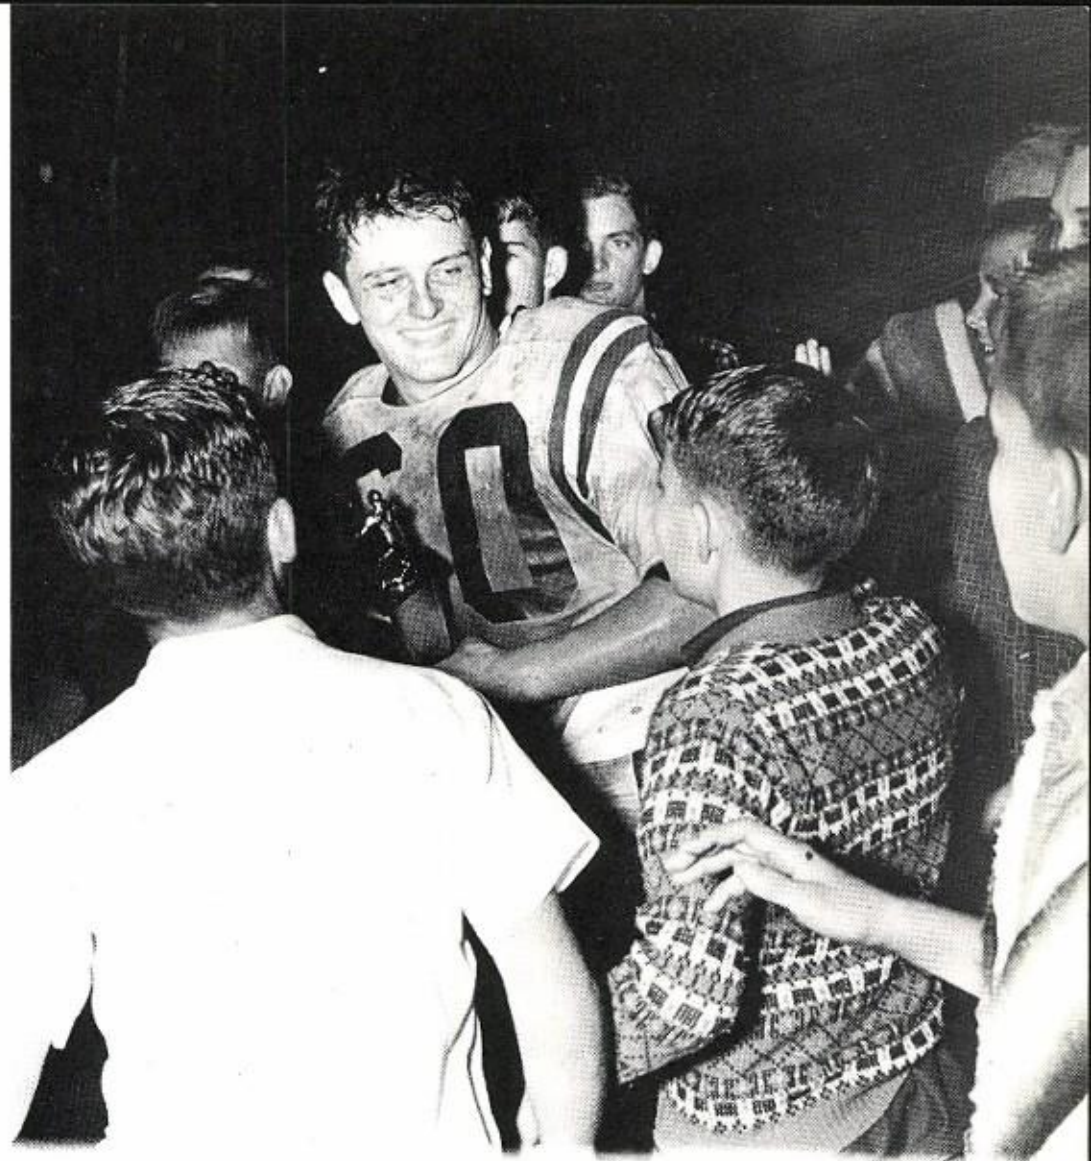

Victory Does Not Follow Soaring

Spirit, hope, and chants for victory all rose skyward with the blazing flames of the traditional Homecoming bonfire (right) "Beat, Beat the Dreadnaughts" became the cry as the students formed a snake dance around the glowing fire.

"Hurricanes Strike, No Survivors" had become the theme of Homecoming 1964. Beginning a week of spirited activities, students decorated their home-rooms around this theme. Winning first place, Home-room 117 dramatically illustrated the Homecoming mood by using "Happiness is Beating the Dreadnaughts" (below). When the day of the game finally arrived, members of Anchor Club presented a special pep rally (lower right), as the students joined in adding final encouragement to the Hurricanes.

Homecoming Spirit

Honored at the game were the Homecoming Sponsors: Pam Akins escorted by Scott Cole, representing Student Council; Mary Jane Thomas escorted by Chris Woodland, representing the football team; Dot Oakley escorted by John Criswell, representing the Drill Team; Pat Parrot escorted by Lanny Cecka, representing the band; and Honorary Sponsor Tania Saramento escorted by Bob Levenson (above).

Another highlight of the game's activities was a presentation of "Alley Cat" by the Sugar Canes during halftime (upper left). Bringing Homecoming 1964 to a climax was the presentation of the Tommy Paul award to a senior guard Wayne Dimond (upper right). This trophy, which is awarded every year to the outstanding player of the Homecoming Game, is named for one of Manatee's most loyal fans, Mr. Tommy Paul.

Exchange Students

Tania Sarmento will be graduated from Manatee High in June with the senior class. After graduation she will return to her home in Brazil where she will continue her education in the field of languages. Meanwhile she has kept in touch with her family, telling of her new, exciting life in this country (upper left).

Tania has shared this experience with a Manatee High student, Karen Chudy (upper right). For the second year, Manatee High School has not only received a foreign exchange student but also sent one of its own students abroad. Karen, Manatee's delegate to the Americans Abroad Program, spent eleven weeks in Denmark this past summer.

Karen spent the first two weeks in Denmark vacationing at her AFS family's summer home, visiting various historic landmarks. Sharing many exciting experiences with her AFS sister, Kirsten Kristensen (lower right), Karen became acquainted with the Danish people and their customs.

Become Part of Manatee Traditions

This year Manatee High School again opened its doors to a foreign exchange student, Tania Marie Sarmiento (lower right). Tania came to the United States this past summer from Victoria, Estate of Espirito, Brazil, and has become part of an American family in the home of Janice Wilson, a junior at Manatee High.

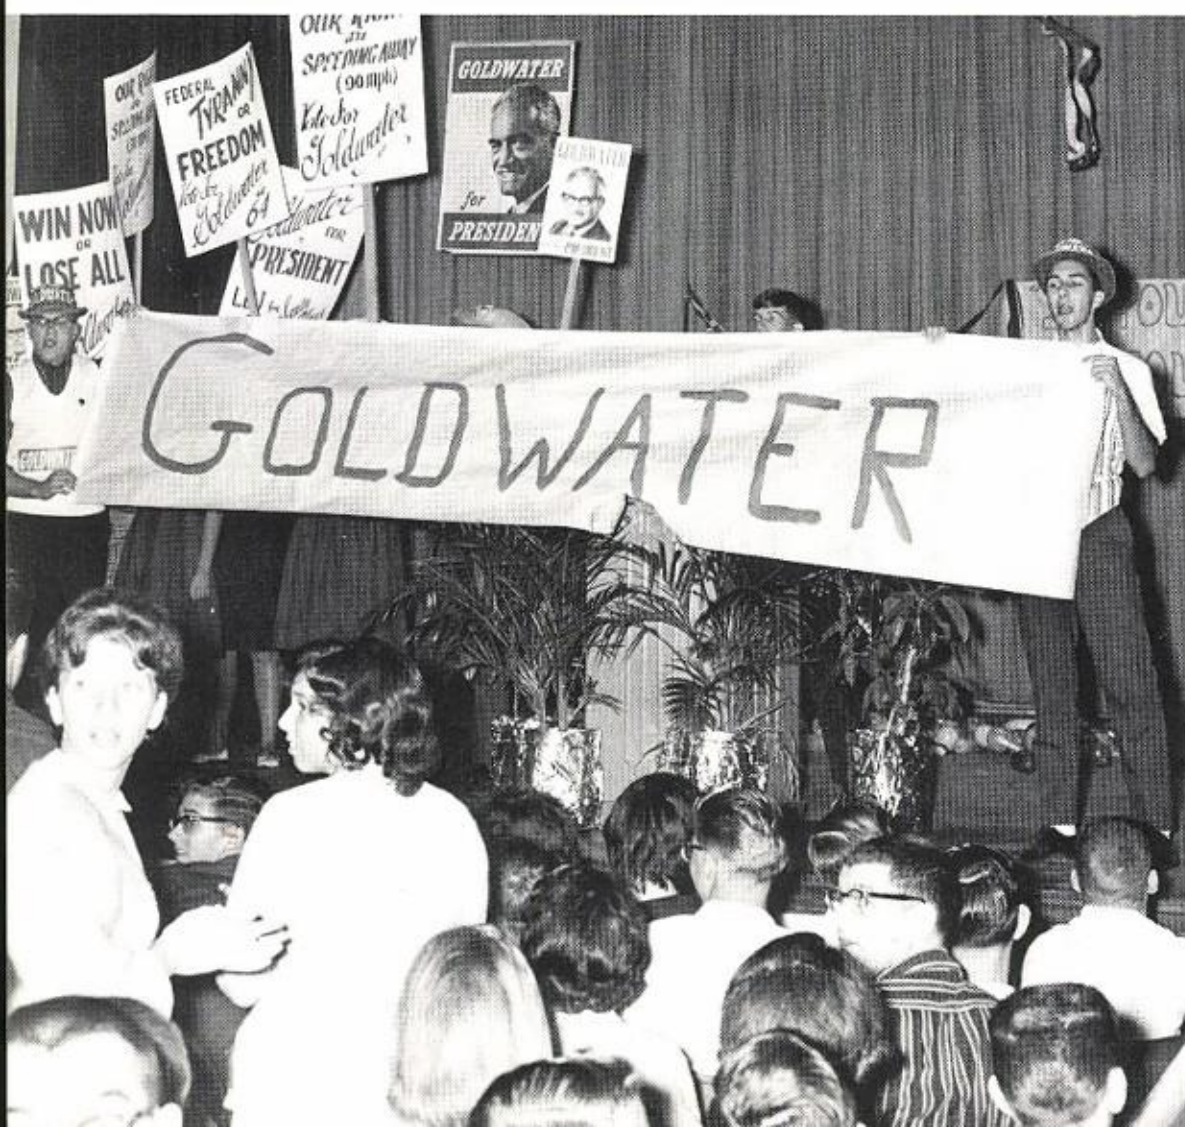

Like all other MHS students, Tania has found that being a student at Manatee can be quite frantic at times. Between planning for that big basketball game, finishing that homework assignment, and rushing to next period's class, Tania has become a part of the student life here at MHS (lower left). Discovering this life in the United States to be "much faster" than it is in Brazil, Tania had to find time for scholastic work (left) among the many social activities in which she has participated.

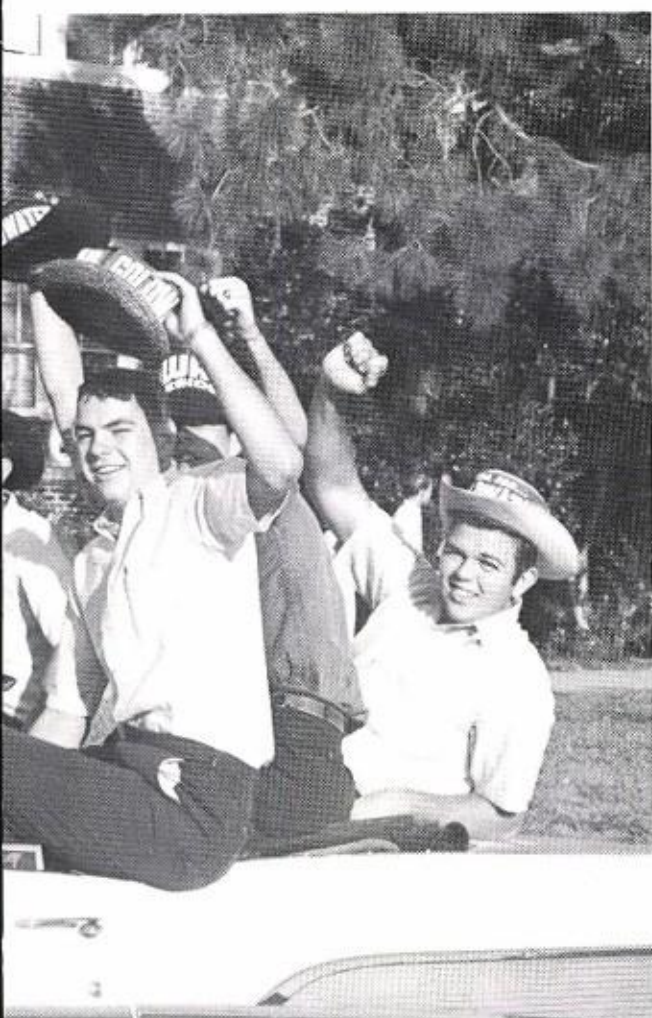

MHS Elects Goldwater; Nation Elects

MHS students voice their opinion in the 1964 national Presidential election by holding a Mock Election which was prefaced by speeches and demonstrations. Again the students disagreed with national polls by electing Senator Barry Goldwater President. In 1960 Richard Nixon had been chosen by the students, contrary to the national returns.

Highlighting the election activities was a mixed-party convention held in the auditorium October 30. Here the students displayed all of the spirit revolving around a political convention (lower left). Students not only made speeches defending their candidates, as illustrated by Doug Wallace (right), but often came to grips, as shown by Matthew McCarthy and Doug (below).

Johnson

Matthew McCarthy (above) and Doug Wallace climaxed the assembly by delivering endorsement speeches. Other students voiced their opinions by joining the LBJ singers (above right). Throughout the week, students supported their choice of candidates by parading (left) and sporting party signs, buttons, and hats, as John Holton does (above left).

To build up enthusiasm for Homecoming, homeroom decorations were displayed throughout the school.

Holding the Student Council victory hoop, Pam Akins leaps as Wayne Dimond and Van O'Quinn run through simultaneously.

Many students received speeding tickets this year for rushing to the lunch line. This is part of the new monitoring system brought into use by the Student Council. The Student Council also handles the many student body projects such as the Goodwill drive, "to help the handicapped help themselves", and the Thanksgiving baskets for needy families. The members also like having a good time and Homecoming heads the list of fun-filled hours.

Jamboree Contestants Vie For

As the curtains of "Jamboree 19-65" opened, the annual festivities once again came to life. Each of the twelve lovely candidates presented her talent, hoping to capture the "Mammy" award. This year Pam Akins was the recipient of the trophy for her piano solo, "Warsaw Concerto" (center right).

Still other contestants highlighted the talent show activities. Pam Basehore delighted the audience with "Wouldn't It Be Lovely" (lower left).

Another captivating performance was Bobbi Lively's unique interpretation of "Hernando's Hide-a-Way" (lower right).

"Mammy Award"

Introducing Jamboree as "Stairway To Stars" was Curtis Tutterow, Master of Ceremonies (above). Curtis not only presented the Jamboree contestants and their talents, but also introduced extra features such as the Tradewinds, composed of Jerry Price, Nelson Maynard, Judee Hardin, Jim Daniels, and Colin Moore (lower left).

As the climax of Jamboree arrived, the entire court was presented to the audience (upper left). Vibrant applause followed as Dot Oakley was crowned Queen Manatee XVIII.

Seniors Earn Honors and Recognition For

Pattie Lawton was the Manatee High recipient of the 1964-65 Daughters of the American Revolution Award presented by the Osceola chapter of the DAR (right). This award is given annually to a senior girl who has excelled in scholarship, character, and leadership. As a winner of the citizenship award, Pattie became an entrant in the state citizenship competition, vying for the scholarship given in the national contest.

Eighteen seniors are to be graduated with highest honors for their scholastic achievements throughout high school. These students (below) compose the Top Four Percent of the Class of '65. Graduating with honors will be those seniors who make up the Top Ten Percent of the graduating class.

Scholarship, Citizenship, Leadership

This year a total of nine seniors reaching the semi-finals of the National Merit Scholarship competition is a record at Manatee High. These students, including David Cheshire, Ed Moran, Don Flowers, Roseann Umana, Bob Levenson, Doug Wallace, Wayne Dimond, Wayne Daltry, and Katherine Williams (above), deserve special congratulations for not only becoming semi-finalists but also for having reached finals in the national competition.

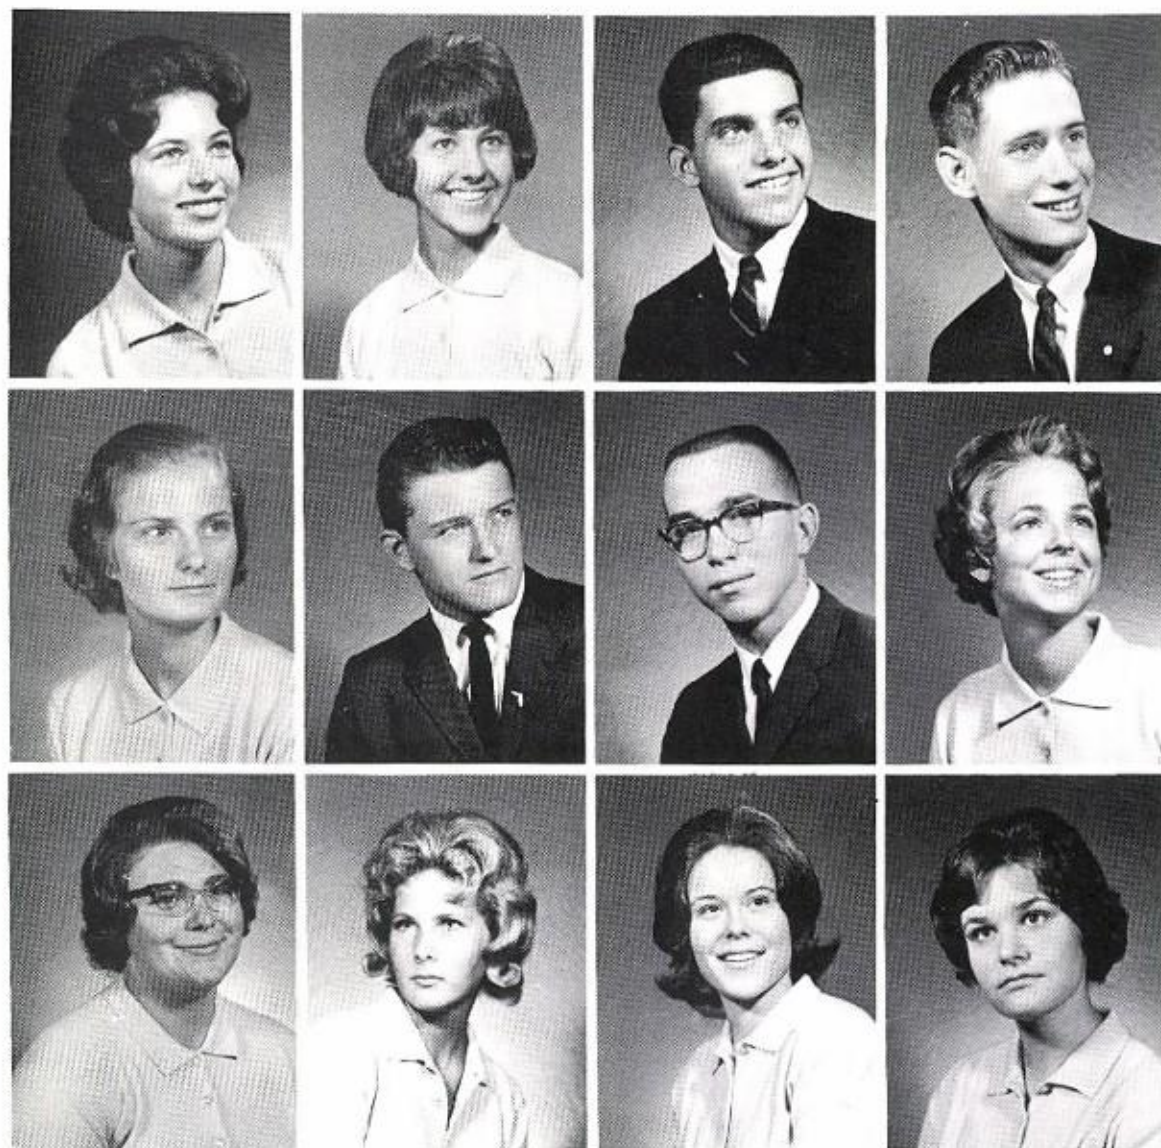

Eight Manatee High delegates participated in a week of leadership activities during the summer at Florida State University. As citizens of the state of Seminole, these students assumed various city, county, and state governmental offices. Members of Girls' State were Cathy Charron and Penny Tasch (left, row one). Boys' State delegates included Wayne Dimond, Mike Purinton, Bob Cotterman, C. F. Snyder, and Don Flowers (left, rows two and three). Not pictured is Bob Levenson. These students were selected and sponsored by the American Legion and the American Legion Auxiliary.

It is an outstanding student who is inducted into the Manatee High School National Honor Society Chapter. Only fifteen percent of the senior class and five percent of the junior class may be selected. These people must be in the upper 25% of their respective classes to be eligible for membership. All students in this category interested in membership may turn in an application form. Each application is then submitted to the teachers to determine who are most deserving of the honor.

Membership is based on scholarship, character, service, and leadership. All graduating members will have a gold seal placed on their diplomas in recognition of their membership in the National Honor Society.

Membership in the Scholastic Honor Society is bestowed only upon those students who have achieved continual grade excellence. Students must be on the White M honor roll three quarters in a school year. To make White M honor roll, a student must have a grade average of 3.6 and no more than two B's; the other grades must be A's.

The members of this organization have few meetings during the year, but their service to the school by individual tutoring is rendered to a large number. These members are willing to make necessary arrangements to be able to meet the needs of those students who have requested scholastic help.

The Inter-Club Council consists of the vice presidents of all the clubs of the school, with the Student Council vice president acting as president.

In charge of organizing the school calendar, the council hears all inquiries for projects planned by the clubs and, following closely the resolutions of the Student Council, Inter-Club council approves and sets the dates for all the clubs projects. The council, a regulatory body, adjusts the heterogenous series of activities throughout the year.

Miss Joe Berta Bullock, sponsor of ICC, answers any questions the students might have pertaining to the arrangement of a project.

American Field Service Aids Foreign Relations

A newly inaugurated club, the American Field Service, has completed its first full year at Manatee.

The main objective of the club is to earn enough money to send one of our students abroad and to have two foreign pupils spend an entire year here, as Tania Sarmento did this year. To provide financing for the students, the American Field Service held a spaghetti dinner in our cafeteria.

One Study Day during assembly the American Field Service introduced the students attending Manatee that were born in countries other than the United States. Also introduced were all the foreign exchange students in Manatee county. Climaxing the assembly, dances common to the people aboard were demonstrated by members of the club.

A plaque with the names of Manatee exchange students is looked over by Tania Sarmento, exchange student from Brazil.

Z Club girls sold lollipops on the walkway to lunch before several home football games.

Recipient of the St. Petersburg Times and Evening Independent "Club of the Year" Award, Z Club, the youngest girls' service club of Manatee began its year with many social and service projects. The Club's first project was a get-acquainted tea for the teachers before school opened. This was followed by guiding the sophomores the first day of school, decorating the bulletin board, washing cars for the teachers, delivering Thanksgiving, Christmas, and Easter baskets to needy families, providing flowers for the auditorium, giving money to the A.F.S., donating refreshments and lights for the Christmas tree lighting, and selling lollipops before football and basketball games.

The Z Club also adopted an orphan through the Foster Parents Plan. She is a Chinese girl, nine years old, and lives in Hong Kong. Her name is Cheung Ngan Yung. The Club gave \$180 for her support.

The other main project of the club this year was a \$150 scholarship given to a deserving senior girl.

Hurricane warnings; hoist the flags! So was the cry of Interact members this year as they ran up their Hurricane flags at every home football game. The club also printed a calendar that covered the school months, September to June.

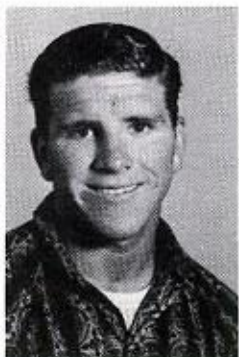

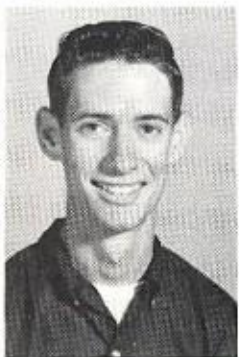

Other Interact projects included delivering Thanksgiving baskets, ushering for the "Sound of Music" and Jamboree, presenting a movie on smoking, decorating the bulletin board, and providing Christmas trees in the lunchroom and auditorium.

Being a Jr. Civitan member isn't all prestige. Just ask Ed Lawler, a Jr. Civitan initiate, what initiation is like.

Anyone for fruitcake? This was a typical question of Junior Civitan members this year as they launched their annual money-making project, the sale of Claxton fruitcakes. The fruitcakes were sold from October to December by both Junior Civitan and Civitan Club members.

Other Junior Civitan projects included keeping the Wheeler Leeth Field House grounds clean, ushering at various school activities, and sponsoring a dance after the Junior Play.

Two Junior Civitan members attended the Bradenton Civitan Club luncheons each week during the year. This provided an opportunity for the boys to get a look at the workings of a large service club.

Key Club is the oldest of the four boys' service clubs at Manatee and is sponsored by the Bradenton Kiwanis Club. Service to the school and community is its main purpose.

The Key Club's service projects this year included remodeling the pool, ringing bells for the Salvation Army, delivering a Thanksgiving basket and working with Kiwanis members on Career Day. They also sponsored a "Get Out and Vote" campaign and drove

those people without transportation to the polls.

Heading the list of money-making projects for the Key Club this year were a Halloween candy sale, distribution of phone books, a slave auction, and their Sweetheart Dance.

At the annual Key Club Sweetheart Dance, Bobbi Lively was crowned Sweetheart by last year's queen, Dot Oakley. Bobbi will reign until next November.

The Alpha and Beta Chapters of Tri-Hi-Y, under the guidance of Mrs. Juanita Manley and Miss Joy Vinson, worked together to "create, maintain, and extend throughout the home, school, and community high standards of Christian character."

Throughout the year the students went to the Grove-mont Rest-home taking refreshments and a few minutes of happiness to the elderly people.

Money obtained from selling candy, baked goods, and corsages was used for community services and contribution to American Field Service.

Many people around the county had a happier Thanksgiving and Christmas due to the thoughtfulness of the Tri-Hi-Y. They gave food baskets to the underprivileged families and toys to needy children.

The Pan American Club strives to promote interest in Spain and Spanish speaking countries. To help fulfill this purpose, Mr. Paul Bartley entertained the club at two of their regular meetings with color slides taken on his trip to Spain with the Conquistadors. New members were initiated at a special meeting at which they recited a Spanish proverb upon answering roll call. During the day they sang "Silent Night" in Spanish at the request of old members.

The club decorated the Main bulletin board for Pan American Week, April 12 through 16. They also furnished flowers for one of the assemblies. Members climaxed the year with the annual Spanish Fiesta held April 23, at the home of one of the members. All those attending were required to dress in Spanish attire. Refreshments made from recipes collected from Spanish speaking countries were served. The Fiesta was highlighted by the breaking of a pinate filled with candy.

"What's so funny about this page?" asks Curtis Tutterrow, editor, as Sue Smethurst and Cheryl Hitchings enjoy a private joke.

A handful of students enters a room for the first time. From the moment they step through the door, they realize that this will be no ordinary class. The usual desks are missing and in their places are long tables in neat rows. Even the atmosphere is different. They seat themselves around the tables and are introduced to their advisors. They are told that it will be their responsibility to produce the 1965 'CANE ECHO. Thus the annual staff is organized, and each member is assigned the section he will be responsible for completing. Immediately they are introduced to the tools they will be using the entire year, dummy sheets, layout sheets, grease pencils, rulers, copy paper, all foreign words to them, soon find a familiar place in their vocabulary. The staffers also soon realize the big job that they have before them.

Sue Franson, circulation manager, gets a few tips on writing and checking copy from Elinor Maney and Mary Beth Gilligan, copy editors.

Rick Robinson and Marilyn Lesser, senior editors, get their materials from the closet while Carolyn Rowley, underclass editor, waits her turn.

The first big job of the staff is selling ads. These advertisements pay for nearly one-third of the book, which makes it necessary for everyone to put on his salesman's face and try to sell. It's not always easy (just ask the advertising managers), but the staff always seems to come through. After ad selling comes the really hard work, choosing a cover, picking a layout style, laying out the book, and all the other jobs that go into putting a good yearbook together.

The annual staff works long hours and devotes a large percent of its time to producing the yearbook. Many times plans must be broken in order to meet a deadline. The various editors of the yearbook must plan pictures, write copy, make layouts and carry out all the small jobs they are called on to do. Producing the yearbook is a continual job and the staff finds no time to rest until the annuals have been distributed. Then they can sit back, relax, and know that their job is finished.

School seems to be one rush to meet deadlines for members of the newspaper staff who produce Manatee's bi-weekly newspaper, the MACOHI.

Each issue of the MACOHI begins with the posting of assignment sheets, which notify staff members of the stories they are required to cover. After receiving their assignments, reporters set forth to interview faculty members and students. They then begin to compile information, write, and type copy which is corrected and sent to the printers by staff editors.

The printers set the copy on a proof sheet and return it to the staff for final corrections. After all copy has been proof-read and corrected, it is sent once again to the printers who provide the staff with slicks.

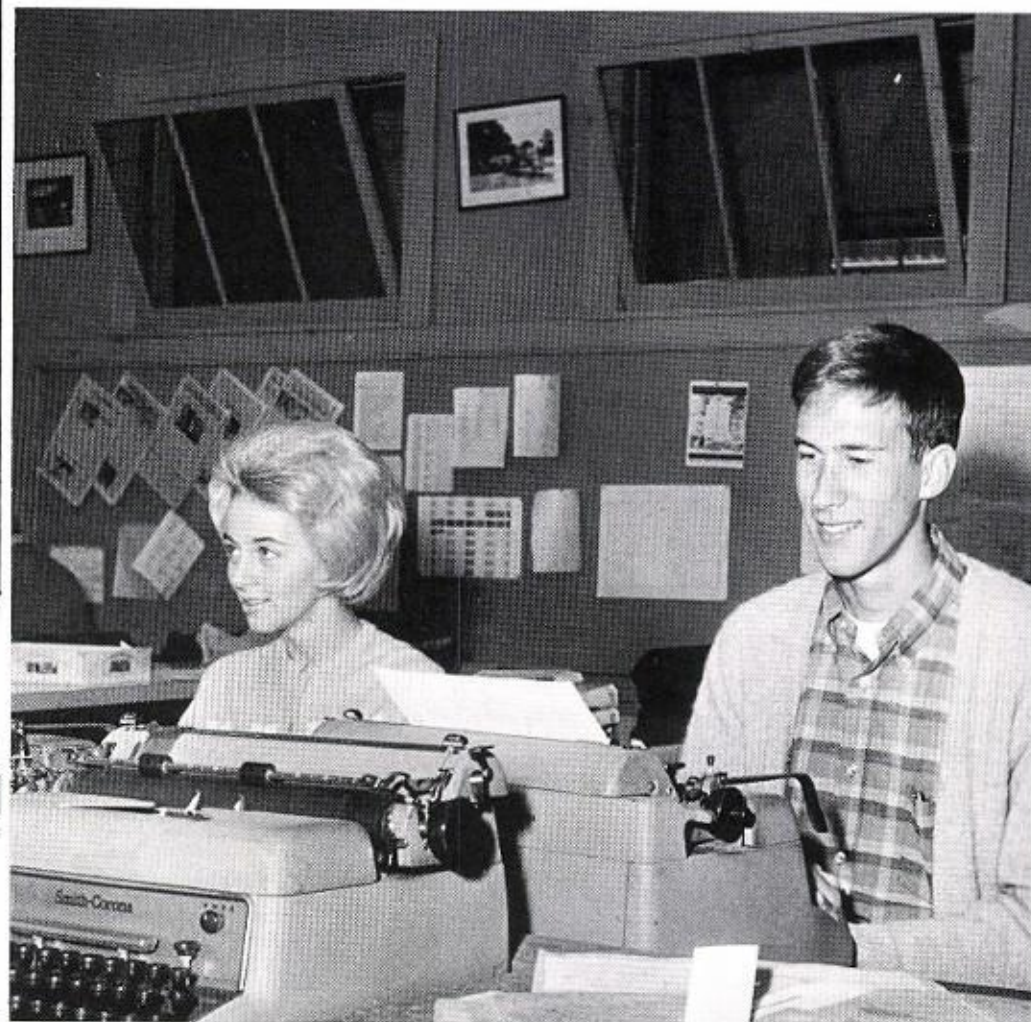

The MACOHI is now ready for paste-up. Each staff member is assigned a page and given an envelope of pictures and stories, a ruler, glue pot, and other needed materials.

With the completion of paste-up the paper is sent to press. When it returns on Friday, staff members work on distribution and mailing while editors complete assignment sheets in preparation of the next deadline.

Managing Editor Kathy Howey and Sue Hjelm, feature editor, pause for a moment of rest before completing their proofreading.

Jerri Burton, staff typist, helps Ronnie Robinson, news editor, type copy in preparation for the next deadline.

Weather Station Built By Science Club

This year the Science Club, under the direction of Mr. Allen, had as its main project the building of a weather station. The station records rainfall, wind and temperature changes and some of the other items pertaining to everyday weather.

Other projects for the year included having guest speakers and field trips, including one to see the Florida Power Plant in Sarasota. They also helped set up the science fair and turned in some prize winning projects.

Mr. Allen, Richard Wiles, Brian Peters, and David Cheshire are shown assembling the weather station.

Service is the keynote of the program of the Future Homemakers of America. The efforts of the club members have done much to help and improve Manatee High School. At the beginning of the year, Future Homemakers sold football programs and, at Thanksgiving, decorated the tables in the lunchroom. When College Day appeared on the calendar, FHA members served the college representatives; bake sales for the faculty and a car wash filled other dates. At Christmas the girls dressed dolls for the Salvation Army.

Promoting School Lunch Week and serving at the FFA Banquet were two other important projects. One of the main parts of their program for the year was the Sear's Luncheon. This was attended by many of the county leaders, particularly those interested in youth projects. The luncheon was to tell the community more about the purposes guiding the club.

Official FHA business included the observance of National FHA Week and participation in conventions.

At the Sear's Luncheon Mrs. Mary McMurria, society editor of the Bradenton Herald, FHA president, Nancy Durst, and Judge Rickey of the Juvenile Court are served by Linda Jett.

Para-Med was organized to interest students in the many medical fields, to make them aware of personal and community health, and to help them choose their careers. Working in the hospital as "Candy Stripers", the members receive training at Manatee Memorial Hospital.

In November they traveled to Sarasota for their annual district meeting. In April they went to Ocala for their State Convention. For their project, they made a caduceus and hung charms on it representing their projects for the year. They had a car wash, two bake sales, and sold Pom-Poms for their money-making projects. During holidays, they took food baskets to needy people.

Looking frustrated, Sue Smethurst and Jo Ann Safford count money from the Pom-Pom sales.

Training in School

Future Teachers of America was organized to create interest in the teaching profession and to acquaint students with the responsibilities of teaching and education.

The club members learned the right techniques of teaching by helping in the school for exceptional children. They also helped out at the P.T.A. "Back to School Night" by ushering and babysitting with the small children. The members also heard various speakers from around the county who talked about teaching. Along with the A.F.S. Club, the Future Teachers put on an assembly to emphasize the need for good relationship between students of America and foreign students.

Besides learning teaching techniques and doing deeds of good will, the members held money making projects. They had a bake sale, sold cookbooks containing the teachers' favorite recipes, and sponsored a dance after the Hillsborough-Manatee basketball game. To end the year, they held a meeting of all the F.T.A. members of the county.

Performing at the A.F.S.-F.T.A. assembly are Ted Tripp, Ted French, Jim Bagley, Tom Roberts, and Tom French.

Vocational Agriculture offers students instruction in the scientific methods of farming. Students are first taught in the classroom the methods and skills of agriculture. Then they are given an opportunity to apply these methods at the agriculture plot behind Bayshore Junior High. The plot consists of ten acres of land with a modern greenhouse and an elaborate irrigation system. Grown on the plot this year are cabbage, tomatoes, Easter lilies, strawberries, squash, beans, peas, and caladiums.

The main event of the year is the annual Sweetheart Contest. Judging of the contestants is based on beauty, talent, and performance. Janet Diemer is the reigning sweetheart. This year the Manatee Chapter organized the Manatee County Federation of F.F.A. with Mike Nicholas as President.

Mike Nicholas is shown with his prize steer which was sold at the Manatee County Fair.

The Future Business Leaders of America was organized to create an interest and understanding of business occupations. It accomplishes this by having guest speakers and by taking a trip to Tampa Business College at the end of the year.

During football season members could be seen on the walk way to lunch selling pixie dolls and they sent out heart-o-grams on Valentine's Day. From the money they received, they gave \$25 to the American Field Service and \$25 to the March of Dimes. They also gave Christmas stockings and gifts to two families.

District contest winners are Sharon Phelps, Jack Phillips, Barbara Geist, Peter Sheff, and JoAnn Safford.

DE Students Learn Through Experience

Distributive Education is part of the cooperative education through which students work in various positions involving the selling of merchandise. The jobs must offer at least 540 hours of training or they are not acceptable. The students average 15 hours of training a week. These training stations must be personally inspected by the coordinator to make sure that they conform to health and safety standards.

Education Expands

Miss Canright teaches her CBE students at 7:45 A.M. class.

Cooperative Business Education students go to school for four hours in the morning and work four hours a day. Their morning classes include business subjects, such as shorthand and office practice, along with the general requirements for graduation.

The offices in which they work vary from legal to city and county. These offices must pass certain requirements before a student may work in them.

Besides training students for business occupations, CBE is also a club. This year, due to its rapid expansion, CBE was divided into two groups, one led by Miss Lois Barr and the other directed by Miss Marion Canright.

At the district convention they won first place for their skit about the life of the average secretary. In February the members held a spaghetti supper to help pay for their employer-employee banquet held in May.

Picasso's Interns Broaden Knowledge, Add

As a money making project, members sponsored a "Lil Abner Dance."

Picasso's Interns is more than a social group of art students. They are people interested in art who want to see the practical value of it more widely appreciated in everyday life.

During the year, members raised funds to finance a field trip to an art exhibition by means of a pancake supper and a "Lil Abner Dance". These art students presented exhibits of their own work for the benefit of students and faculty at Manatee.

Exhibits show the hard work of art students.

Babysitting, washing cars and windows, and performing other household services at half price are just some of the activities going on during Drama Club Slave Week. Although this is a fund-raising project, it is also a service since the regular prices are reduced.

The biggest money-raising project of the year was "Sound of Music".

At the annual banquet on May 15, the officers for the following year are announced and the best actor and actress of the year are elected.

Drama Club members receive points for each project, service or role in a production. After reaching forty points they are eligible for a pin.

Drama Club

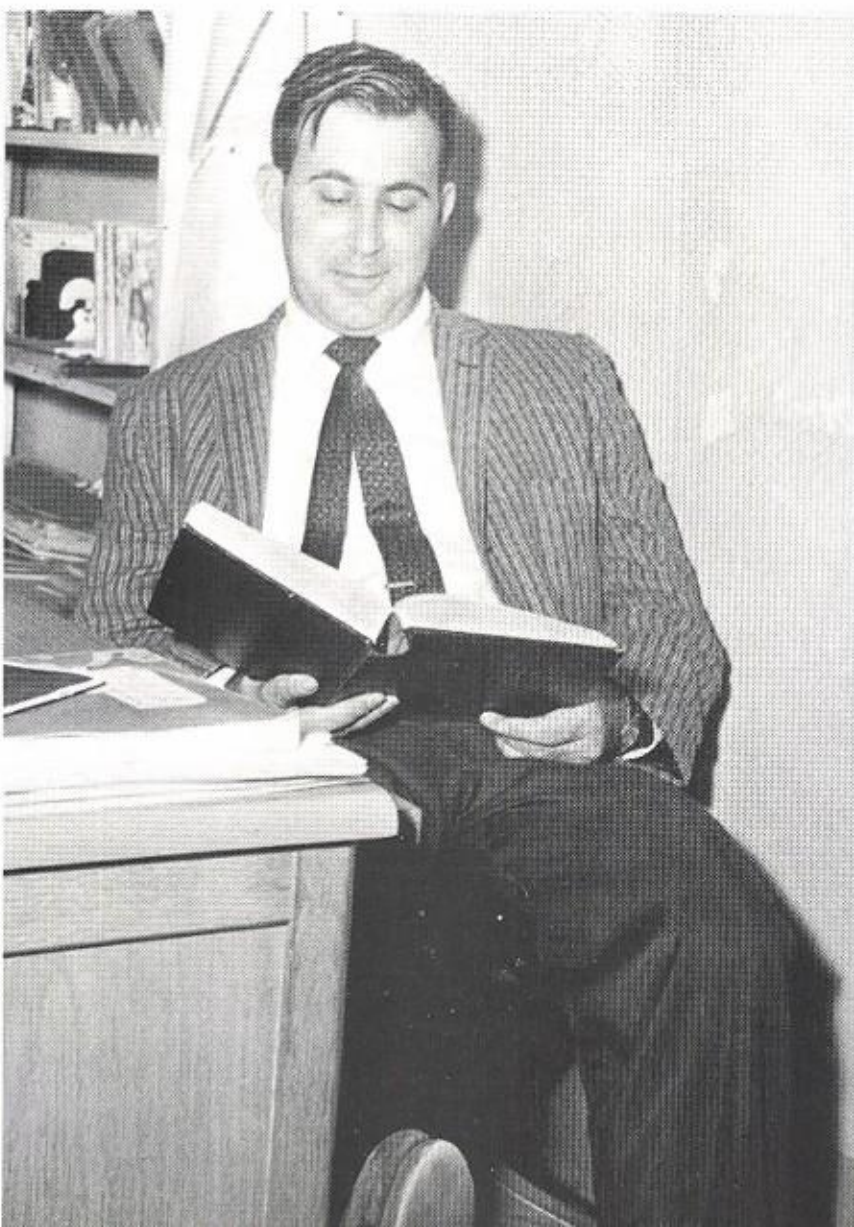

Taking a major part in school productions, Drama Club members further their experiences in the theatrical field by working on sets, make-up, lighting, and costumes. Each play has a student assistant-director which provides an excellent opportunity for a person to learn theatrical terms and techniques of voice quality. As an understudy, a student gains valuable experience, for often the understudies are asked to put on plays for other groups.

Enjoying their work on Jamboree sets are Cheryl Seavy and Mike Hicks.

Making sure of their parts in "Father Knows Best" are juniors Marilyn Tessier, Leroy Anaclerio, Brian Peters and Lee Capelle.

Taking time to relax is Mr. Eugene Mazzone, Drama Club sponsor.

"Sound of Music"

Liesl Trapp, played by Cheryl Seavy, tried to impress a young man by dancing to the tune of "You Are Sixteen" (upper right). Rolf Gruber, Liesl's young admirer, was portrayed by Tom French.

In another musical number, Max Detweiler, played by Jim Bagley, seems to have captivated Captain von Trapp and his fiancée, Elsa Schraeder, portrayed by Beth Taylor. (above).

Having returned to Nonnberg Abbey, Maria is convinced by Mother Abbess, as played by Mary Dobbe, that her life is outside of the convent. Mother Abbess reassured Maria, telling her to "Climb Every Mountain" (right). Maria returned to the Trapp children and joined with Captain von Trapp, singing an "Ordinary Couple" (upper left).

Earns Standing Ovation

As weeks of rehearsals finally came to an end, the curtain of the MHS auditorium rose and Rodger's and Hammerstein's "The Sound of Music" came to life. The drama and music departments brought the Trapp family and their amusing, heartening adventures to full life before the audience. Sue Moran highlighted the play by portraying the character of Maria, a postulant at Nonnberg Abbey who brought gaiety and meaning into the Trapp family.

Although at first unnoticed by Captain von Trapp, Maria soon won the hearts of the Trapp children, played by Cheryl Seavy, Terrie Cochran, Julie Hilliard, Diane Seavy, Jennifer Seavy, Lee Armstrong, and Tom Daniels, by bringing fun into their lives through such melodies as "The Lonely Goatherd" (left). The children soon joined in, singing "Do Re Mi" (lower right).

The nuns of Nonnberg Abbey presented various musical numbers, following Maria from the time she arrived at the convent until she finally left and entered a new life by marrying Captain von Trapp, as played by Tony Brannon (below).

Junior Actors Produce "Father Knows Best"

Teenagers often give their parents a few headaches. Bruce Watson talks to the policeman, Ed Levins, about his teenage daughter as Marilyn Tessier, Judy Kuhr, and Lee Capelle look on (above right). Behind the scenes is a lot of hurrying. Emy Lou Alderdice is being made-up by Jim Bagley (right).

Cindy Powell and Marilyn Tessier, (kneeling), and Judy Kuhr, Leroy Anacleio, George Jones, Brian Peters, Chris Key, Bruce Watson, Charlotte Moore, Ann Schaut, Sandy Chamberlin, Gail Keezer, Brenda Bennett, Emy Lou Alderdice, Peggy Moore, Ed Levins, and Lee Capelle (above) complete the cast. Leroy Anacleio chases Lee Capelle with a wrench while Bruce Watson, Ed Levins, and Charlotte Moore look stunned by the action (left).

Musicians Increase Knowledge At Clinic

Outstanding musicians and vocalists were chosen for the annual State Music Clinic held in January in Jacksonville.

Cheryl Seavy, Tom Roberts, Susan Moore, Tom French, Mary Dobbe, Ted French, Nancy Bullock, and Tony Brannon (above) were the eight delegates that attended the Vocal Clinic this year.

The band students studied, rehearsed, and presented a concert. Rita Beach, Tom Waddington, and Linda Younker (left) were the band Clinic delegates.

Seventeen instruments and two voices combine to form the Raisin' 'Canes, the Manatee High dance band. Directed by Mr. Robert Greatwood, organizer of the band, the Raisin' 'Canes play for many civic and school events.

Members, who are chosen by audition, are led by Bob Levenson, manager and treasurer; Doug Wallace, secretary; and Tom Quarmby, custodian. Practice for the band is held every Monday, Wednesday, and Friday morning before school.

Walker Musicians Members Of Orchestra

Orchestra members relax during a break in rehearsal.

Popular Broadway and movie scores are favorites in the repertoire of the Manatee High School Orchestra. In the production of "Sound of Music", the orchestra shared its talents with the entire school.

Director and manager of the orchestra is Mr. Charles Quarmby. The highest position and honor that a student may hold is Concert Master. Linda Freeman, as first chair violin, is Concert Mistress for the year.

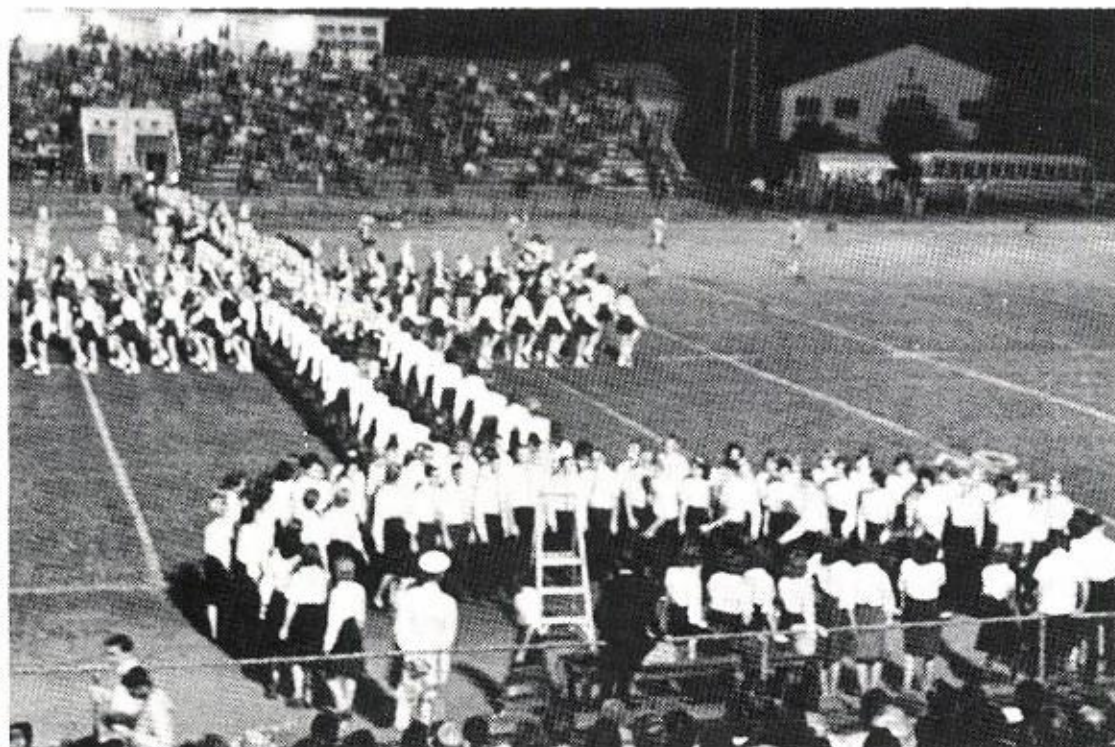

The orchestra is composed of forty-five students. Because of the shortage of Manatee students who play the violin, Manatee and Walker violin sections have been combined.

Members of the Orchestra are first violins, Linda Freeman, Anne Knowles, Laverne Snipes, Maxine Shearer, Nancy Chlebina, Betty Turpen, Cindy Alderdice, Deborah Bull, Karen Cantine; second violins, Jan Criswell, Christine Masiello, Ronald Dickerson, Vicki Frame, Sue Hensley, Nancy Humphries, Toni Stathis, Chris Keston; violas, Rosemary Ridgill, Lynette Rickey; cellos, Joanne Heerema, Myrtle Stevens, Marcia Kretsinger; string basses, Lloyd Mims, Larry Metcalf, Laurie McReynolds; flutes, Shari

The Manatee Sugar Canes received high praise this season for such performances as their moving "Battle Hymn of the Republic" show and their light rendition of "Alley Cat." This versatile group of girls, instructed by Miss Mildred Emmelhainz, worked long hours to bring the best of shows to the Manatee football fans.

The girls' season began before the first football game. Both new and old Sugar Canes practiced during the summer on their dance, flag drill, and "Ain't She Sweet", their opening show. Then during sixth period and Thursday practices, under the watchful eye of "Miss E", they perfected their shows.

The Girls' Athletic Association was organized with the purpose of encouraging physical fitness among the girls who are not in physical education classes, as well as providing extra competition for those who are.

Main activities this year were four sports days. These were planned to encourage friendly competition between schools in such sports as basketball, volleyball, gymnastics, and softball.

Possibly the most appreciated project of the GAA was the sale of doughnuts before school in the cafeteria. Late-risers and cereal-haters found this especially inviting.

The Girls' Athletic Association also participated in a camping trip with Southeast and Palmetto High.

Miss Mildred Emmelhainz's Sugar 'Canes make up the largest single group in the "M" Club. The Drill Team performed during the half-time of varsity football games.

Cheerleaders and varsity athletes are also eligible for membership in the "M" Club, which is the largest organization at Manatee.

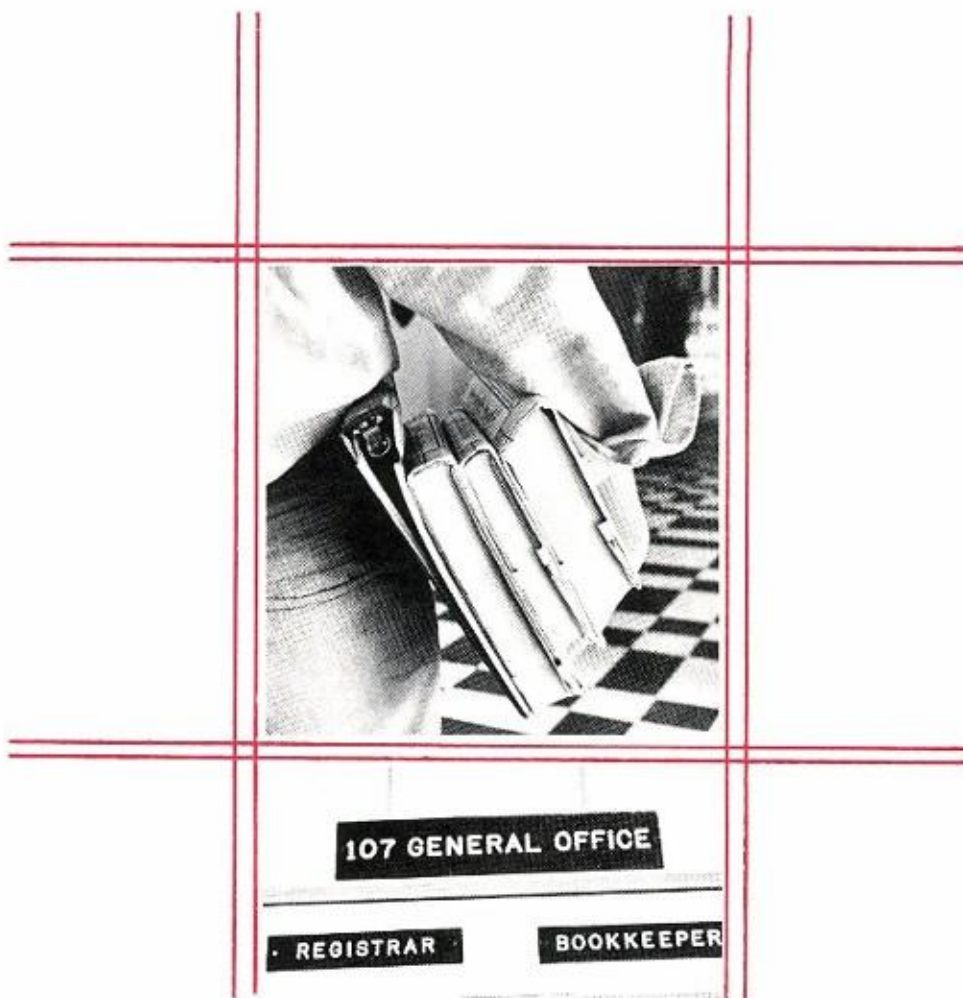

The purpose of the "M" Club is to bring together those students who have lettered in athletics and hold a common interest in sports.

Sponsored by Mr. Robert Milby, junior varsity football and basketball coach, the "M" Club held dances after the Ocala and Robinson football games.

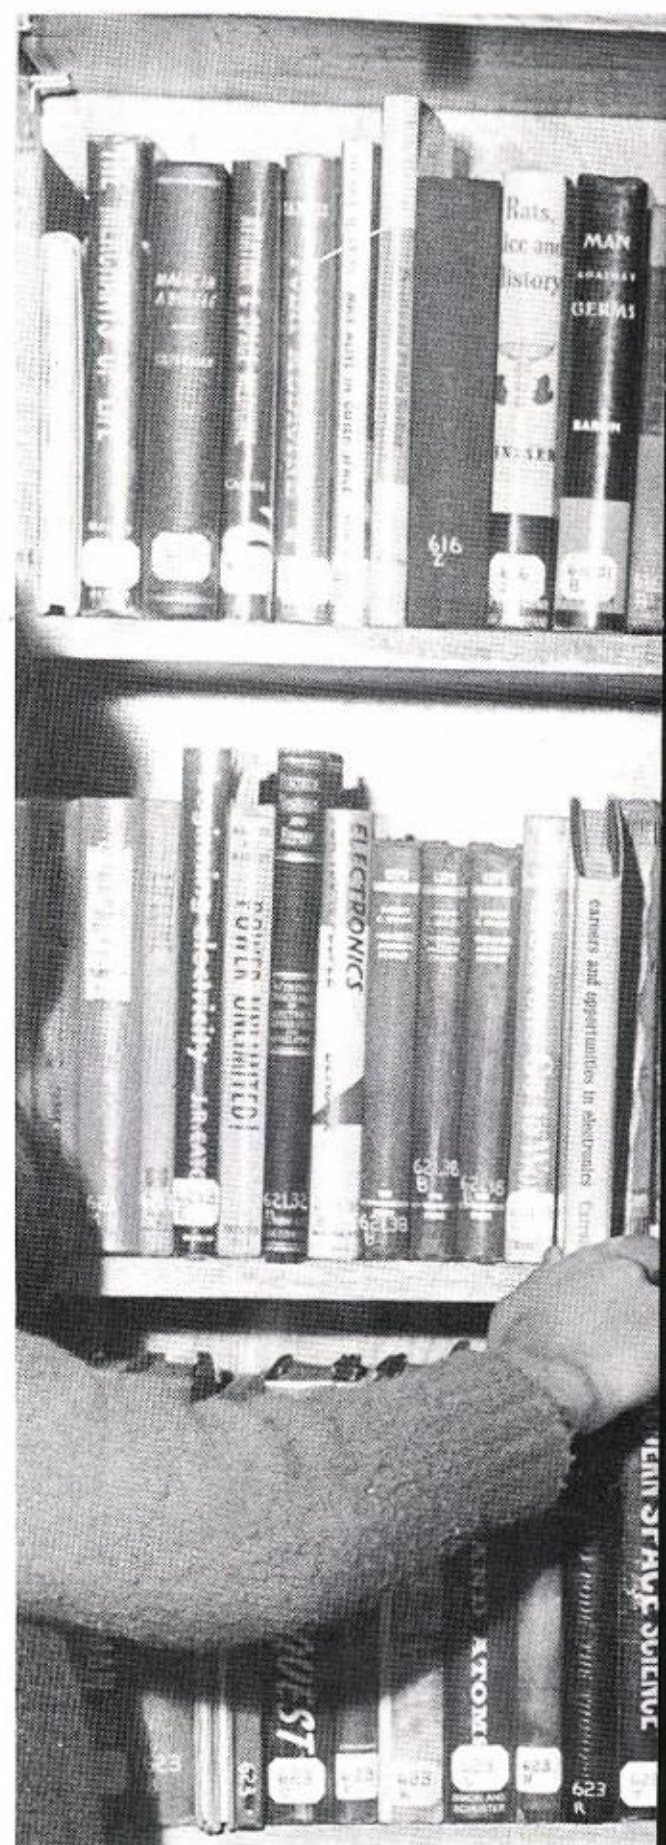

Members of the "M" Club sold Manatee decals and donated half of the profit toward awards.

Students, acquiring knowledge day by day, realize that the ability to learn is a blessing. Their minds must be guided through academic curiosity by the faculty and administration. The success of the high school student is largely due to the abilities and determination of the faculty and administration. They instill in their students a desire to delve further into their studies by encouraging the use of the library, laboratories, research materials, and the guidance facilities. By using these tools in his search for knowledge, the individual not only learns fundamental facts, but also learns to apply these essentials to further study and research. High schools today are designed to provide a basis for future study and experiences.

Academics

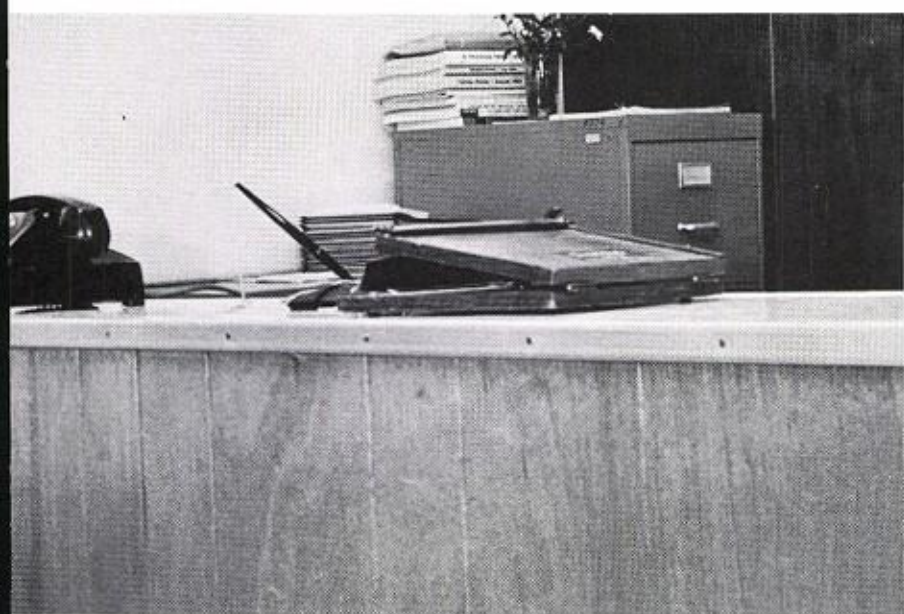

Wheeler Leeth Keeps Manatee Ahead

During his first full year at Manatee as principal, Wheeler B. Leeth has become as much a part of visions and memories as the white columns, the crowded halls, and our Alma Mater. To students being graduated and those still climbing the academic ladder, he will be remembered as the amiable supervisor of Manatee High, the guardian of discipline and conduct, and the voice lending encouragement during a year of productive learning and advancement. Mr. Leeth has continued to move Manatee forward and helped its students to move upward.

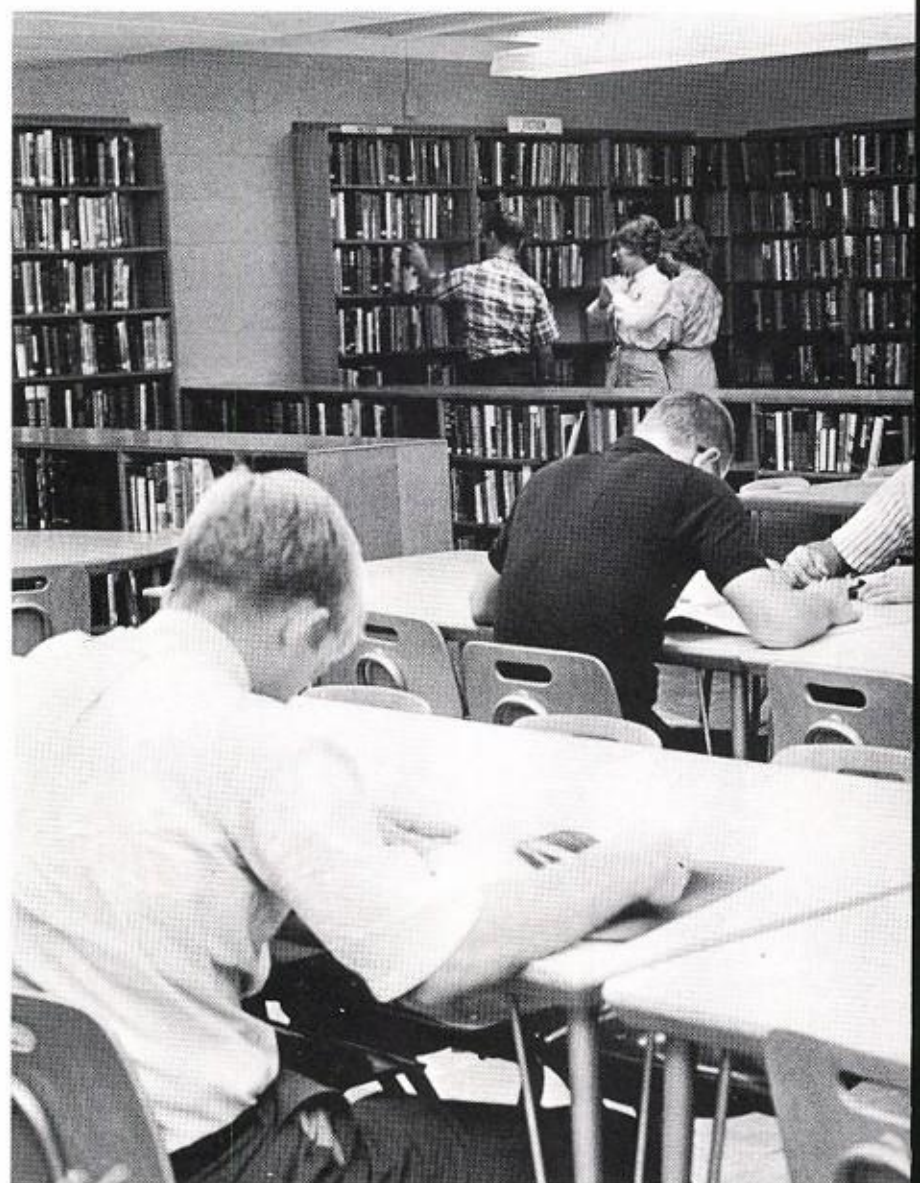

School Office Hums With Activity

More than just a room on the other side of the trophy case, or opposite the teacher's mailboxes, the office of Manatee is the hub of activity, which is smoothly, efficiently, and continually in motion. Mrs. Laura Meadows, bookkeeper, and Mrs. Betty Brumfiel, registrar, (above left) while performing their office duties, also continually answer the barrage of questions from the ever-inquiring students. Mrs. Elizabeth Cooper (above) diligently works as Mr. Leeth's secretary. Not only does she fill a busy day with this responsibility, but she also manages to aid both students and faculty. Susan Davis (left) and Jan Coomer (left center) have an opportunity to catch a inside glimpse of the activity as they work the switchboard.

Advice Comes From Many Sources

During the years at Manatee, one of the main sources for knowledge is the library. A library, however, does not run mechanically. Mrs. Thora Rowe and Miss Mary Jane Shamp (right) make sure the library is equipped with necessary books for the varied curriculum. Miss Shamp and her assistant are always willing to help students locate whatever material they need in their search for information. As an added responsibility, they instruct a number of students in the field of library science. Mary Jo Mills and Loa Morris (below), student librarians, work an hour each day learning the duties of librarians.

The number of problems which confront students as they move day by day in their educational careers is surprising. Ronald L. Johnston and Robert Eberley, (above left) guidance counselors, help students solve some of the difficulties dealing with curriculum and college.

Miss Joe Berta Bullock (above right) works as director of activities, coordinating club and school calendars to avoid duplications or conflicts. She also sponsors both student publications, the *Macohi* and the *'Cane Echo*.

Miss Mildred Emmelhainz and Wesley Choate, deans, (above) handle disciplinary proceedings, absences, and tardies. They are also called upon by the students for help with varied problems.

Through their English classes, students of Manatee are given the opportunity to broaden the scope of their intelligence by a better understanding of the written and spoken word. Ben Tillett, Mrs. Lois Key, and Eugene Mazzone (above) do more than just add to the student's foundation of English. They add to the desire for additional awareness of their language. Ronald Fortner, Mrs. Nettie Hult, Mrs. Helen Dial, and Edward Etheridge (center right) together with Mrs. Shirley Megahee, Mrs. Elizabeth Glayre, and Mrs. Jeanne Parrish (right) expand the pupils' comprehension of grammar, literature and composition. Rick Leonard (above left) hands out questionnaires for a Humanities research paper to Kitty Williams and Mary Beth Stallard.

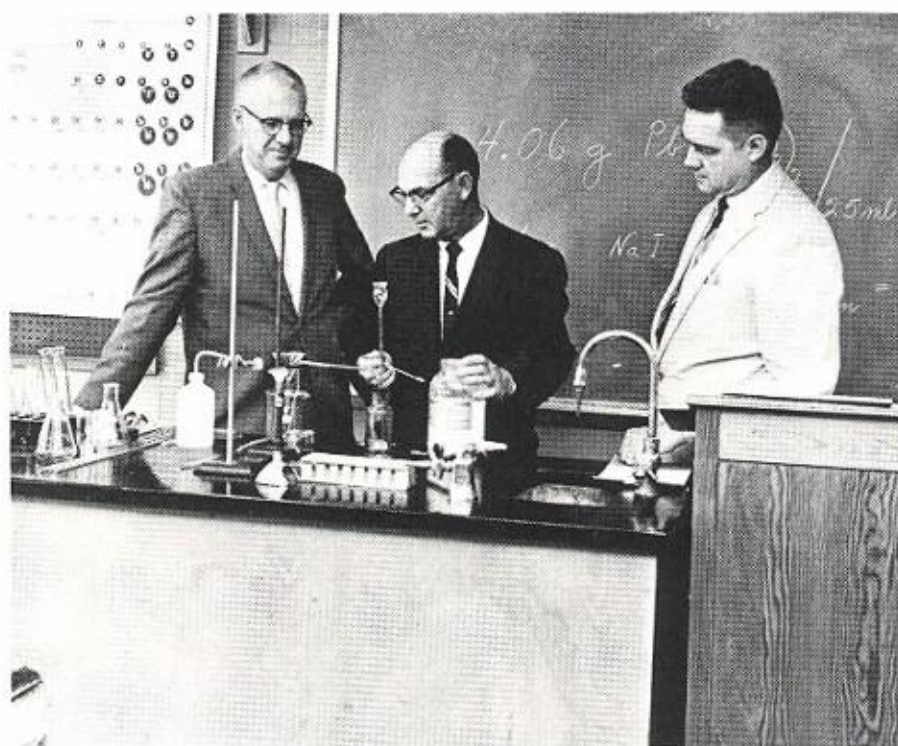

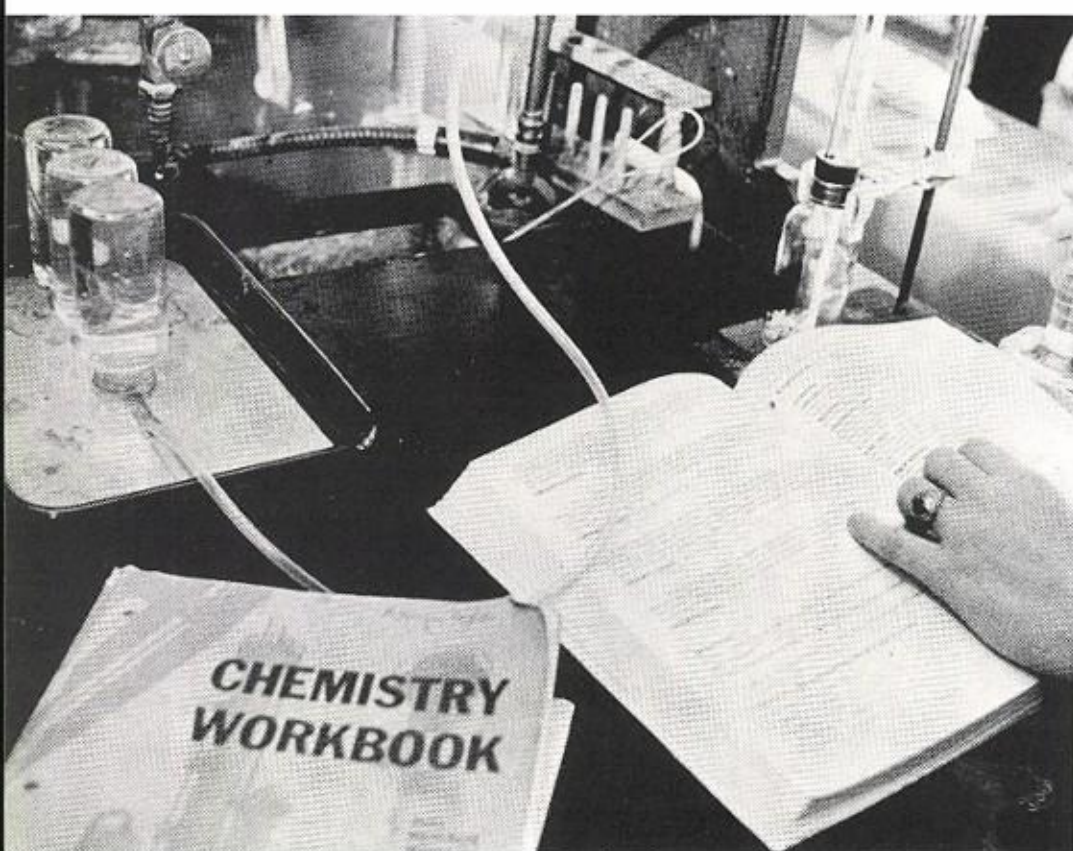

Classes Explore Methods Of Communication

The ability to communicate with people who speak a foreign tongue broadens the horizon for understanding. The language department of Manatee plays its part in extending this understanding. Mrs. Ruth Adams, and Harvey Gobin (above) develop a skill in their students for discerning the written and spoken word. Mrs. Zenaida Gonzalez, Mrs. Gladys Cannon and Mrs. Barbara Weltman (above center) make good use of the language lab to acquaint their students with the conversational approach to the study of a modern language. One of Mrs. Cannon's Spanish classes (top) uses a period in the lab to gain experience and fluency.

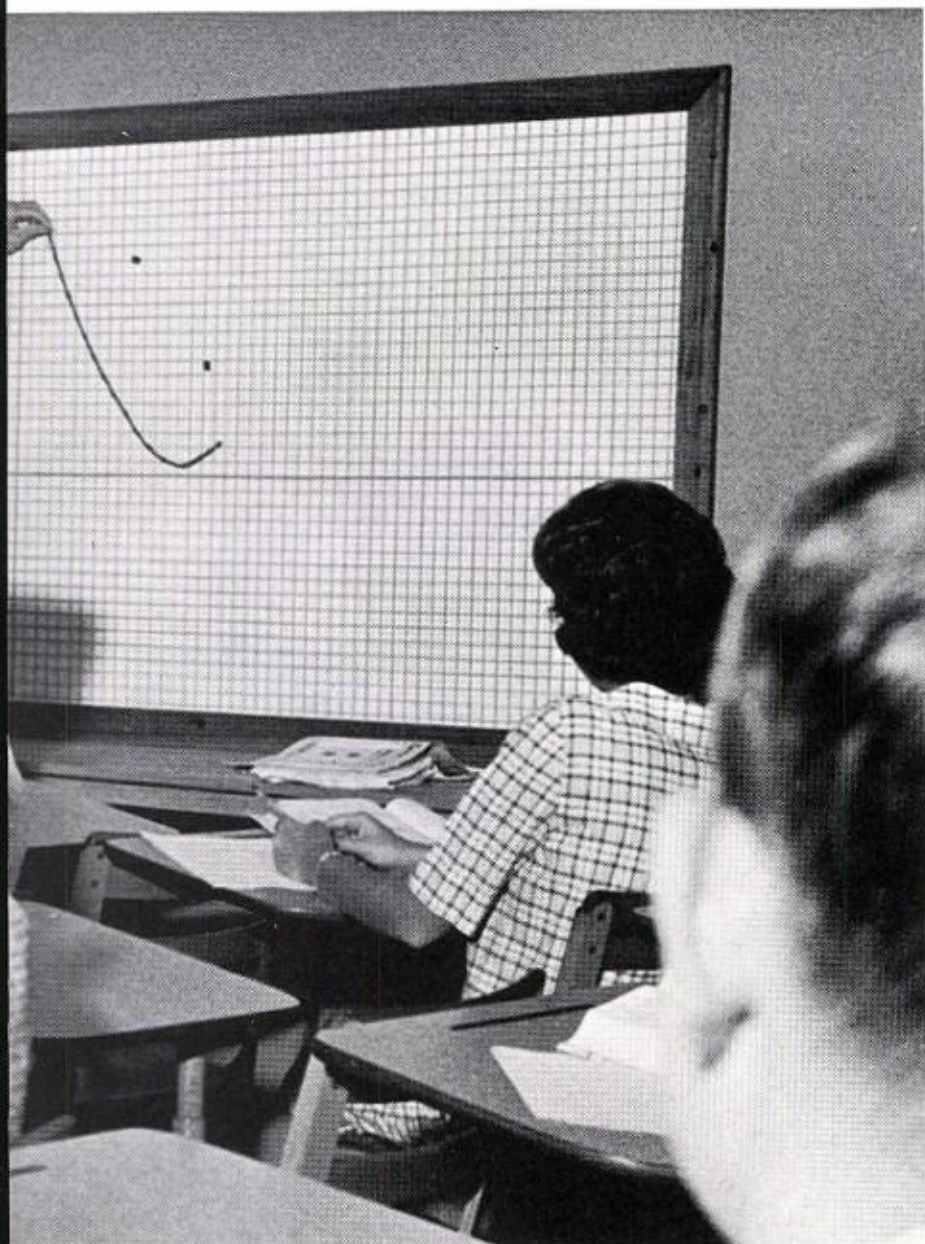

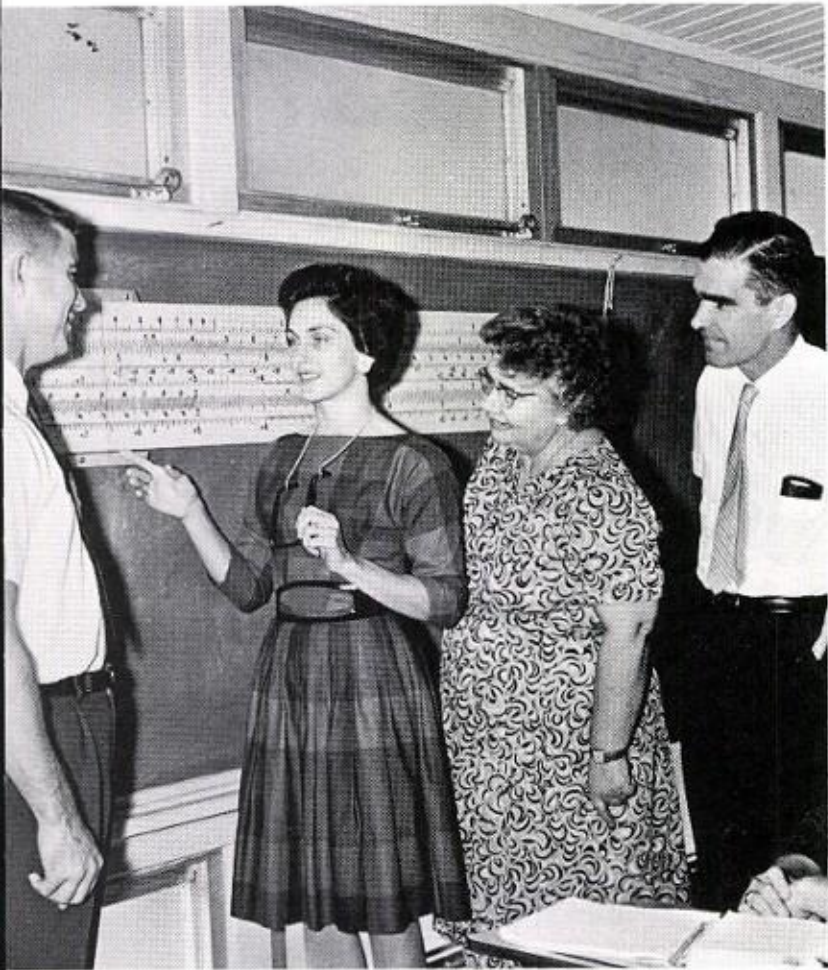

Classes Search For Answers In Science;

Test tubes, bunsen burners, formaldehyde, and fern leaves are just a few of the items students have become acquainted with during their scientific studies. William Murray, William Collins, and Mrs. Marjorie Rushlander (above right) share their knowledge of biology daily with their students in classrooms and laboratories. Herald Higgins, O. E. Berry, and Robert Allen (above) supervise projects, experiments, and research to allow students to grasp the basic procedures and elements of science.

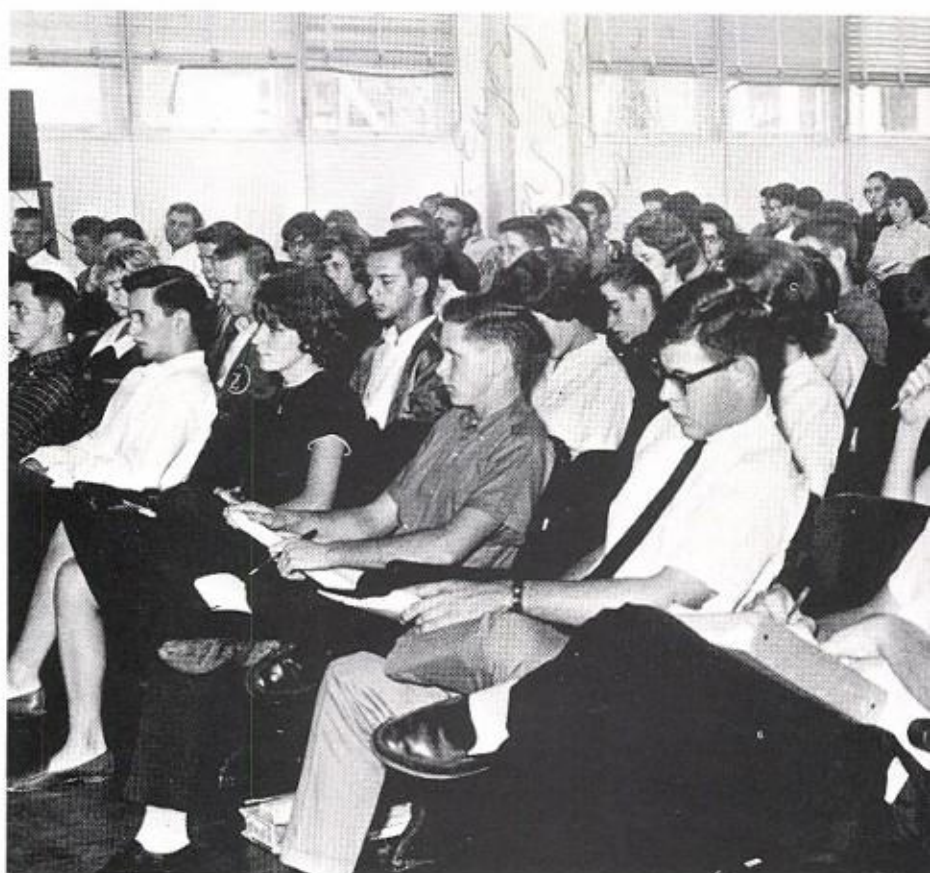

Math Gives Incentive For Thought

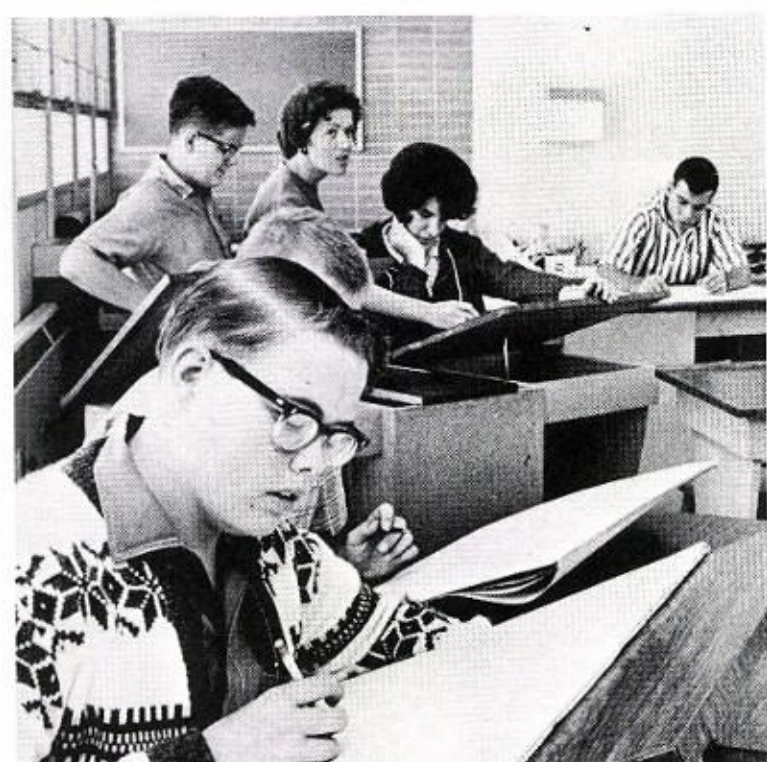

The how and why of figures is explained in detail in various areas by the mathematic department of Manatee. Calculations, figures, graphs, and equations are interpreted with clarity and interest for the benefit of the student's advancement by Mrs. Elizabeth Klein and Robert Williams (above). William Frank, Mrs. Marlene Woodson, Mrs. Nell Moser, and Jack Edwards (above left) instill in their students a desire for comprehension, together with a functioning knowledge of mathematics.

Social Studies Add To Understanding

As members of the social studies department, Patrick Mullins and Donald Schork (right center) bring to their students vivid insight on past events as well as present happenings. Charles Woodson and Mrs. Martha Combs (below) talk over current events in order to give their classes a more comprehensive outlook on world affairs. Raymond Ewers, Franklin Kittle, Miss Michael Mayers, and Robert Crawford (below right) evaluate films for various classes.

Faculty Spurs Creativity

The sounds of the music department of Manatee can be heard around the campus at various times. Robert Greatwood, James Forssell, and Charles Quarmby (above), music instructors, give added enthusiasm as well as ability to their student groups. Mrs. Jean Crawford, art teacher, Miss Naomi Vaught and Miss Mary Lu Corban (above center), home economics teachers, discuss the proportionment and style of a floral centerpiece. Both departments encourage the use of beauty, balance, and utility. Alan Siver, Tom Thibodeau, Mrs. Crawford, Cynthia Cole, and Don Hall (left) give time to art work.

Business Department Prepares For Future

Walter Bucklin, Miss Lois Barr, and Miss Marion Canright (below) present to their students a useful and practical perspective of the business world. Mrs. Myra Choate, Miss Joy Vinson, and Mrs. Juanita Manley (right) share with the people they teach valuable skills and knowledge, which when applied in active business, will insure a favorable future.

Teachers Offer Physical Training

Hugh Thimlar, Mrs. Ann Caldwell, Miss Mable Clark, and William Yates (above) strive to improve physical fitness and mental attitudes toward fair play in physical education classes. Raymond Hause, Henry Hewitt, and William Morrison (left) exercise their skills to advance the knowledge of their pupils in the vocational areas of wood working, agriculture, and drafting. Robert Milby and Robert Stewart (above center) combine their responsibilities of coaching with instruction of driver education. Arthur Schumaker, Casey Schenk, Coach Stewart, and Derelle Smith (above right) find out why the car runs.

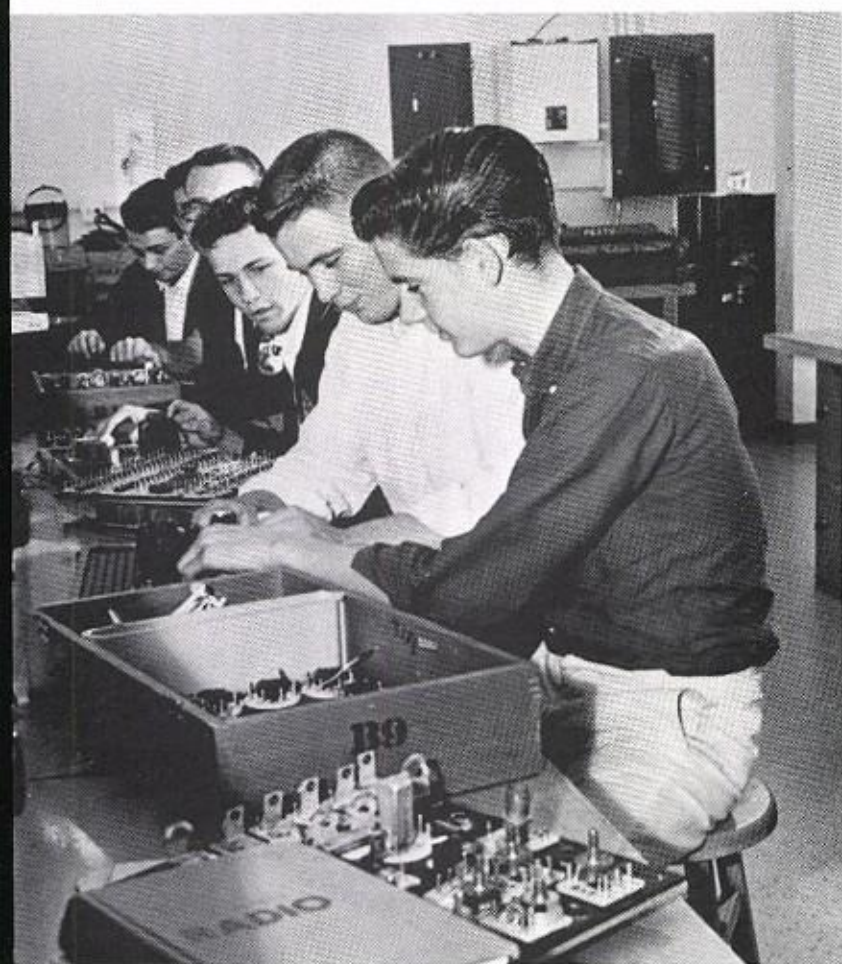

The Manatee Vocational and Technical Center offers training in many fields. The students who attend Manatee Tech receive on-the-job training in cosmetology, auto mechanics, sheet metal, radio electronics, air conditioning, and small motors. After the students complete a two year course, some will find a job while others will continue their education.

Manatee Tech (right center) is the modern school that these students attend. Ken Murray and Jack Burrige in auto mechanics (above) learn how to repair cars. Sandy Hall, Cheryl Elliott, Joyce Neff, Mary Gulash, Burma Giltner and Sandy Bell (right) receive the opportunity to learn beauty care.

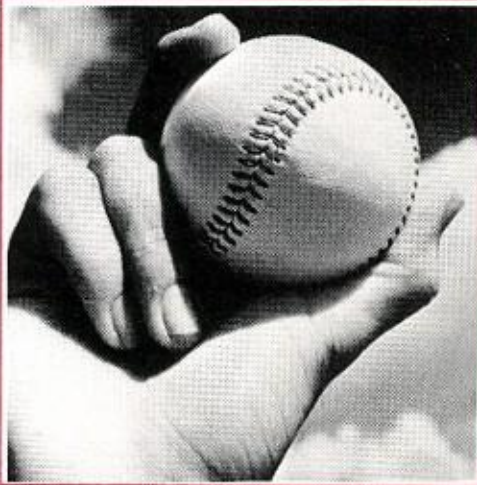

Radio electronics and small motors keep the boys busy at Manatee Tech. Bobby Nelson, Bobby Sinkler, Jim Keller, and Richard Connick (below) work with electronic kits. Joe Hampton and Charles Hampton (below left) check an out-board motor.

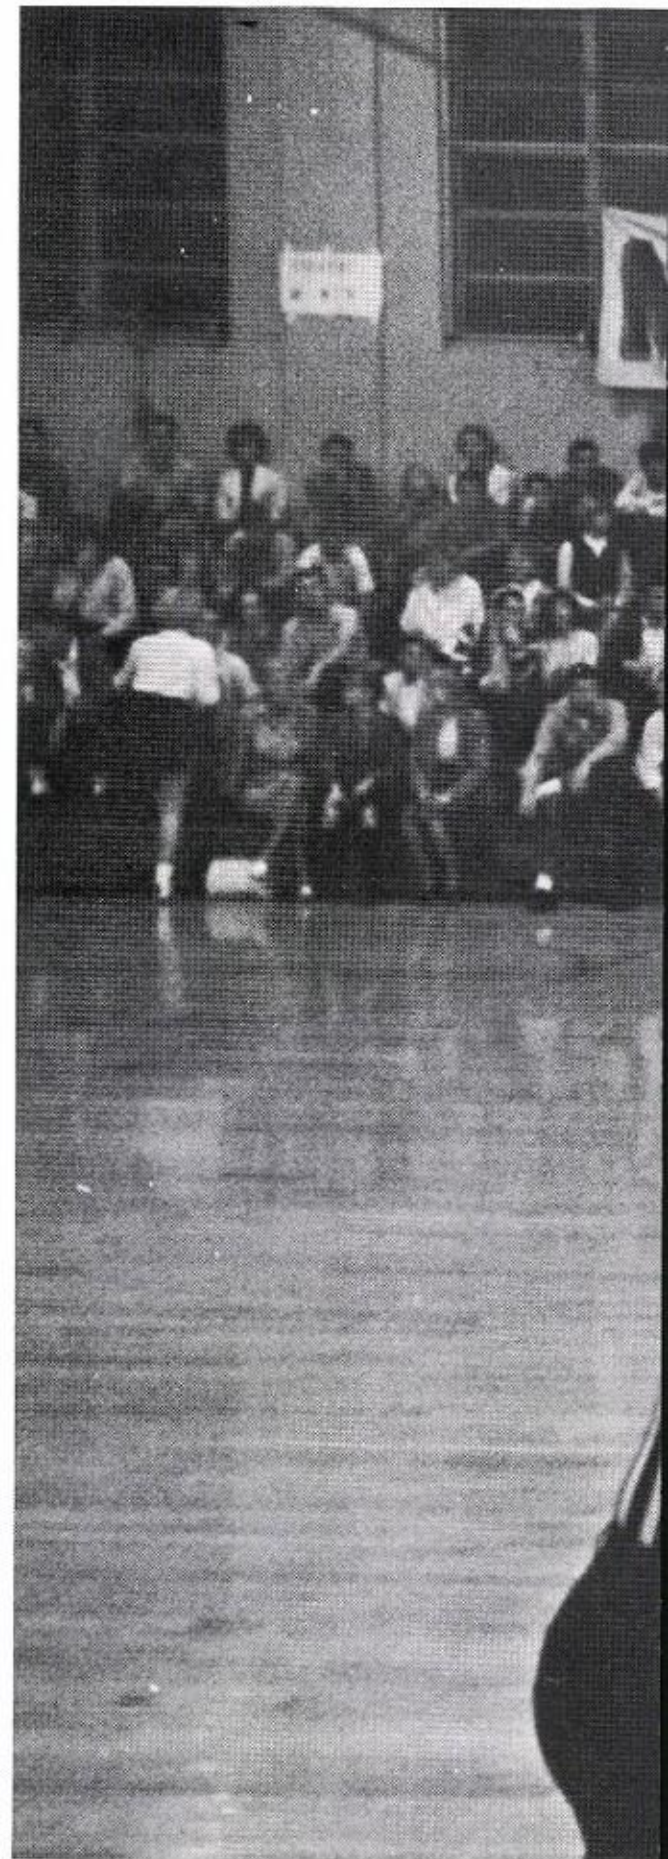

Useful Training Gained At Manatee Tech

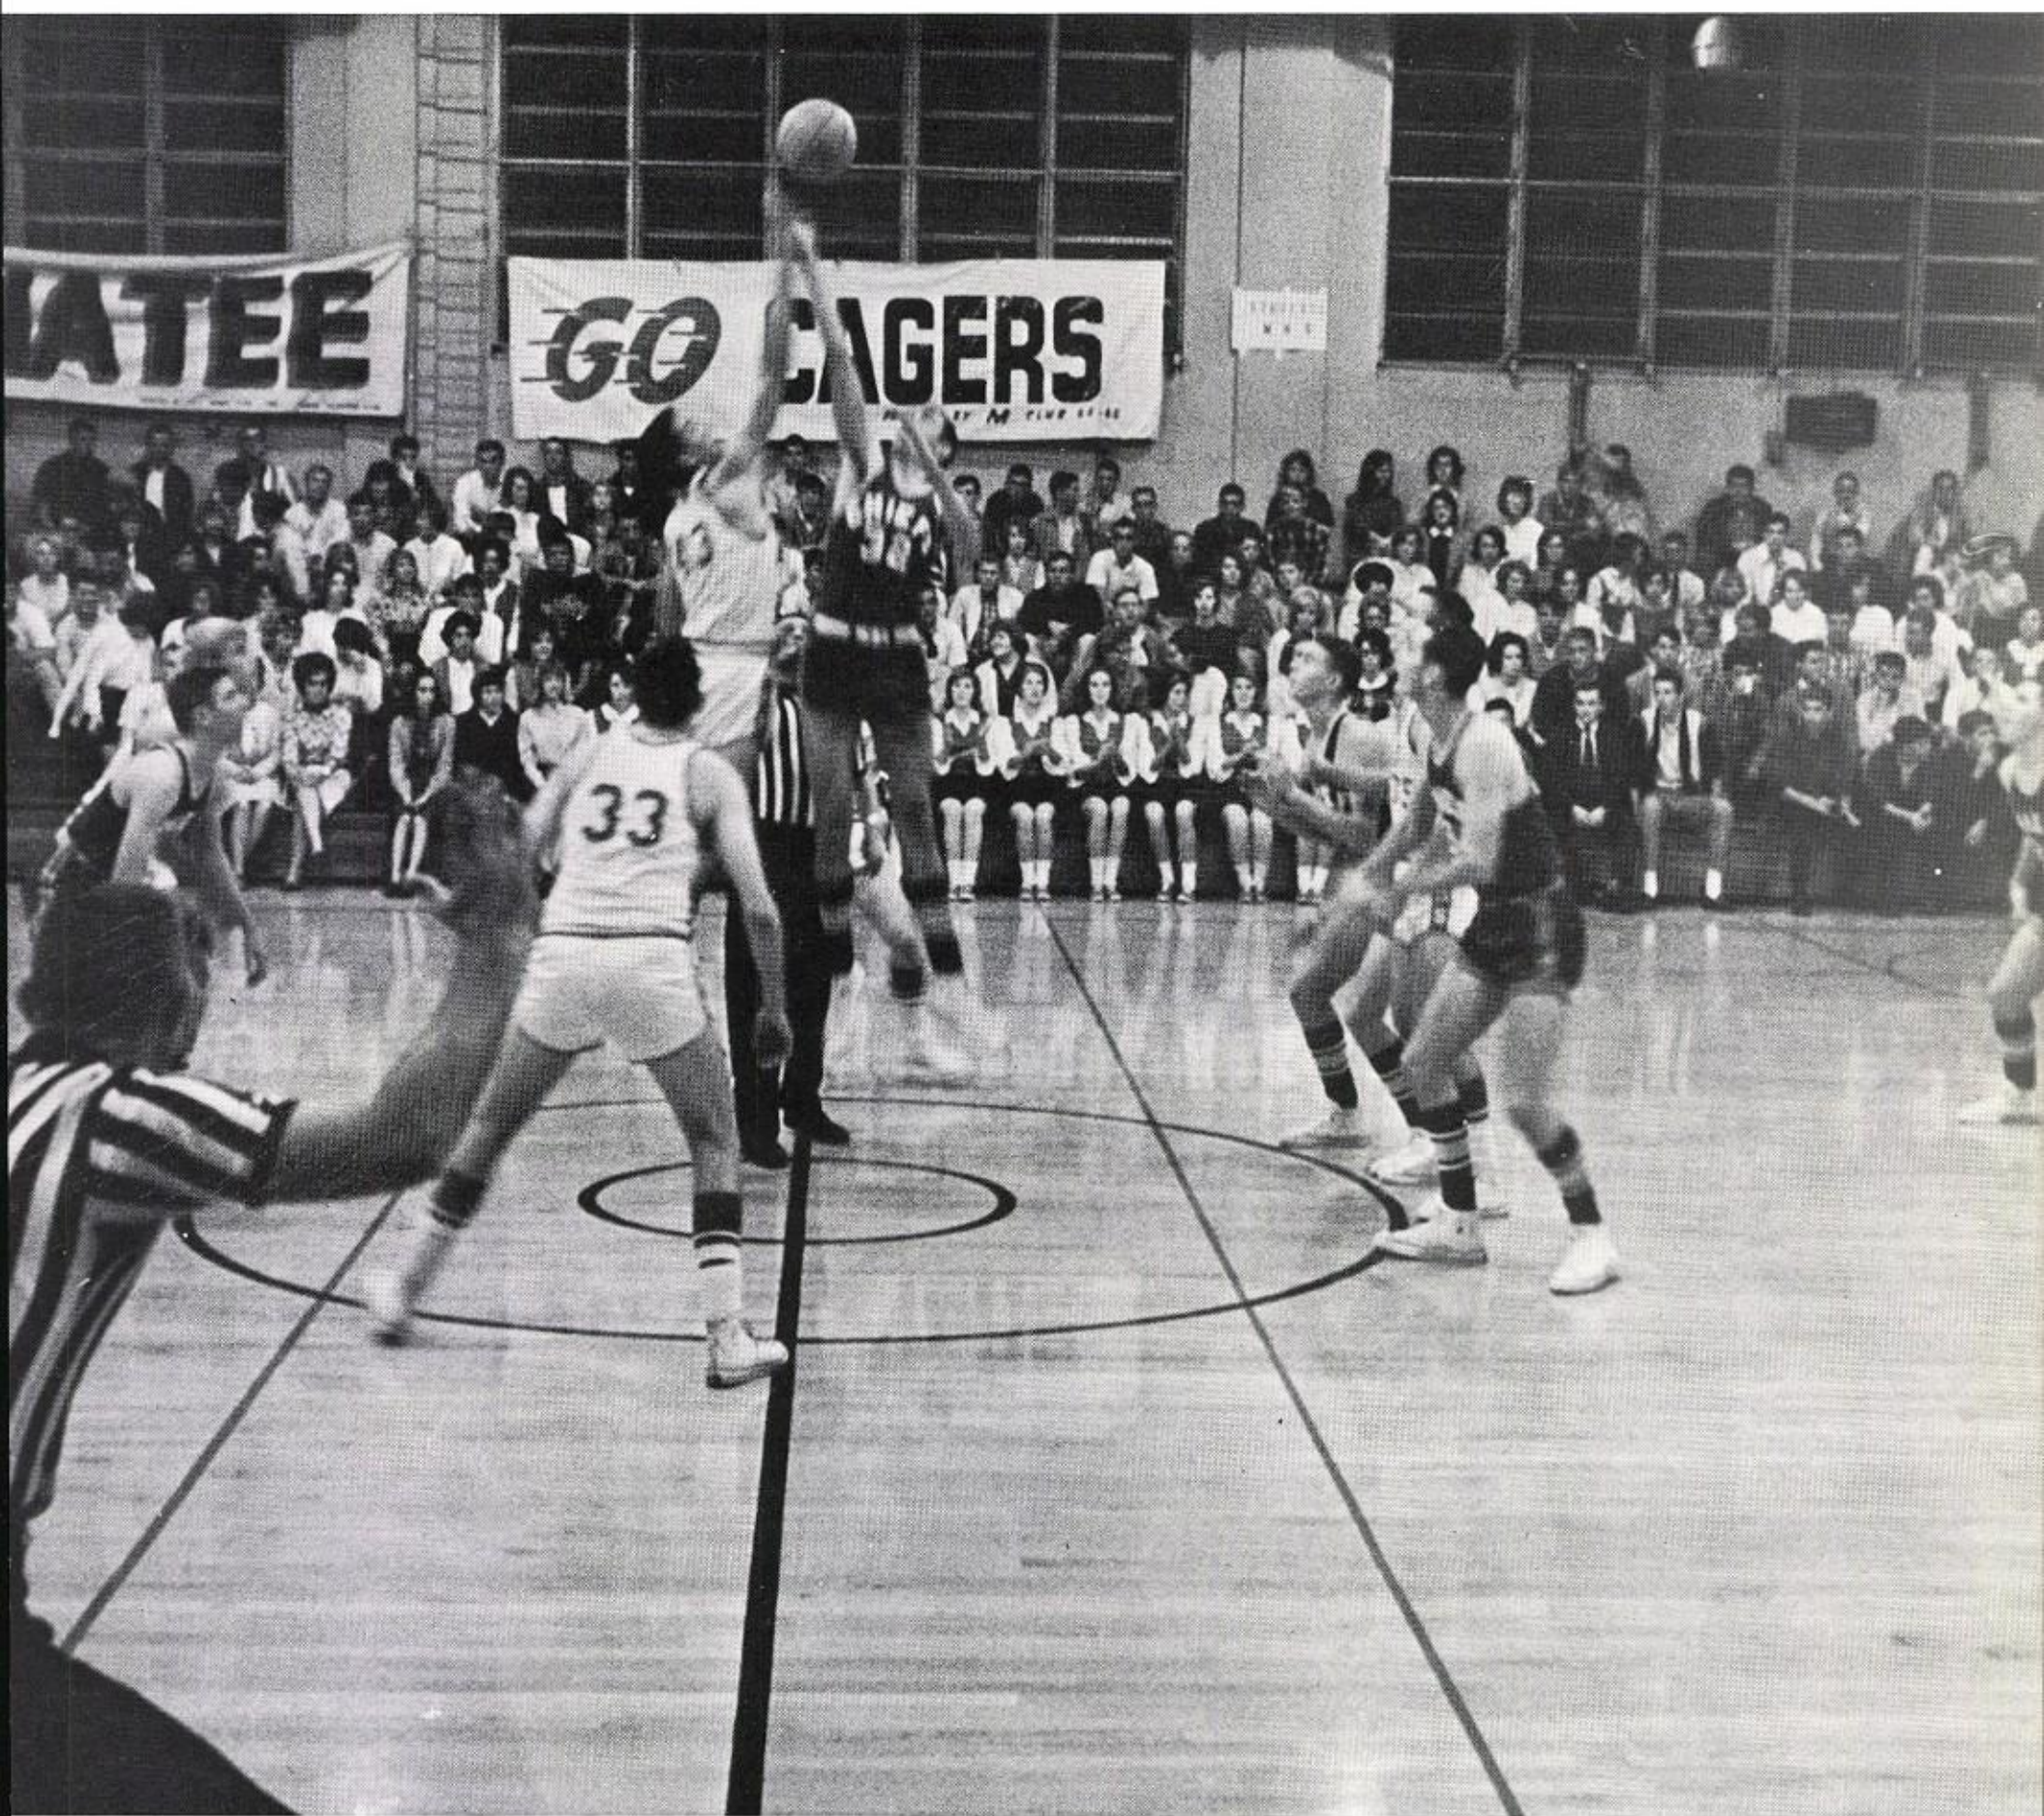

Not only does the athletic department of Manatee High School accent competitive games, but it also stresses the development of character and sportsmanship through physical education classes. Physical fitness is a preferred quality of any American.

The athlete has a desire to excel individually, but by learning to sacrifice personal goals for the good of the team, students develop their minds and bodies. In the end they will realize that to have won is not as important as to have played the game well.

Injuries Plague Manatee Varsity

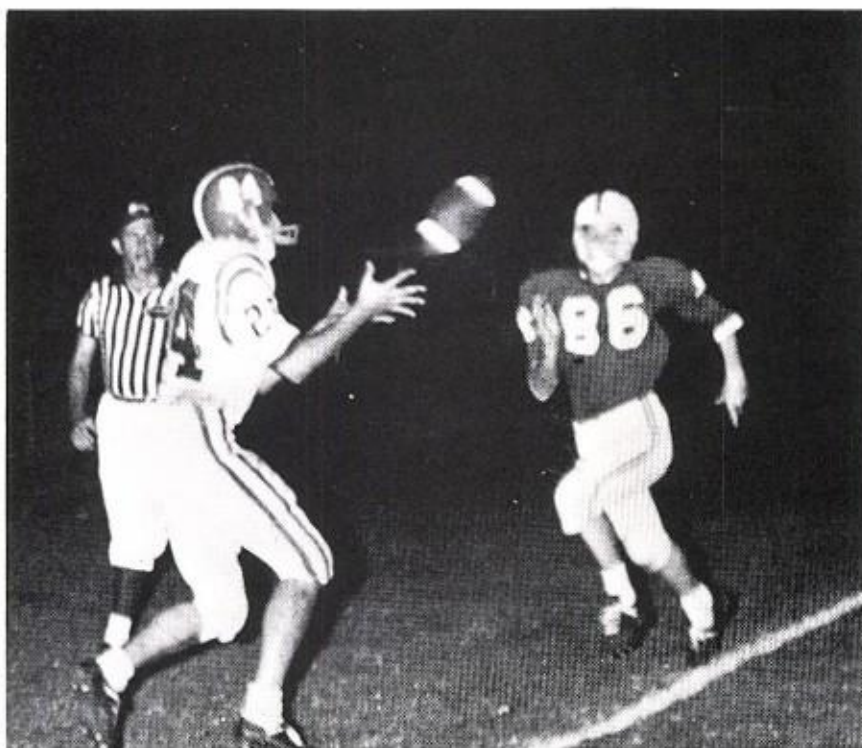

With the Hurricanes rated by the pre-season polls as one of the top contenders for the Western Conference crown, and with the return of 21 lettermen, it seemed as though the team and its coaches would have a very successful season.

Some 95 boys out for football, when school started, strengthened the fact that the fans and polls could very well be right. Unfortunately, an unprecedented number of injuries prevented the predictions from becoming facts.

The Hurricanes opened their season with an impressive victory over Sarasota. The tide changed rather quickly when the 'Canes lost the next six games, scoring only 19 points in those contests. The Varsity defeated non-conference Ocala, and then lost the last two games of the season including the Homecoming game.

The Tommy Paul Award, which is given to the Most Valuable Player of the Homecoming game, was given to guard Wayne Dimond. This brought to a climax his three years as a football player for the Hurricane Varsity team.

Hurricanes Have Long, Hard Season

Senior halfback Mike Mallonee races for another Hurricane touchdown, despite the efforts made by a Sarasota tackler.

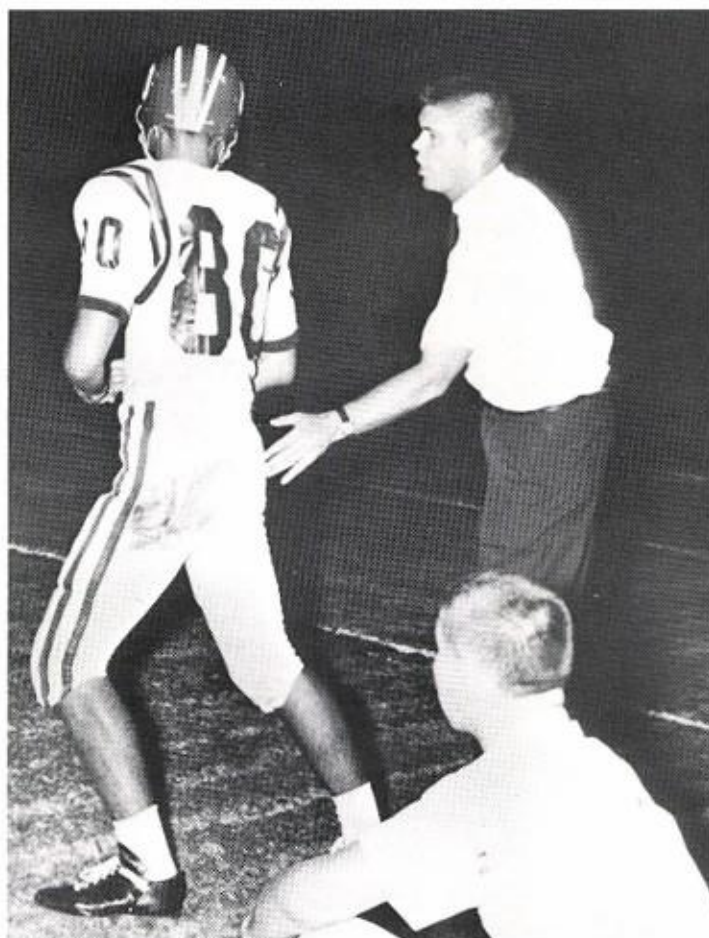

It was a trying season for Head Coach Bob Stewart and Coaches Bill Yates, Chad Choate, Bob Milby, and Charles Woodson, and one that they will not soon forget, despite good performances by individual players.

The 100% Award is given to the boys who, in the opinion of the coaches, played the best game. Recipients of this award were Brian Andresen, Joe Spivey, Van O'Quinn, Bill Griggs, Wayne Dimond, Mike Mallonee, Rick Hunt, and Chuck Brown.

Although they did not receive the 100% Award, the effort given by such players as Kip Ledbetter, Tom and Don Coarsey, Barry Fredrickson, and Elliott Perny helped support the Hurricanes.

School Spirit High, Football Scores Low

It was a season of few touchdowns as the Hurricanes scored 86 points, while their opponents scored 242 in play against them. The opening game against Sarasota at Hawkins Stadium started slowly for the Hurricanes. At the end of the first half, the score was 13 to 7 in favor of the Sailors. It was very evident when play resumed that the 'Canes had reached hurricane force as they sank the Sailors in an exciting second half, 33 to 13.

In their next six Western Conference gridiron battles, the 'Canes were defeated. Scoring only 13 points to Robinson's 47, and in one of the most exciting games of the season, Manatee lost to Plant 13 to 6. The Hurricanes failed to score in the next four games.

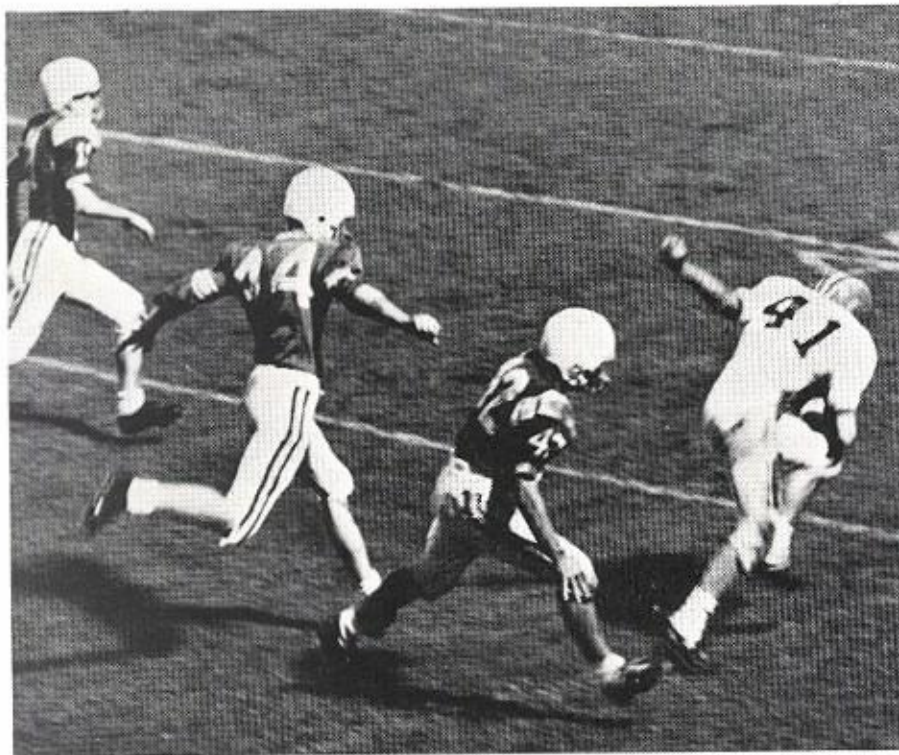

Manatee then faced the Ocala Wildcats. The Wildcats left Hawkins Stadium tamed by a score of 21 to 7.

In the last two conference games, the 'Canes were defeated by Jefferson and Lakeland. The Jefferson game was exciting and heartbreaking as they downed the Hurricanes 14 to 13. Lakeland's 22 to 0 win over Manatee brought an end to a long, hard season for the Hurricanes.

Two Wins Climax Junior Varsity Season

Robert O'Donnell is brought down as he returns a punt.

It was a disappointing season for the Manatee Junior Varsity Football team and its coaches, William Murray and Hugh Thimlar. Both the team and coaches put in endless hours of hard work in preparation for the gridiron battles of the season.

The Junior Varsity traveled to Sarasota to open its '64 season. The Sailors sent the Jayvees home scoreless, while they tallied 26 points.

After another week of hard practice the Jayvees headed for Ft. Myers looking for their first win. Ft. Myers scored 19 points to the Junior Varsity's 6.

Facing Chamberlain for their first home gridiron contest of the season, the Jayvees gave the fans something to cheer about as they downed Chamberlain 25 to 0.

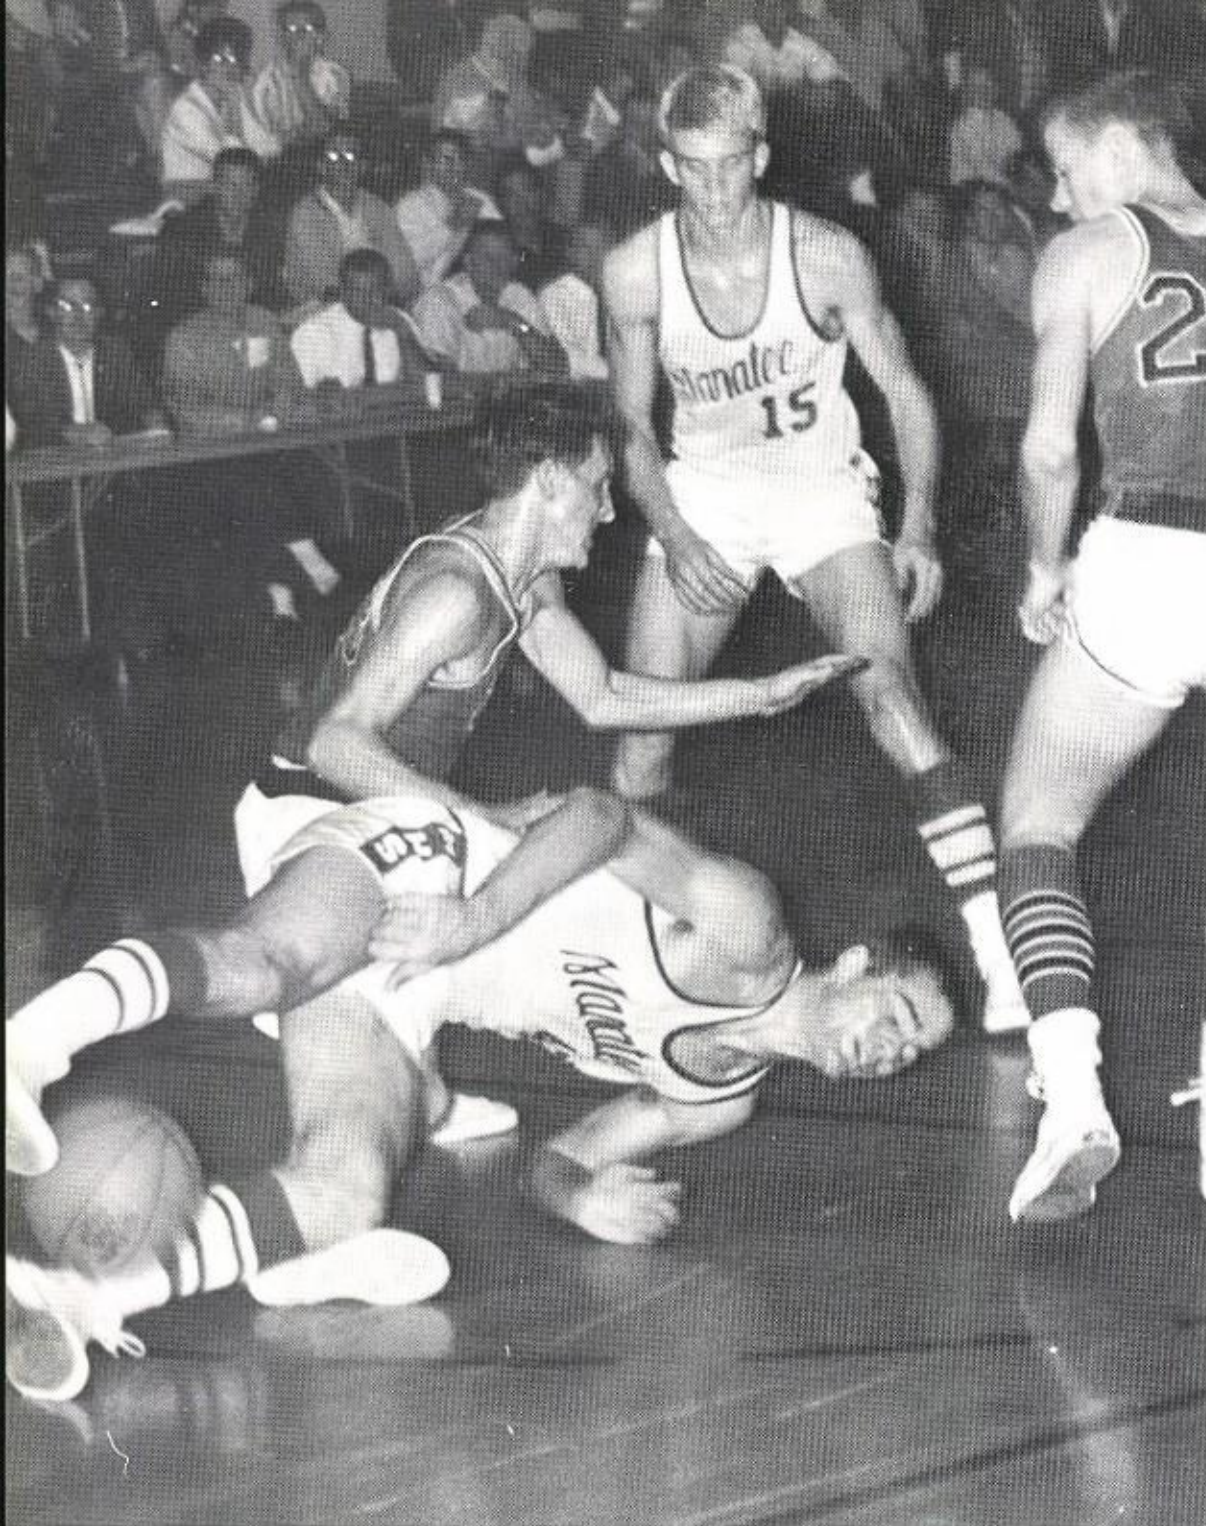

In the next two games the Jayvees were defeated by Lakeland 20 to 0, and then by Winter Haven 43 to 0. The Junior Varsity closed its season with a 7 to 13 win over Jesuit.

Rick Carlson (43) adds two more points to his record breaking total.

With two returning lettermen, Rick Carlson and John Criswell, and a group of Boys' Club standouts, Coach Hugh Thimlar led his team to a winning season. The 'Canes won 17 and lost 11, finishing fourth in the Western Conference.

Rick Carlson ended the season with a 25.8 conference average to beat All-American Andy Owens and to set a new school record of 725 points scored in one season. Carlson also made the All-Conference team along with John Criswell and Andy Torgeson.

Cheerleaders Support 'Canes With Pep

It's up with red, white, and blue as loyal fans in the bleachers cheer for the Hurricanes.

Under the direction of Miss Mable Clark, the Yellin' Belles have become a very effective cheering group. The Cheerleaders put in as many hours as the football or basketball team in order to become the well organized group that they are.

The Cheerleaders lead many activities during the year, such as the pep-rallies, the snake dance at the annual homecoming bonfire, and the Mr. Football contest, which was won by Van O'Quinn.

Manatee County is recognized all over the country as having outstanding physical education programs, such as that at Manatee High School.

Good instructors and well equipped P.E. classes provide a limitless variety of sports for all students. An excellent intramural program allows students to participate in large groups or as individuals. All students are taught the rules, fundamentals, and skills of various sports so they may enjoy them more and conduct themselves with better sportsmanship.

For those students who cannot participate in athletics, courses in first aid and health are provided.

This year's team is smaller than usual, but potential ability poses a threat to any of the Thinclid's rivals. Under the coaching of Mr. Bill Yates (running coach) and Mr. Chad Choate (field coach) and with countless hours of rigorous practice, the Canes defeated Southeast in the first meet of the season, winning all but four events. Possible standouts and record breakers in this year's team include Danny Snow in the broad jump, Bill Robertson in the pole vault, Christopher Woodland in the mile, John Espy in shot-put, and Cole Fleming in the half-mile.

Chris and Dale Woodland move quickly around the track supplying their one-two punch for the mile run.

Girls Win District, Vie For State Title

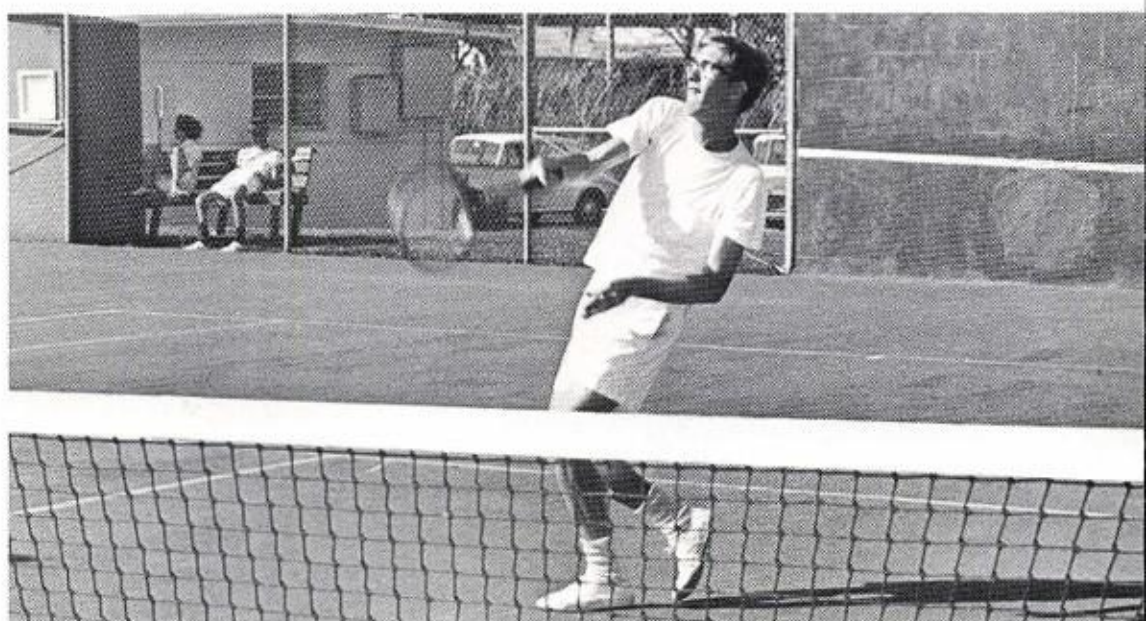

The tennis team this year has strived for success through practice and determination. The schedule included two matches with Riverview, Sarasota, Lakeland, and Lake Wales and single matches with Venice and Boca Ciega which we won. The top five boys and girls represent Manatee in singles competition. Pete Klear, Ron Robinson, Fred Hayo, Matt McCarthy, and Rick Robinson constitute the top five spots and Toni Kramer, Margaret Kane, Linda VanderKodde, Mary Jane Noll, and Jean Daughaday make up the top five girls. These rankings are subject to change by defeating a player in a challenge match.

Toni Kramer, girls' number one player, and Margaret Kane, number two on the girls' team, practice daily to strengthen their team-work needed in doubles competition.

Ron Robinson, boys' number two player, demonstrates correct form in returning an overhead.

First Row: Mary Alice Parard, Sandra McClure, Sharon Kennedy, Rita Parard, Mary Jane Noll, Jean Daughaday, Margaret Kane, Linda VanderKodde, Caroline Randle, Susan Pope, Carol Butler, Cindy Powell. Second

Row: Jerry Noll, Ron Robinson, Mark McCarthy, Don Flowers, Wick Kirby, Doyle Coker, Matt McCarthy, Fred Hayo, Rick Robinson, Kirk Sowers, and Pete Klear.

Golf Team Wins District Tournament

Only four members may participate in the golf matches. That is why almost every afternoon Coach Stewart's golf team may be seen at the country club trying to improve their game of golf.

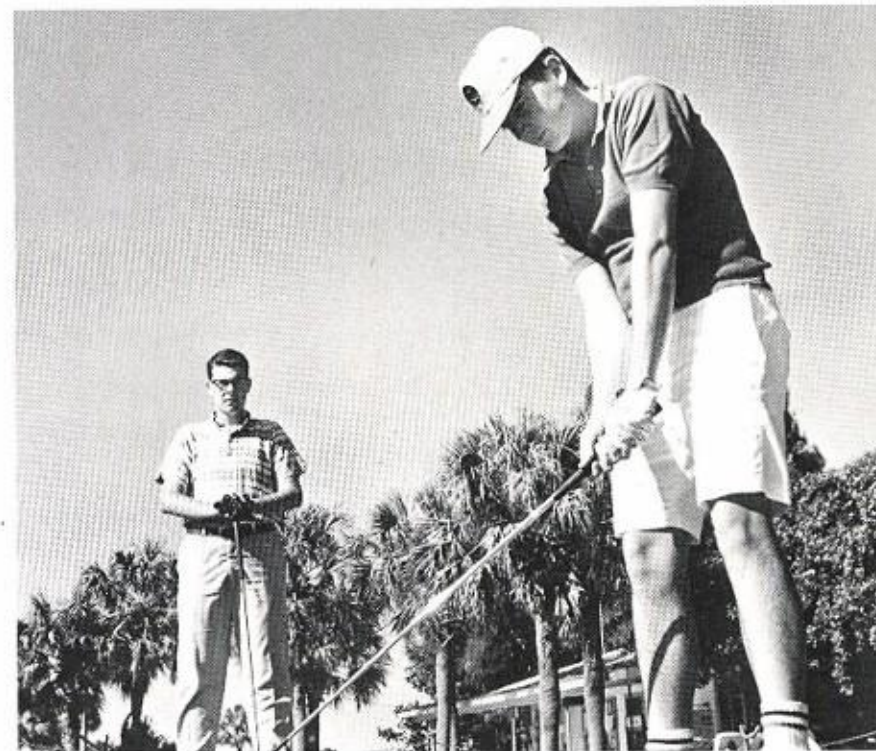

This year the golf team has already beaten Lakeland, has defeated Palmetto three times, and has lost once to Sarasota by a score of 164 to 161.

Gary Austin tries to encourage his putt as Jim Brush holds the pole.

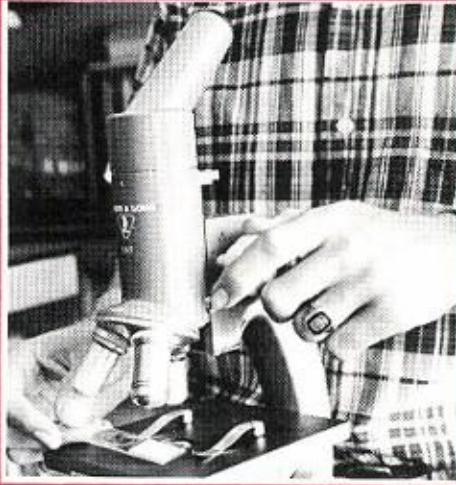

John Purvis blasts the ball out of a sand trap while Dan Williams watches.

Roy Garrison waits to tee-off as George Eisentrout prepares to send the ball down the fairway.

The members of this years golf team are Roy Garrison, Gary Austin, Jim Brush, George Eisentrout, Dan Williams, and John Purvis.

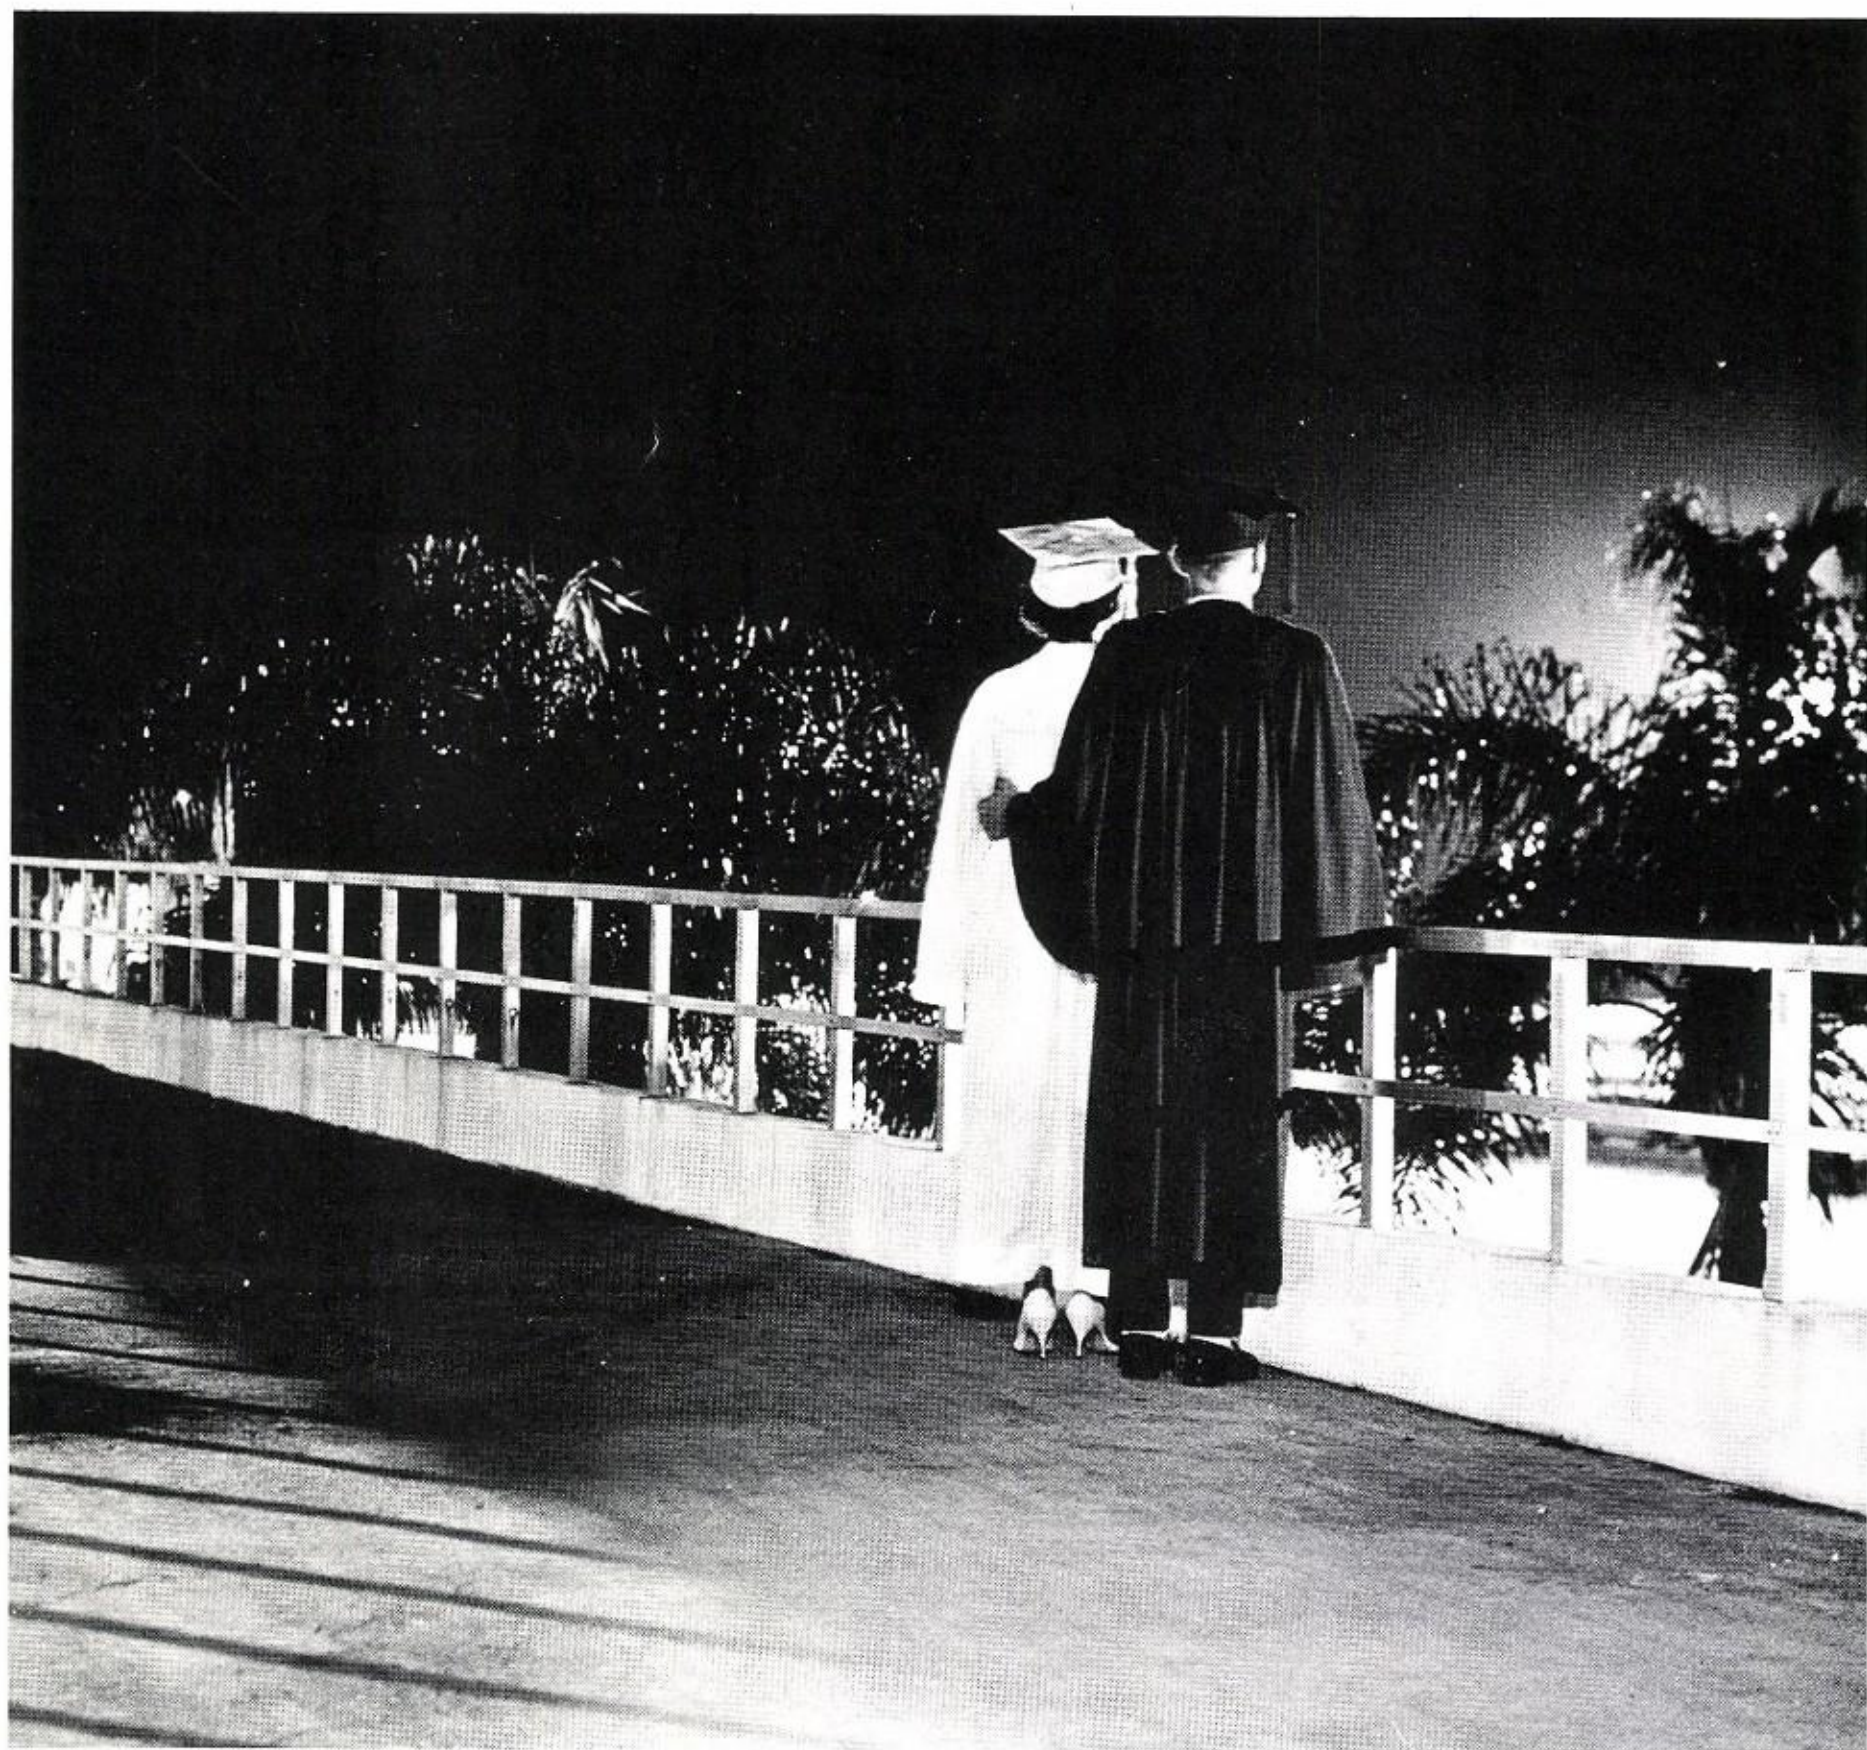

In order to have a harmonious school, the classes must easily blend well. Sophomores have curiosity, youth, and energy; juniors possess a stability that comes from adjusting to high school life; seniors have maturity, an awareness of the problems facing the world, and the customary haughtiness. Each group has different characteristics, but so do the classes in any society. When all blend together, each person's life is enriched and his knowledge is increased.

Classes

Seniors are upon the last rung of a ladder that has taken them twelve years to ascend. They remember the years that have prepared them to take on senior status . . . the junior high years during which they tried vainly to comprehend the complexities of the adult world . . . their sophomore year when they could not imagine how quickly two years could pass . . . satisfaction during their junior year in knowing that they were more than sophomores but yet realizing that they had to recognize the prestige of the seniors. Suddenly they are seniors at last . . . big proud seniors, remembering . . . senior placement tests, Senior Recognition Day, college board tests, ordering of announcements and cards, Junior-Senior, the class picnic, and finally, graduation. Truly, this is a year that they will cherish for the rest of their lives.

Many of the expressions of Manatee High can be found in the faces of students in the senior course, Problems of American Democracy.

Juniors begin a new school year at Manatee with a secure feeling. They now know what to expect of the school and what is expected of them. Eleventh graders look forward to the traditional class projects, the magazine drive, and the presentation of a memorable Junior-Senior Reception. This will be an important year because of the studying of American History, the taking of preliminary college board and merit scholarship tests, and the ordering of class rings. When the last day of school ends and summer vacation arrives, the juniors realize that in only a short time they will be the respected upperclassmen.

Taking a big step, the sophomores enter the spacious front doors of Manatee, the first of many new experiences. The confusing opening weeks of school subside as the tenth graders become accustomed to schedules and traditions at Manatee High. Taking part in school activities, meeting new people, seeking recognition from both teachers and upperclassmen, and striving for a place on the academic ladder, the sophomores' days are filled with continuous activity. As the year ends, sophomores will be able to say, "this was good."

In the ordinary competition of the business world, the younger generation has found its place. Merchants recognize young people for what they are, controllers of a great amount of money. Realizing the value of money they have earned, students at Manatee learn to shop wisely. By carefully considering each purchase, the students are able to acquire the full value of each dollar. Whether the money is spent for food, clothing, or entertainment, its use is carefully considered before spending. One way to measure the purchasing power is to examine the advertisements.

Manatee Shoppers

Young adults quickly learn the art of wise shopping and Jane Root (below) is no exception. She knows that BEALL'S carries a wide selection of attractive hats at reasonable prices. Style and appearance are so important when choosing new clothes. Tom French and Matthew McCarthy (right) admire a sweater from TALLANT-GROFF. Shopping with reasonable prices in mind, Suzanne Chester (below right) examines skirts at J. C. PENNEY CO.

For the stylish, JARVIS SHOPPE is up-to-date in young fashions. Carol Bell (above left) finds that JARVIS SHOPPE can satisfy her clothing needs. Rocky Von Hahmann and George Tomberlin (above) may or may not be contemplating a yacht cruise to the Bahamas . . . but whether they go or stay, DAY'S can fit them with styles suited to every occasion. Another favorite place for today's young men to shop is JACK SMITH'S. Larry Frank and Scott Merritt (left) discuss the purchase of a new coat.

Students Take Time To Prepare For

Practiced in the art of having fun, students know that to make the most of precious out-of-school hours takes planning. Martha Ready (right) finds at TOUCHTON'S just the right scent to complement her mood and her dress for that certain date.

Cheryl Elliott (below left) thinks about prom night as she considers one of the lovely evening dresses from BELK-LINDSEY. A special occasion calls for a special dress and BELK'S

has whatever style Cheryl would want. Food is a most important part of any party. Emy Lou Alderdice and David Fagan (below right) can depend on getting the finest snacks at PUBLIX, "Where Shopping is a Pleasure".

Sandy Ballard and Rick Carlson (above) both agree that MONTGOMERY-ROBERTS has a wide selection of attractive clothing. Smart buyers are found at MONTGOMERY-ROBERTS. MORRIS COX has a wide selection of Chrysler Motor Products to choose from. Jana Smith and James Hager are ready to ride in comfort in a new Chrysler.

Susie Wright and Fred Hayo (right) relax after school and enjoy a soft drink from the soda fountain at KRESGE'S. Music is a favorite form of relaxation for Manatee students and McMULLEN'S music store is where many of them buy their equipment. Bob Levenson (below) watches Sally Shannon as she tries a few chords on a new organ. Even shopping for a young nephew is no problem for Mike Nicholas (lower right) when he shops at FLORIDA SPORTING CENTER. The store carries all types of sporting equipment and toys.

SANDERS AND SON

MILLER TRAILERS (above), as a large manufacturer, contributes much to the economy of Manatee County. These trailers are seen daily carrying products to all parts of the country.

One element that helps insure safe driving is good tires. With this Tom Quarmby (right) agrees as he inspects the fine tires from SANDERS AND SON.

Julie Hilliard and Mike English (left) believe that it is important to give their cars the best care possible. A. M. LEACH, Shell Oil Distributor, provides the products to keep cars in good running condition.

Candy Dodson and Margaret Drew (lower left) agree that old cars are fun but, as they wait for George Hoover to get them started again, they conclude that new cars from the BRADENTON AUTOMOBILE DEALERS ASSOCIATION are far more practical.

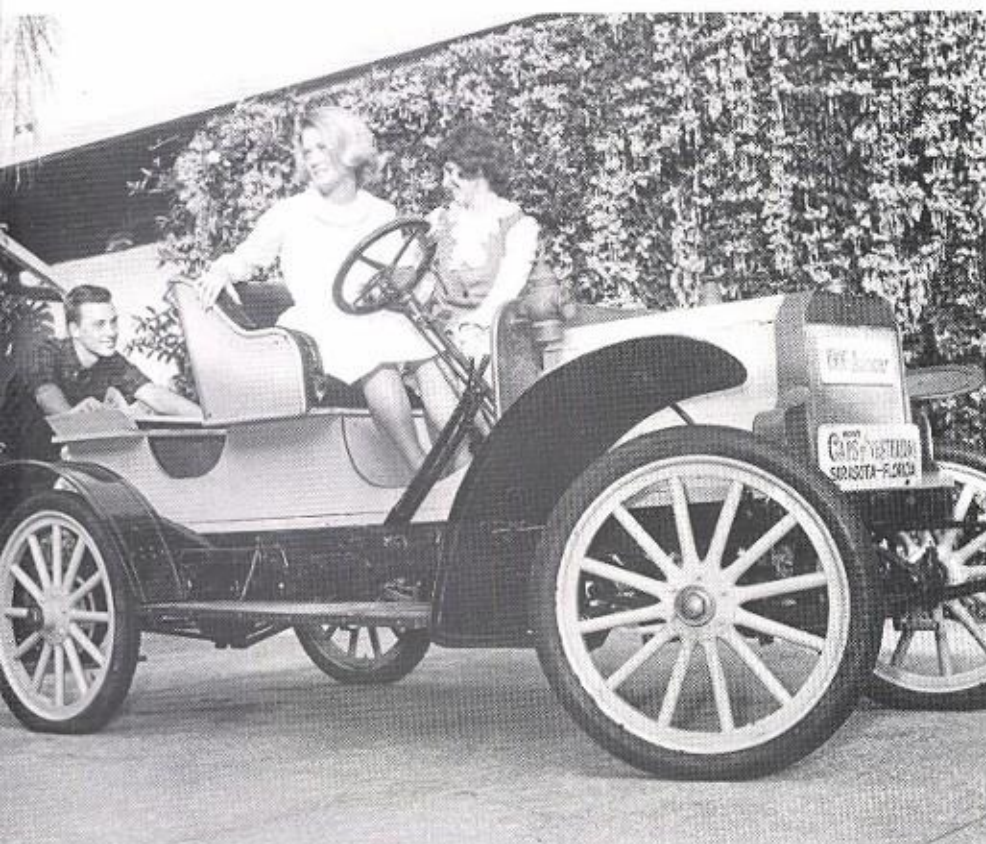

Buying a car requires careful consideration.

Sue Hjelm and Bob Cotterman (above right) consider real estate handled by WYMAN, GREEN AND BLALOCK.

This firm can also help them choose necessary insurance coverage.

Insurance is an important part of planning. Bobbi Lively (right) consults SHELTON INSURANCE AGENCY for the policies to cover her needs.

We salute you...GRADUATES of '65

Your Florida high school education has been exciting...filled with good times to remember, challenging academics and excellent facilities.

Your Florida college education can be just as exciting, and far more rewarding...especially in the rapidly growing, opportunity-filled Florida into which you will graduate.

An investment in knowledge pays the best dividends. Going to college "in-state" is extra easy and less costly...and Florida has more than 50 outstanding junior colleges and four-year universities conveniently situated.

Good luck...best wishes...and more power to you!

Dear Staff,

Many hours have been spent to produce this book. There have been times of weariness, discouragement, and disgust, but there have been times of fun. Though we took time out to laugh, mostly at ourselves, when the pressure was on, we worked hard and long to complete the assignment.

Even though you worked as hard and long as you did, the book could not have been published without the advice of Miss Bullock and Mr. Tillett, or without the quick service of Bill Stewart, especially as deadlines drew near. While we are remembering those that helped us, we mustn't forget that Bob Stewart photographed over 400 seniors, Don Hambrick, representative of Paragon Press, gave us a great deal of assistance, and the entire staff of Paragon Press was very tolerant and patient.

Sometimes people are not as appreciative as they should be, and I am no exception. I have failed to show my appreciation to all of you who worked so long and willingly. Rick, Ginna, Sue Reid, Cheryl, Sue Smethurst, Carolyn, and Chris, thank you for staying late and cooperating when you would much rather have been somewhere else. I especially want to thank Bonnie, Ken, Cathy, and Sue Geldert for accepting the responsibility for producing the largest section of the book; thank you, Marylyn, for spending so much extra time indexing. Mary Beth and Elinor, you are appreciated for your time spent correcting everyone's mistakes, and especially mine. Also, Karen, you are appreciated for keeping negatives in order while doing your other work.

In future years I hope that this book will help its readers enjoy memories of their days of school as much as I am already enjoying the memories of producing it. I hope the students are as proud of their 'CANE ECHO as I am of its staff.

I wonder, as the year draws to an end, if you have the same feelings as I do. There is a feeling of satisfaction and accomplishment, but there is a sad feeling that always comes when a good thing comes to an end. As the colors on the cover of this book blend into one, and the memories of the events of the year become somewhat hazy, I will still be able to vividly remember you, staff.

Sincerely,

Curtis Tutterrow

Editor

Leonda, how about this?
 for a good book?
 It may have been
 late, but it's great.
 I'll always remember the
 great classes this year.
 Good luck!

Leonda,
 Best of luck always. You
 a real great person. May God
 bless + keep you.
 Love ya.

Leonda, the
 well, I guess about
 end, almost. I just about
 live seen you lost six
 ever day for almost
 years. Luck ~~that would~~

Leonda, has really been
 a great year, I can + believe
 it's the end of school.
 Best of luck in the years
 to follow.
 See you at MJC.
 Good Luck
 Lee A.

Cuz,
 It must be nice to,
 be a graduate!
 Hoping the future is as
 good for all of us as the
 past has been. Good bless.
 Marty

Leonda,
do glad to
have worked on
the staff with you.
Hope all your dreams
come true.
Love always,
Kathy

Leonda,
Bless wishes
always! Wasn't
fun bookkeeping

Leonda,
It has really been
a fun year, I guess its
because we've been
It's really been fun
knowing you this year
in Office Practice.

Leonda,
It's really been great
working with ya in Chaate's
Office this last half of
the year. Always remember
all the fun we've had!
Best of luck always in
whatever you do.
Wonder how the best,
I know you'll get it.
Stay Sweet!
Stay Suffer ya!
